My mother, Rose Shields, died in Bella Senior Care Senior Residence In Niagara Falls. She died due to the lack of care she was provided. No Doctor ever came into the home to see her and she suffered terribly. When we were finally allowed to go and stay with her it was too late she had degenerated so badly she couldn't get out of

bed. She died 10 days later. You could see the toll this had taken on so many of the residents and even though I do not really want to talk about my mother's death as it was only recent I feel I need to do this for all the people that are left in these places and are not receiving the proper care. What has this world come to when we cannot even look after the people that rely on us so much. The people that are in prisons get better care than the people that live in these homes. We need these homes to be accountable for their actions. As citizens we are all held accountable and would go to jail for abuse and neglect. It must be the same for everybody.
