MAA and I are in EPC right now so we have not reviewed in detail or discussed yet but given that you will be speaking with Aleck later today, thought I better forward now.

Viive:

The outline for the OEN speech is attached.

In particular, please note as follows:

1. I have set out notes to draft and questions to be considered in the text
2. I have attached the summary of the "top 3" from the CAR and the Managers/Lawyers to which I refer at the bottom of slide 9.
3. I am proposing that Rose use 2 dynamic slides - the first with the concentric circles and the second with the table of Goals and Objectives

I am out of the office until late afternoon tomorrow, but otherwise happy to arrange a call at your convenience.

Regards

Aleck
