Judy,

With this change, should I ensure that any/all written references to this are amended to include the highlighted language?

At its Board meeting on January 26, 2011, the Metrolinx Board of Directors approved a staff recommendation, subject to provincial funding, to proceed with the electrification of the GO Kitchener and Lakeshore corridors in phases, beginning with the ARL on the Kitchener corridor.

Thanks Judy. Debbie is working with our agency to revise the ad right now.

If there are any impacts to meeting the papers' deadlines, she'll let us know.

Jessica

Subject: RE: Public Meeting, Electrification Project, due: Friday, June 15th by noon

Debbie,

Please proceed with this as text.

Metrolinx, an agency of the Province of Ontario, is helping to transform the way the region moves by championing and delivering mobility solutions for the Greater Toronto and Hamilton Area (GTHA).

On January 19, 2011, Metrolinx released the findings of its comprehensive one-year study on the feasibility

of electrification of the entire GO rail system. At its Board meeting on January 26, 2011, the Metrolinx

Board of Directors approved a staff recommendation, subject to provincial funding, to proceed with the electrification of the GO Kitchener

and Lakeshore corridors in phases, beginning with the ARL on the Kitchener corridor. The Province of

Ontario, through the Ministry of Transportation, has funded the environmental assessment for Phase 1: the Air Rail Link from Union Station to Pearson Airport as a first step towards electrification.

The intent of this public meeting is to share a status update, discuss the next steps in the process and gain

community feedback for the upcoming public consultations. This is an introductory meeting — the formal

consultation process is set to begin this fall.

At the meeting, Electrification Project team members will provide information and an update on the

following:

- 0 Environmental Assessment process for electrification of the ARL service along the Kitchener corridor.
- 0 Electrification design for the Kitchener and Lakeshore rail corridors.
- 0 Development of performance standards for electrification of the Kitchener and Lakeshore rail corridors.

Interested persons are encouraged to attend this meeting:

Date: Wednesday, June 27, 2012

Time: 6:30 p.m. to 8:30 p.m.

Location: Lithuanian House

1573 Bloor Street West

Toronto, ON M6P 1A6

For additional information on this project, please go to:

<http://www.gotransit.com/estudy/en/default.aspx>

If you would like to submit a comment or question to the Electrification Project, please send an e-mail to:

electrification@metrolinx.com We look forward to seeing you there.

Hello Judy. This ad has to appear in the newspapers noted below next Thursday. Deadline for insertion is tomorrow (Friday, June 15) at noon. We normally have to give MTO seven business for approval, but in this case, we must have approval by noon tomorrow.

- City Centre Mirror, including the Annex Guardian
- Parkdale Liberty Villager
- York Guardian
- Bloor West Villager

Please advise.

Thanks Judy.

Debbie
