Dear Ms. Douglas,

Could you please pass my comments on to the members of the Standing Committee on Finance and Economic Affairs?

Thank you.

Dear Members of the Standing Committee on Finance and Economic Affairs,

I am writing to you today in regards to Schedules 6 and 8 of Bill 229. I am very concerned that these schedules, if allowed to pass, will cause irreparable damage to Ontario's environment and natural wildlife. These schedules will basically scrap protection for endangered species and for most of Ontario's landscape. This cannot happen.

I support the important work done by Conservation Authorities to protect people and property from harm. They also protect Ontario's natural assets for current and future generations. The Powers of the Conservation Authorities should not be altered.

Only if we have a healthy and robust natural world, can we truly make gains in health, economy and all other aspects of our lives as Ontarians.

Please remove Schedules 6 and 8 in their entirety from Bill 229.

Thank you for taking my concerns into consideration.

Sincerely,

Brigitte Bonner
