There's help for low-income households. Get help. Start now.

Welcome to the Ontario Electricity Support Program (OESP). If you are a customer of an electricity utility and in a lower-income home, you may qualify for a reduction on your electricity bill. **Click here** to learn more about it. The OESP will reduce the cost of your household electricity by applying a monthly credit directly to your bill. The credit amount will depend on how many people live in your home and your combined household income.
