I am sorry that I did not respond to the request. I don't even remember it coming in!

Phil can you look at this response since Stephan is still on vacation?

Thank you.

Judi,

Manuel Pedrosa, at our GTS office, received a request for the market study cited by the AG from a local community activist. My understanding from Judy Pfeifer is that we are not making this information public. Manuel has drafted the response below; please let

me know if you are comfortable with it or whether you would prefer the response come directly from the UP team.

Thanks,

Dina

Hi Dina,

As discussed, please see the request below. Here is my draft response:

Hi Scott,

This information is proprietary research which is subject to revision as the UP Express team continues to revise the passenger demand forecasts for this unique service. As such, this research is not published publicly because it may impact the competitive business climate and any future business partnerships that are in the beginning stages of formation.

Manuel,

The study I was interested in is the one mentioned in the recent Auditors report on page 207 and 212; there is no specific name given except "GTHA Market Assessment".

Have a good holiday.

Cheers, Scott
