The RPP Pilot deck has been sent to AT and DM. As a reminder that briefing is Tuesday morning.

Christine may change the start time of the OPG hearing on Wednesday so she can participate in the EDA presentation on LTEP and vision paper

EDA attendees are:

- Theresa,
- Chair: Vinay Sharma (London Hydro Inc.),
- Vice-Chair: Brian Wilkie (Niagara Peninsula Energy Inc.),
- Past Chair: Todd Wilcox, (North Bay Hydro Distribution Limited),

They have shared their deck. It is attached. I don't see anything alarming. The last 2 slides talk about regulatory streamlining.
