Hi Rose,

Here it is. I drafted an outline simultaneously for all three of your upcoming speeches and even though the EDA one is coming up first, I did spend a little more time pulling together some bullet points for the OEN one - however, I'm assuming we'll be able to utilize some of the same information more than once, just worded so it doesn't sound completely duplicative. I know the EDA outline is a little thin but was hoping to get some further direction from you about what kind of 'northern twist' you'd like to give it.

Re – incorporating anything about the strat plan into the OEN one...I did send a note to Ceiran, cc'd to MAA on Thursday as per your suggestion about taking a peek potentially at the draft of what Aleck sent back but I haven't heard anything yet.

I'm in my office if you have any questions/concerns you'd like to discuss sooner, otherwise, I'll wait for your comments when we meet tomorrow.

Thanks,
 V

We only need one. It was just to go through the draft speaking outline but initially it was for Tuesday in case I didn't have it ready for today, but I do have something. Sarah kept the second meeting just in case. We can cancel Tuesday's meeting and any changes or feedback you give me today, I will incorporate and then we can discuss again. Thx.

We have time set aside both today and tomorrow. Are these separate meetings? Or 2 I've on one's.

My only item is status of CEO innovation forum and EDA etc speaking outline. Not sure we need 2 meetings
