Importance: High

Hi Rose, here is the material for the all-staff meeting, which has also been reviewed by John, Neil and Viive.
Attached are:

- Your speaking notes (Word doc)
- Accompanying slide deck (PDF) – please note that the slides are intended as a visual aid to your notes.

It's best if you read them side by side, to understand the flow. However our hope is that you focus greater attention on the **speaking notes** – we want to capture your thoughts and comments on those, and we can determine separately how to reflect any edits to the deck. Note that the slides have been formatted on our new brand template.

Thanks so much. Have a great weekend.
