I am writing to you in concern about the recent cutbacks to the conservation authority of ontario. As a mother I am highly concerned about providing a future for my child without the threat of climate change, or the hazards

that come from more turbulent weather patterns. I am very disturbed about Mr. Ford's recent cutbacks to the conservation authority and the work they do to help protect vulnerable ecosystems as well as limit undo city sprawl. I urge you to stop the reckless destruction of our precious ecosystems so that future generations may enjoy them, and use them to help fight climate change.
