

To the Standing Committee on Finance and Economic Affairs

Re: Bill 229

I strongly oppose the proposed changes to the Conservation Authorities Act set out in Schedule 6 of Bill 229 that curtail the role of Conservation Authorities in watershed planning and management. I am also deeply concerned that these proposed changes were brought forward in a budget bill, thereby overriding my right to comment under the Environmental Bill of Rights. I request that you remove Schedule 6 in its entirety from Bill 229.

Ontario's Conservation Authorities are a unique and widely respected innovation. They provide a much-valued bridge across municipal boundaries to understand and address environmental concerns, such as flooding. Because they operate at the watershed level, they are ideally positioned to encourage science-based collaborative strategies and decision-making. Their vital role in land use planning and permitting must be retained to ensure that development does not put communities at risk from flooding and other climate change impacts through loss of wetlands, woodlands and farmland.

The changes proposed in Schedule 6 will reduce or constrain the mandate of Conservation Authorities, and are therefore contradictory to the interests of the people of Ontario who are facing enormous risks and costs as a result of climate change and ongoing biodiversity loss. The roles and responsibilities of Conservation Authorities are critical in protecting the lands, waters and wildlife which benefit businesses and communities across Ontario, and upon which our health and well-being ultimately depend.

I urge you to remove Schedule 6 in its entirety from Bill 229.

Sincerely,
