Rose the one thing I wanted to give you at our 1-1 is the latest version of the Annual Report copy from Martha. This reflects the discussion the three of us had a couple of weeks ago. If you could have a read through this version and get any comments back to us by the end of next week that would be great, and will keep us on schedule.

If it helps to have another meeting or call with Martha to get your feedback we can do that as well.

Thanks. John
