Stephan

Is this thru you? Would like to make sure someone from arl is in the loop for consultant requests

Subject: ARL - Ridership Data Request

Hello Daniel,

Hope everything is going well. I am working with James Colaço and Nathalie Parent to develop the business plan for the ARL. Over the course of next few months, I will be responsible for developing a financial model to support the business planning and decision making process for ARL.

I believe you are managing the contact with Steer Davies Gleave for the ridership model. I was wondering if you could help us retrieve the following ridership data from Steer Davies Gleave, which will be used as an input to the financial model.

- Full version of the ridership forecast report (not redacted version) – especially the Central Case and High and Low Forecasts

- **Exclusion per Committee Direction**

It would be great if we could meet early next week to discuss this in more detail.

Please let us know. Thank you very much.

Regards,

Hwan
