Subject: Remove Schedule 6 from Bill 229

Julia Douglas, Clerk
Legislative Assembly of Ontario
Standing Committee on Finance and Economic Affairs
99 Wellesley Street West Room 1405
Whitney Block Queen's Park, Toronto, ON M7A 1A2

Dear Ms. Douglas,

I stand with my fellow Ontarians of all political stripes with the conviction that an amendment as important as Schedule 6 in Bill 229 needs to be evaluated on its own and with a full public process. Anything less will be seen by the voters of this province as a cynical and unacceptable attempt by the Government to subvert democracy by sneaking through important and controversial changes to the Conservation Authority Act and the Planning Act under cover of the Covid pandemic crisis.
