Subject: Conservation Authorities

Dear Premier, Ministers and MPPs,

We ask that you respect our wilderness lands and all that the Conservation Authorities do to help protect our spaces, water and natural habitats.

You should not be dismantling the importance of the Conservation Authorities as proposed in the changes to the Conservation Authorities Act, Schedule 6 of Bill 229.

Hiding this drastic change in the Budget Bill is not right.

Your role is to provide hope for our future, not to destroy it.

We are speaking up against this, both for ourselves as well as those who can't speak for themselves - all of us rely on you and the Conservation Authorities to protect Ontario's naturalized lands, water, soil and our collective well-being.

Thank you.
