Subject: Remove Schedule 6 of Bill 229

In terms of good science-based management of watershed areas and any pre-preparation for climate change type of superstorms and serious flooding, I can not see the reason to remove the authority currently given to the Conservation Authorities?

Please, remove Schedule 6 of Bill 229, and bring it back as a stand-alone bill on amending the Conservation Authority Act and the Planning Act, so that it goes through a full public process.

Thankyou as well as a member of The Eagle Spirits of the Great Waters.

In trust,

John C. Griffin
