Choose an application

Which application would you like to submit?

Submit material only

Add your information

Are you submitting material as an individual or on behalf of an organization?

I am submitting material as an individual

Full name

Mr Jiayi Li

Paste submission

My name is Jiayi Li, with a member that Registered Acupuncturist in Ontario and I have been practicing for 2 years with over 150 patient visits each month

I was really shocked by the news of revoking Traditional Chinese Medicine Act 2006 and moving TCM and Acupuncture into public domain. This action will be a huge threat to public health and safety.

Like other healthcare practitioners, TCM Practitioners and Acupuncturists must receive about 3000 hours comprehensive academic study with 500 hours supervised clinic training at least to provide the quality of care to public.

Revoking the TCM Act 2006 means putting the public health and safety under the risk from those unskilled or qualified “therapists” .

TCM is the medicine that made numerous miracles. In many cases i involved, tom treatment help infertile mothers fulfill their dreams, relieve pain for those who have been suffered from, calm someone

when they need to. For me, i have spend my whole lifetime in tcm, instead just making money from them, I'm trying to provide the best service for my patient, do my best to relieve their symptoms. Keep study and doing research after my work time I wish i could keep providing the best service to my patient and one who needed. Not To messed up the public, telling us that OUR HARDWORK IN THIS FIELD IS NOTHING!!

I would like request that you take a serious consideration and please remove Schedule 5 from Bill 88, 2022 for the goodness and wellbeing of all Ontarians.
