Subject: Re ISAC's Ontario 2020 recommendations

I am writing to express my full and complete support of the the written submission that ISAC provided to the Standing Committee regarding budget recommendations for 2020.

Their analyses consistently capture more nuance, and more apparent awareness of the intersecting impacts of poverty and disability, than any other observer of this tragic and entirely avoidable human cruelty.

These policy decisions are a choice. Currently a choice to subject the most vulnerable in society to the cruellest conditions. As one of the people who is slowly being starved to death by these choices, I'm asking you to reconsider things with ISAC's recommendations in mind.

Sincerely,
