Subject: Bill 229 Schedule 6

Dear Premier Ford, Ministers, MMP Wilson,

Please remove Schedule 6 in its entirety from Bill 229, a Budget Bill. Any effort to reduce the effectiveness of the Conservation Authorities in the planning of land use should be a separate bill allowing for public opinion under the Environmental Bill of Rights.

There must be a body with the authority to refuse development in sensitive watershed areas. We have some of the purest water in the world and it is YOUR duty to protect it.

Thank you for being responsible and giving this your grave consideration for the sake of future generations rather than that of developers.
