Ok. Brian has his call with the Ministry on remotes late this morning. He'll put together an email debrief later today.

Perfect. Thanks. I'll add exec comp to the list.
 I think I'll skip coming in today unless I'm needed in the office. Can be more productive here

Serge's 1 on 1 topics are:

- 1) Transportation Fuels Review
- 2) OEB Mandate Review
- 3) LTEP Directive

You had LTEP, EW Tie and OESP transfer to MCSS

I'm working to get the latest draft of the Fuels review from Ceiran.

Mandate review, you took the latest from Mary Anne on Tuesday, I've attached another copy to this email.

LTEP directive is attached to the AT email.

Again if you are only coming in tomorrow to pick this material up you have most of it by email now.
