Hi Terry and Jeannette,

Hope all is well! I believe you received the same question from Tom Adams this morning as we did. We were thinking it might be helpful to coordinate a response. Have you started to draft a response? Do you want to touch base? Let us know.

Thanks!

Dear Mr. Bozzo,

I understand that Ms. Evans is on secondment to the Ministry of Energy. I wonder if you might help me with my inquiry.

I am trying to understand how the RPP revenue shortfall since May 1, 2017 is being managed. Perhaps you might direct me to some documentation addressing this issue, if such references are

available.

Thanks,

Tom Adams (416-834-7442)
