Hi Franca,

Good comments. I wasn't sure, so I stayed status quo in those areas, but I spoke to Jamie and I will amend in the next version of the ad.

Keep me posted about the Ontario Science Centre.

Thanks,
Trina

Couple of small comments...

Metrolinx and the TTC invite you to attend an public information meeting to get a project update...

Also, are we including TTC as extending the invitation?

We will check to see if Dec 6 is available at the Science Centre-no guarantees yet

Franca/Jamie –

Please see attached first draft of the notice. Please ignore the map....it's still the map we used from the template. Our graphics person on re-creating a map that is applicable to this specific meeting.

Also, I heard this morning that the meeting date has been moved to December 6th, so I have updated that as well. I assume the location is the same, but please advise.

Mostly, I'm looking for your review of the new text – Is it accurate? Descriptive enough? Too descriptive?

Please share any edits you have and I will have them reflected in the next draft. Apologies for the .pdf format for editing.

Thanks,

Trina

Hi Franca,

Thanks for this. Jodi has the file from the files you moved into the s:/drive. Thanks for that.

Can you provide me with the updated email address that we'll use to replace the 'ttc.ca' one? Also, what time will the session be? And is there a special room within the Ontario Science Centre we should direct people to? I'm going to take a first crack at editing the text to suit our own PIC and will send to you to review.

Also, I think we should be fine to use the same template as was used previously, so that will help move this along.

What publications did you use before? I want to ensure we cover the same ones.

Thanks,
Trina
