Hi Rose,

Okay, here it is.....another version with the spacing fixed up, the circle graphic moved to page 2 and two page 10 options are provided for consideration. Sarah and I like the all blue option headings and sub-headings (it's the last page of the document). They've also added a bit of a graphic element (bottom of pages 2-3) to fill in some of the white space. I think it looks better. Let me know what you think. If you're good with this, we'll get the Minister's and DM's letters out today. Otherwise, we'll wait until Monday.

V
