My apologies. I missed an edit from Sylvia pertaining to question 31.
 Both versions of the QA have been updated and reattached.

And here is the clean and dirty version of the Q&A.

Good luck everyone.

Good afternoon.

Attached is the pre-meeting overview for tomorrow's OEB community meeting for InnPower in Innisfil.

There will be an afternoon (1 to 3:30pm) and evening (6 to 8:30pm) meeting.

We have two consumers registered to make a presentation at the afternoon meeting, and one consumer, representing a local association, registered for the evening session. Two of the three presentations are attached to the pre-meeting summary (we will receive the third tomorrow).

Although we did not receive many questions about the Fair Hydro Plan at our meeting in Essex last week, we are expecting more tomorrow. The two attached presentations reference the

government's plan and how InnPower's rate application flies in the face of the government's intention to reduce the bill.

Please let me know if you have any questions.
