Dear Standing Committee on Economic Affairs,

Firstly a very happy 2022. We wish this year bring us more prosperity. Some of my colleagues may have written to you as well.

We would like to request to allocate more funding for Physician Assistant in Ontario.

We play a huge role in healthcare and we believe not enough funding is allocated to our role perhaps due to lack of awareness of what have done during pandemic and even prior to that. It could be because our profession is still relatively new in Ontario.

My colleagues in the field have sent information to you so I would not take your time more on this regard. Just want to share my voice as well to request for your support in any fashion possible to please pay attention to our profession and provide long term plan.

Regards,

Sara Shamsuddin BSc. CCPA
