Martine is deciding if she will do the FHA to FHP edit but the rest, while annoying, weren't showstoppers by any stretch.

ie. they didn't like that we called it the GA modifier so it is now the GA credit. They wanted a sentence added about what would happen to rates after April 30, 2018. So we will add "at that time the OEB will reset RPP prices and the GA credit in a way that holds increases to the rate of inflation in accordance with the legislation". And some other minor changes.

They requested 5 or 6 edits to the NR. Most were inconsequential. The main edit was turning the a couple of the references to the Fair Hydro Act, 2017 out and replacing them with Fair Hydro Plan. And re-branding the GA modifier to GA credit.

We are going thru QRAM now.

I will head back to the office with the edits to pass along to PA.
