I agree with that as well...we probably don't want to overwhelm though...Not sure if there will be agendas....but maybe that's how we decide if all go..or which one for what..

I was also thinking Donna as the working group is largely made up of distributors she has worked with and her recent experience on billing and CIS implementations – which I expect will be the main areas of concern.

I don't have notes for that, but it might be a good one for Ted and Andres?
