

PUBLIC INFORMATION SESSION DUNDAS WEST-BLOOR MOBILITY HUB STUDY/BLOOR GO STATION IMPROVEMENTS

Metrolinx, an agency of the Province of Ontario, is helping transform the way our region moves by championing and delivering mobility solutions for the Greater Toronto and Hamilton Area (GTHA). As we invest in the future and build stronger transit infrastructure to meet the growing needs of the region, a number of projects are underway. GO Transit, a division of Metrolinx, continues to expand its service to provide more choices for travel across the GTHA, meet increasing customer demand and attract more transit users in the future.

THE PROJECT

The Dundas West-Bloor Mobility Hub Study develops a long-term vision for the Bloor GO Station, a future stop on the Union-Pearson Air Rail Link, the Dundas West TTC station and the surrounding lands. The Bloor GO Station revitalization project is the first step in achieving the short-term vision of the Dundas West-Bloor Mobility Hub Study, which was completed in June 2011.

The project involves station enhancements including a new barrier-free pedestrian tunnel and rehabilitation of the existing pedestrian access from Bloor Street. The improved Bloor GO Station will also feature an Air Rail Link stop. Once complete in 2015, this expansion will enable GO Transit to meet growing ridership and provide more seamless service across the region.

You are invited to attend our public information session to learn the outcomes from the mobility hub study and upcoming plans for Bloor GO Station. Construction is expected to start in early 2013. Representatives from GO Transit as well as the project's consultants will be on hand to answer questions.

Interested persons are encouraged to attend this session:

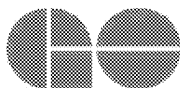

Date: Monday, Dec. 10, 2012
Time: 6:30 to 8:30 p.m.
Location: Lithuanian House
1573 Bloor Street West
