Attachments: Multi-ride discontinuation plan

Good morning Judy,

I sent you the updated plan on Wednesday (see attached). Some people refer to the effort as "decommissioning", and some call it "discontinuation." I was given direction to use "discontinuation" as it's more *customer friendly*.

Let me know if you need anything else, including changes to the plan.

Thanks,
Caroline

Caroline

Thanks for walking me thru the comms plan and giving me a better understanding of the issue/work done to date.

When we meet on Monday I asked to see (for my understanding) some the products. And you said you were going to update the comms plan.

Is it possible to get this information by mid-day Tuesday?

Thanks in advance.

Judy
