JOHN SMALL,
Clerk, Ex. Council.

No. 51—4wks.

In Council 21st Novem. 1825.

FOR the information of persons residing in Upper Canada, to wit, the following Summary of the Rules which His Majesty's Government has thought fit to lay down for the better Regulation of Grants of Land in this Province, in conformity to the system which has been recently adopted with respect to other Colonies of His Majesty, are here presented in conformity to Instructions from Earl Bathurst.

1. A valuation will be forthwith made of the lands throughout the Colony, and average prices will be struck for each District.
2. All the lands in the Colony not hitherto granted, and not appropriated for public purposes, will be offered for sale at the average prices thus fixed.
3. All persons proposing to purchase lands must transmit a written application to the Government through the Clerk of the Surveyor General, in a certain prescribed form, which will be delivered to the party applying, by the Surveyor General, or by an officer to be appointed by him for that purpose, in the several Districts on payment of a fee of 2s. 6d.
4. All correspondence with the Government respecting Grants of Land must take place through the same Office.
5. The purchase money is to be paid by four quarterly, or five annual instalments, as the party applying may desire, but in the latter case legal interest shall be charged, and shall be payable annually from the time of making the agreement—a discount of 10 per cent. will be allowed for ready money payments.
6. On payment of the money a grant will be made in fee simple to the purchaser at the expense of the Crown, with the usual reservations of Mines and Minerals, and of White Pine Timber.
7. The largest quantity of Land which will be sold to any individual, is 10,000 Acres, and when put up to sale, it will be offered in such tracts, not less than 100 Acres, as may be directed. Persons wishing more extensive purchases must apply in writing, through the Lieutenant Governor in Council, to His Majesty's Principal Secretary of State for the Colonies, with full explanations of their objects and means.

8. Lands may also be obtained without purchase, but upon different conditions.

9. Persons desirous to acquire Land without purchase will make their application to the Government, in writing, through the Surveyor General's Office, in a certain form, Copies of which will be furnished by the Surveyor General upon payment of 2s. 6d.

10. The largest grant that will be made without purchase is 1000 Acres, the smallest 100 Acres.

11. No grant will be made to any person without purchase, unless the Government is satisfied that the Grantee has both the power and the intention of expending in the cultivation of Lands a Capital equal to half the estimated value, or, at least the grant do not exceed 200 Acres, that he intends to reside upon, and improve the same.

12. A tax of 10s. per cent. per annum upon the estimated value, will be fixed upon the Land granted without purchase.

13. The quit rent will be redeemable within the first 25 years next following the grant, on payment of a sum equal to twenty times the annual amount of it.

14. Until the expiration of the first year years next ensuing, each grant without purchase, no quit rent will be required, due upon the lands comprised in it.

15. Every Grantee without purchase, must, at the expiration of the before mentioned term of seven years, prove to the satisfaction of the Lieutenant Governor in Council, that he has expended in the cultivation and improvement of his Land a Capital equal to half its value, as that value was estimated at the time of his Grant, or, in case the Grant shall not exceed one hundred Acres, that he has during that time, resided on, and improved the Land—On failure of such proof, his claim to the Land shall be forfeited, and the same may be granted to another party, if at any time within that period the cultivation of the said land and collection of quit rent shall have been complied with, the Patent may immediately issue.

16. No additional Grant of Land will be made to any person who has not previously, as last mentioned, the necessary expenditure of 10s. per cent. on the Lands already granted to him.

17. Persons receiving a second Grant of Land, without purchase, will become liable to pay a quit rent upon the Lands comprised in such second Grant immediately from the date of it.

18. Persons desirous to receive Grants of Land without purchase, on terms different from those above stated, must, before the Lieutenant Governor in Council, a full explanation in writing of the circumstances which they may desire to exempt them from the full operation of these general Rules.

19. U. E. Loyalties and other persons entitled to certain Grants by the general regulations of His Majesty's Government, are not to be affected by these Rules.

The Company is supported by a Capital of £250,000, in 2,000 shares of £120

This Capital is fully sufficient for the security of the assured. The importance of Life Assurance to those who in professional and mercantile pursuits, derive limited or fluctuating incomes from personal exertions, or who are in the prime of life, and the means of which die with the holder, has long been acknowledged both in Europe and the United States of America. In the full conviction, that the inhabitants of the Canada would not be slow, in perceiving the advantages to be derived from the introduction of such an Institution amongst them, the undersigned, on behalf of the Directors of the ASYLUM COMPANY, such information as a long residence has enabled him to collect, and the benefit with the view of affording additional facilities, to those who may be desirous of availing themselves of the benefits of Life Assurance, have in consequence appointed as their Agent, for the Provinces of Upper and Lower Canada. He will accordingly be prepared to receive proposals, and negotiate Policies upon Life, as soon as he is in possession of the scale of premiums (which he daily expects) this has been calculated with great care and attention, to adapt it to the peculiar localities of the Canadas and will, on comparison, be found considerably lower for young and middle aged risks than that of any other office.

A Physician or consulting Surgeon or surgeon, will be appointed in the principal Towns in either Province, before whom persons in the country, wishing to effect Insurances, may appear, on sending their proposals by letter to the Company's Agent at Quebec.

The names of the Medical Referees, with all other necessary information, will be given in a future advertisement.

these people there are just cases of complaint, when honest, upright, and loyal men are branded as traitors, and when the constitutional advocates of the people are considered as disturbers of the public peace because they will not suffer their just rights to be trampled upon?—Alas, I fear you must answer in the affirmative to these and many more interrogatories of a similar character. For my own part I am enough to make me quail and grieve, and cry "alas that such things are!"

"Yes I must weep for you, ye rival vale, Arise and answer! but for these, More I grieve, and with that tears must weep, O Alton, O my country! And thy name, Be delivered by those thy heavenly friends!"

Gentlemen, I fear you will deem me prolix, but you have a right to my undivided sentiments, and I considered it my duty to inform you of a circumstance that might have been misrepresented—and which is neither trivial nor unimportant. I have endeavored to do my duty as your Representative, so far, in the best of my ability; and, if I am so fortunate as to have your approbation it will be a rich reward, and the best compensation I can receive for the same tired treatment I have experienced, in a quarter from whence it was little expected, and where more ungenerosity ought to have been shown—but enough—"They hate this record"—and we can appeal where justice is never denied!

If I have been led into unnecessary digression I hope you will make due allowances;—for, the favourable consideration of those amongst whom it is probable I shall live and die, will ever be dear.

To the heart of your most

Obedient, Faithful, and
Humble Servant,
CHARLES FOTHERGILL.

Communication.

To the Editor of the Weekly Register.
An Example worthy of imitation. We are glad to find that there is at least a prospect of a check being put to the too-long-suffered practice of robbing the Crown and Country Treasuries, and of the valuable timber the growth of them in this Province. At their Annual Township Meeting, the Magistrates of the Township of March, in the District of Bathurst, entered into a Resolution that, they would use every exertion to give information to the Atty General and bring to punishment, as the law directs, whatever person or persons might be found cutting timber, (changing on any lands of the above description where they have no right to do so.

Dear Sir,
The above information you may rely upon as correct. I am of opinion it is a notice too good to be kept in a corner—you may take notice of it, in any way you think best, but I can assure you the injury we have all sustained from these said pirates, makes us satisfied with the measure, and we would be glad to see it in print.

Yours truly
A. J. CHRISTIE.

Committee Room, House of Assembly, Dec. 15th 1825.
The Committee appointed to inquire into the causes of delay, in printing the Statutes of the last Session of the Parliament, reported, that the late Session was closed on the 12th day of April 1825, and the titles of the only Acts which received the Royal Assent are herewith annexed.

The Acts came duly into the possession of the proper Officers, and as they were so few in number, there could be little time required for preparing Copies for publication. From some Gentlemen of the Town suggested in the press, we learn that the Statutes might have been printed here at a fair and reasonable price, without the inconvenience and delay of sending them to London, a distance of nearly two hundred miles. It also appears, before we arrived at this Committee that the Copies of the whole of the Bill for the abolition of the Statute for publication were not even sent to the Office of the Chronicle, in consequence of delay in certain cases.
