

**Brunswick Lake Lodge**

**Hearst, Ontario**

June 1<sup>st</sup>, 2020

I am writing to you on behalf of Brunswick Lake Lodge near Hearst, Ontario.

At this point in time, we are not allowed to open to guests and have been forced to cancel our first two groups of fishermen which represents just over 30% of our annual revenue. We need clear dates and timelines now as to when we can open or this year will be a total write off for us.

We are also in the position where we do not meet the current criteria for any financial assistance primarily due to the fact we hire a local business to manage the lodge for us as a contractor versus having employees. Other contracted staff are not comfortable travelling to work for the summer.

This is the time we need meaningful and direct financial support from the Province who up to this point have offered up nothing for us. The lack of support and clear timelines on things opening up has put us in the position where it is impossible to plan forward at all and have nothing to offer our guests.

Regards,

Scott Zies

President
