Please remove Schedule 6 from Bill 229 until more consultation with the Conservation Authorities and the public is undertaken. The measures proposed will create more red tape, cause decisions to take longer than they are at present and risk a reduction in the degree of sustainable development that is currently taking place.

During the current pandemic, the importance that greenspace plays in maintaining and improving mental and physical health has been highlighted. Allow Conservation Authorities to continue the good work they do on

behalf of the municipalities without additional red tape being applied to the process.

Best regards,
Samantha Mason
