We should still be able to attract up to 2 million riders in the first year (the PanAm games will help us do that).

Exclusion per Committee Direction

Exclusion per Committee Direction

We should say:

- The ARL Ridership *is projected* to exceed 2 million passengers in the first full year of operations.

or

- *It is estimated that at least 2 million passengers will use the ARL as their choice of transport between Pearson Airport and Downtown Toronto, Bloor/Dundas and Weston Stations*

- The ARL is on track towards. Implementing a service in 2015 that is projected to attract 2million riders and take 1.2 million cars off our roads in its first year of operation.

Or

- *This will result in the reduction of upwards of 1.2 million auto trips during this first year of operation.*

Hi Kathy:

Confirming:

April to Dec 2015 = estimated ridership at 1.35 million Jan to Dec 2016 = estimated 2.29 million

Exclusion per Committee Direction

Stephan,

Can you please confirm these statements for the 5 year strategy being reviewed at SMT Tuesday at 9am.

- ARL Ridership will exceed 2 million passengers in the first full year of operations.

- The ARL is on track towards. Implementing a service in 2015 that is projected to attract 2million riders and take 1.2 million cars off our roads in its first year of operation.

Thanks,

Kathy
