Subject: Our Conservation Authorities are important!

Julia Douglas, Clerk:

Please remove Schedule 6 of Bill 229, and bring it back as a stand-alone bill on amending the Conservation Authority Act and the Planning Act, so that it goes through a full public process.

The proposed changes to the acts will greatly impact the natural environment and the government has thwarted our right to comment by introducing these changes as part of a budget bill. That doesn't sound very democratic to me.
