Hi Dina,

I found two numbers for Robert Petrie. Can't tell which one is current.

Robert S. Petrie, Chief Administrative Officer
905-668-5803 ext 2211
905.430.4316

I am also attaching a somewhat simplified version of the notice we could drop tomorrow once the date is confirmed.

Quite frankly, if we get his OK to still make the submission report doing this PIC on Tuesday or Wednesday would give the public a bit more time.

I will try to find out about the availability of the Abilities Centre first thing tomm and let you know.

Have a good evening,

Robert

Why is he calling you? I was going to call him as soon as we knew what we are doing.

Johnny asked if that works. Haven't committed to it.

We haven't told them we are, have we -- just checking to see if that would work for them?
Agree with the email the 18-people concept.

If we've told the town we're doing a second PIC it may be hard to walk that commitment back.

Also, if we do proceed with a second PIC, we should ensure that the comms material makes clear that this is the same content a second time rather than a part 2 , and reassure those who attended the first meeting that their feedback has been logged and need not feel obliged to attend again. Or maybe even send a dedicated email to our 18 hardy ad-reading souls who signed in, explaining the situation and assuring them that their feedback is important and need not be re-provided.

Aha! I thought we were going to council on Friday. So then yes, I think Darryl's suggestion is a good one – sigh! Can you check about the abilities centre?

Yes – it should. What is due this Friday is our report to Greg Hardy which he will use to put together the actual report to the Council. As long as he is OK with getting some additional info early next week we will be OK.

Thanks,

Robert

Correct me if I'm wrong, I think the thinking was that a quick second-crack meeting lets us stay on timelines.

Fine but can he put off the presentation to the town?

Just finished talking to him. He is suggesting that we deliver notices tomm and Friday with an apology and hold another PIC on Monday night as long as the venue is available. That way the Town doesn't have an excuse to derail our plans. Seems like they would be looking for an excuse to do it anyway.

What do you think?

Robert
