Mr. Committee Members

I want my name added to the growing list of citizens of Ontario who object to the use of a Budget bill/Bill 229

to introduce measures that are not only environmentally terrible but exempt the government from the requirement to place them on the Environmental Registry. That kind of anti-democratic technique has no place in Ontario. Simply put, do not gut the Conservation Authorities Act with measures that substantially weaken it, that override municipal input into CA authority, that will weaken CAs ability to protect Ontario's ecosystems and diminish environmental stewardship and citizen outreach.
