In spite of what the Traditional Chinese Medicine Repeal Act, 2022 of Bill 88, Working for Workers Act, 2022, Schedule 5 assumes, the de-regulation of Traditional Chinese Medicine (TCM) and acupuncture is not in the best interest of the general public. The dissolution of the CTCMPAO is a serious public health risk as it allows untrained individuals to perform the controlled acts of performing acupuncture below the dermis and mucous membranes, and communicating a TCM diagnosis.
