I haven't been working with any numbers other than what the ministry provided on April 4. We don't have any of our own data on OREC-eligible (ie, the 8% reduction) consumption.

Subject: RPP-eligible Demand

Hi Ceiran,

We've been trying to get a better understanding of the Ministry's estimate of demand that would be eligible for the Fair Hydro Plan. Tim suggested I reach out to you to see if the OEB can share any data. We need the data to determine how much money to borrow and to support our financial models when we go to the market for debt.

Happy to chat about the request further.
