Subject: RE: ARL - Ridership Questions and Data

Hi Kim:

Let's get together with you and Nathalie to discuss the requirements, perhaps tomorrow in my office. Bert gave me a run-down of the ridership model information and I have been talking to Andrea relating to the Discrete Choice model. I also have a call into SDG for next week.

Stephan

Subject: ARL - Ridership Questions and Data

Hello Bert,

Hope everything is going well. I am working with James Colaço and Nathalie Parent to develop the business plan for ARL. Over the next few months, I will be responsible for developing a financial model as a part of the business plan.

While designing the model, I came across few questions on the ridership forecast and need for the ridership data. Daniel has identified you as the SME who could provide valuable insights on these questions. Would you be able to meet in the next couple days to discuss some of the questions we have?

Please let us know. Thank you very much.

Regards,

Hwan
