Gary, if someone can provide details on the survey (purpose, timing, survey type, questions, etc..) I will coordinate. We have a number of surveys going on including some by Statistics Canada and we want to ensure proper coordination. Thanks.

Marc, it was one of our contractors/subcontractors. Who is the best contact person for Metrolinx to deal through?

Gary this our vendor for the ARL market assessment we are doing. We're following up with Northstar as to why they contacted GTAA directly. This should not have happened. Phil has been trying to find a contact at GTAA, through Vasie, to coordinate our survey work.

Is Northstar/Logit related to us?

Gene, Marc – Are you aware of this effort – presume it is related to the MX SDG work? This needs to be fully coordinated through the two of you in order to ensure there are no conflicts with any of our own survey work (harassing the guests!) and that we also benefit from the work (any savings to be had on our own survey work?).

Maria – suggest that Gene or Marc contact Logit to coordinate from here and they will advise you when a permit can be issued

Thanks all

Regards,

Eileen Waechter

Hi Eileen,

I wanted to also provide some additional information. Darin Juby last week was contacted by the Logit Group wanting to survey at the airport and he has passed the company to me. I also received a voicemail message from Logit's director Thursday evening. I just got off the phone with one of Logit's representatives. It appears the Logit Group is a subcontractor of Northstar for this survey.

Please let me know should you have any concern before Logit contacts me Thursday to follow up and before they complete our forms to apply for a survey permit.

Thanks,

Eileen-

Over to you on this request. Not sure if there are concerns about the potential impact this survey could have on ARL negotiations, but I will leave it with you to address any sensitivities.

If you are in agreement to a survey, please let Jody know so that she can issue a permit.

I will reply back to Philip with a CC to you on this one.

Hi Aleem,

We are undertaking a market assessment study with our research partner Northstar. Who is the best person to speak to with regards to accessing GTAA data and channels (customer satisfaction survey results, your online advisory panel) and review our upcoming survey that we plan to deploy to residents and passengers?

Thanks for your help.

Phil

Aleem,

My co-worker Phil will be in touch with you to discuss the development of a survey for the ARL to assist in market research for us and require some data. I've cc'ed him on this e-mail.

Thanks,

Vasie
