

Presentation to the Provincial Government regarding Bill 175,
June 2020

Submitted on Sun, 06/14/2020 - 15:04

Name

Robert Gollinger

3 points only - have already signed petitions:

- a. The pandemic has shown us that for profit and health care are not compatible.
- b. If we are talking Community Care then we should have the Community involved in the defining of that care. It should NOT be a top down exercise.
- c. If it's home care then it should include all homes where people live - LTC, private residences, prisons, etc. etc.
