Dear Mr Tyrell,

I am writing to provide the weekly update on Laurentian's document production progress. Document review has continued and, today, another batch of documents is ready for quality control. That process should be complete by the end of the week and further production made to the Committee. The estimated size is in the thousands of files. Further, Laurentian has the Committee's letter of March 14 and is following up on the issues it identifies.

Please let me know if you have any questions about the above.

Sincerely,

Fredrick
