I'm sure that will be no problem from our end.

Good Morning:

We had to time shift the Minister's day Monday owing to the presentation of the fall economic statement in the Legislature.

So, I need to be at a meeting downtown with Thibeault at 11.30am; so probably should depart Hearst by 11.05/11.10am.

So, wondering if we can advance the start time of THIS meeting by a half-hour on Monday morning, please?

Many thanks, in advance.
