Vasie,

Attached is the agenda for tomorrow.

Thought you might want to see it ahead of time in order to add/delete/defer - but not sure if that is your practice?

I am also attaching a mandate doc that I created when meeting with Tony – perhaps we will not have time to discuss tomorrow but wondered if you were interested in using it going forward?

I will bring hard copies of agenda and KPI deck tomorrow.

I will drop off the Creative Brief + Video Script for Presto now – not sure how involved MX should be in this project but Due North is looking for input by tomorrow. (April 13)

Thx...Z
