Hi Rose –

Attached is our latest version of the deck Kristi will use during her presentation in Leamington tomorrow evening. Martine, Kristi, Ted, Jane, Jamie, John have reviewed. Have also shared a copy with Neil.

Slides 6 and 7 are “dynamic” and need to be viewed in “slide show” mode so you can see how the shading in the bars reduce as Kristi speaks to the impact of the *Fair Hydro Act*. Ditto for slide 13 which flies in icons to demonstrate how consumers can get involved in OEB's rate review process.

We will be posting a similar version on our web (to accommodate the 'dynamic' slides).

Thank you.
