EXECUTIVE COUNCIL OFFICE,

NOTICE is hereby given, by order of His EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

ANNO PRIMO
GULIELMI IV. REGIS.
CAP. IV.

An Act to render valid Acts done by the Governor of any of His Majesty's Plantations after the Expiration of his Commission by the Demise of His late Majesty, and to extend the period within which the Patents of Governors of Colonies shall on any future Demise of the Crown become vacant, and to provide for the longer duration of the Patents of Governors after the Demise of the Crown.

[23d *December*, 1830.]

WHEREAS on the Demise of His late Majesty King *George* the Fourth divers Persons were in the Exercise of Offices and Employments, Civil and Military, within His Majesty's Plantations, Colonies, and Possessions Abroad, holden under and by virtue of divers Patents, Commissions, Warrants, or other Authorities determinable at His said late Majesty's pleasure: And whereas at the Expiration of Six Calendar Months next after the Demise of His said Majesty such Offices and Employments as aforesaid will by Law cease and determine, and such Patents, Commissions, Warrants, and other Authorities as aforesaid will by Law be vacated and become void: And whereas, by reason of the remoteness of divers of such Plantations, Colonies, and Possessions, it hath been found and is impracticable to renew such Patents, Commissions, Warrants, and Authorities, so as that the Renewal thereof should within the period aforesaid be signified and take effect within the said Plantations, Colonies and Possessions, and the Governors and Officers administering the Government thereof, and other His Majesty's Officers therein, must, notwithstanding the Expiration of such their Commissions, continue in the Exercise of the Powers and Authorities thereby in them vested, in the same Manner as if such Commissions had not determined: Be it therefore enacted by the King's Most Excellent Majesty, by and with the Advice and Consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the Authority of the same, That Powers and Authorities, whether vested in any Governor, Lieutenant Governor, or Officer administering the Government of any of His Majesty's Plantations, Colonies, or Possessions Abroad, or in any Officer or Officers within any such Plantation, Colony, or Possession, by any Patent, Commission or Warrant which hath determined or will determine by the Demise of His said late Majesty, shall continue in full force and virtue until a new Patent, Commission, or Warrant for the Administration of any such Government, or for the Exercise of any such Office, shall be issued by His Majesty, or on His Behalf, or under His Authority, and until the issuing of any such new Patent, Commission, or Warrant shall be signified and made known within the Plantation, Colony, or Plantation Abroad to which the same may relate; and that all Acts and Deeds which shall in the meantime be done shall be as good, binding, valid, and effectual as if such Patent, Commission, or Warrant had not been vacated or made void, and as if such Office or Employment had not ceased and determined.

All Powers vested in Governors of Colonies, &c. by Patent or Commission of His late Majesty to continue in force until new Patents shall be issued and made known in such Colonies.

Extending the Period at which Patents shall become determinable at any future Demise of the Crown.

II. And be it further enacted, That no Patent, Commission, Warrant, or other Authority for the Exercise of any Office or Employment, Civil or Military, within any of His Majesty's Plantations or Possessions Abroad, determinable at the Pleasure of His Majesty, or of any of His Majesty's Heirs and Successors, shall by reason of any future Demise of the Crown be vacated or become void until the Expiration of Eighteen Calendar Months next after any such Demise of the Crown as aforesaid.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of His EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY THE LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

JOHN SMALL,

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of His EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

JOHN SMALL,

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of His Excellency the Lieutenant Governor in Council; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and undergrowth of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

JOHN SMALL,

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to

"hose Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

EXECUTIVE COUNCIL OFFICE,

York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily

pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

NOTICE is hereby given, by order of HIS EXCELLENCY THE LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of His EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

WHEREAS by our Proclamation bearing date the twenty-sixth day of May last, we thought fit to prorogue our Provincial Parliament to the first day of July, next, at which time at our Town of York you were held and constrained to appear.—NOW KNOW YE, that we taking into our Royal consideration the ease and convenience of our loving Subjects, have thought fit, by and with the advice of our Executive Council, to relieve you and each of you of your attendance at the time aforesaid, hereby convoking, and by these Presents enjoining you and each of you, that on Thursday, the fourth day of August next ensuing, you meet us in our Provincial Parliament at our Town of York, there to take into consideration the state and welfare of our said Province of Upper Canada, and therein to do as may seem necessary, and herein fail not.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY of STATE for the Colonies :—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
MAJOR GENERAL GODERICH.
SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of His EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three

years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned. A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
MAJOR GENERAL GODERICH.
SIR JOHN COLBORNE,
&c. &c. &c.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY of STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the Intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
MAJOR GENERAL GODERICH.
SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,

NOTICE is hereby given, by order of His Excellency the Lieutenant Governor in Council; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH.

MAJOR GENERAL
SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,
York, 5th February, 1831.

NOTICE is hereby given, by order of HIS EXCELLENCY THE LIEUTENANT GOVERNOR IN COUNCIL, that unless *William Howard*, or his Heirs, do make good any claim they may have to the West half of Lot number Eighteen, in the seventh Concession of the Township of Charlottenburgh, in the Eastern District, within six months from this date, the same will be otherwise disposed of.

To all whom it may concern—

GREETING:

KNOW YE, that by and with the advice and consent of the Executive Council of our Province of Upper Canada, and in pursuance of the authority of an Act passed in the Parliament of Great Britain and Ireland, in the sixth year of the Reign of His late Majesty King George the Fourth, entitled "An Act to Regulate the Trade of the British Possessions Abroad," We have thought fit to appoint, and do hereby appoint, the Harbour or Bay commonly called Big Bay, in front of Lots numbers Twenty-seven, Twenty-eight, Twenty-nine and Thirty, in the front Concession of the Township of Whitby, in the Home District of our said Province, together with the said Lots, to be a Port of Entry and Clearance, by the name of the Port of Windsor, for the Entry of Goods brought or Imported into this Province from any adjoining foreign country; and We do hereby declare, that the said Port of Windsor shall comprehend the whole of the said Bay called Big Bay, and the several Lots of Land bounding thereon, being broken Lots numbers twenty-seven, Twenty-eight, Twenty-nine and Thirty, in the front Concession of the Township of Whitby aforesaid.

IN TESTIMONY WHEREOF, We have caused these our Letters to be made Patent, and the Great Seal of our said Province to be hereunto affixed.—WITNESS, our trusty and well beloved SIR JOHN COLBORNE, K. C. B. Lieutenant Governor of our said Province, and Major General commanding our Forces therein, at York, this Twelfth day of May, One Thousand Eight Hundred and Thirty-one, and in the first year of our Reign.

A DESPATCH,

Of which the following is a copy, has been received by the Lieutenant Governor, from His Majesty's Secretary of State for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH.

MAJOR GENERAL
SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH.

MAJOR GENERAL SIR JOHN COLBORNE,
&c. &c. &c.

Executive Council Office,

NOTICE is hereby given, by Order of HIS EXCELLENCY the Lieutenant Governor in Council, that unless Samuel Woodworth, or his Heirs, do make good any claim they may have to the South half of Lot number One, in the Seventh Concession of the Township of Lochiel, (formerly number One in the Sixteenth of Lancaster,) in the Eastern District, within Six months from this date, the same will be otherwise disposed of

A DESPATCH,

Of which the following is a copy, has been received by the Lieutenant Governor, from His Majesty's Secretary of State for the Colonies:—

(CIRCULAR.)

Downing Street,
2nd May, 1831.

Sir,—

Much inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH.

Major General
Sir John Colborne,
&c. &c. &c.

Executive Council Office,
York, 4th August, 1831.

NOTICE is hereby given, by Order of His Excellency the Lieutenant Governor in Council, that unless Samuel Woodworth, or his Heirs, do make good any claim they may have to the South half of Lot number One, in the Seventh Concession of the Township of Lochiel, (formerly number One in the Sixteenth of Lancaster,) in the Eastern District, within Six months from this date, the same will be otherwise disposed of

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of His Excellency the Lieutenant Governor in Council; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of His Excellency the Lieutenant Governor in Council; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.

MAJOR GENERAL GODERICH.
SIR JOHN COLBORNE,
&c. &c. &c.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH

MAJOR GENERAL SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of His Excellency the Lieutenant Governor in Council; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY of STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
MAJOR GENERAL GODERICH
SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,
York, 4th August, 1831.

NOTICE is hereby given, by Order of His EXCELLENCY the Lieutenant Governor in Council, that unless Samuel Woodworth, or his Heirs, do make good any claim they may have to the South half of Lot number One, in the Seventh Concession of the Township of Lochiel, (formerly number One in the Sixteenth of Lancaster,) in the Eastern District, within Six months from this date, the same will be otherwise disposed of

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of His EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without reside , be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
MAJOR GENERAL GODERICH
SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,
York, 4th August, 1831.

NOTICE is hereby given, by Order of HIS EXCELLENCY the Lieutenant Governor in Council, that unless Samuel Woodworth, or his Heirs, do make good any claim they may have to the South half of Lot number One, in the Seventh Concession of the Township of Lochiel, (formerly number One in the Sixteenth of Lancaster,) in the Eastern District, within Six months from this date, the same will be otherwise disposed of

JOHN BEIKIE,
Acting *C. E. C.*

Executive Council Office,
York, 21st July, 1831.

NOTICE is hereby given, by order of His Excellency the Lieutenant Governor in Council, that unless Josiah Dean, or his Heirs, do make good any claim they may have to Lots numbers three and four, in the third Concession of the Township of Cramahé, in the District of Newcastle, within six months from this date, the said Lots will be otherwise disposed of.

JOHN BEIKIE,
10 *Acting C. E. C.*

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.

MAJOR GENERAL GODERICH
SIR JOHN COLBORNE,
&c. &c. &c.

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY of STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
MAJOR GENERAL GODERICH
SIR JOHN COLBORNE,
&c. &c. &c.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies :—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH

MAJOR GENERAL
SIR JOHN COLBORNE,
&c. &c. &c.

Government Office,

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

JOHN SMALL,

RESOLVED—That to prevent surprise, and to afford time for proper investigation in matters that may affect the private rights of individuals, it is expedient to make it a standing order of the Legislative Council, that no Petition for a private Bill, which can affect the vested right, interest or convenience of any person or persons other than the Petitioner or Petitioners, shall be received after the twentieth day of the Session, and that no Private Bill of the nature above described which may come up from the Assembly, after the thirtieth day of the Session, shall be proceeded upon in the Legislative Council.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
MAJOR GENERAL GODERICH

SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

A DESPATCH.

Of wh… the following is a copy, has been … received by the LIEUTENANT GOVERNOR … from His MAJESTY'S SECRETARY OF STATE … for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1830.

SIR,—

Much inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would, of course, be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the reasons for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State from making complaints in cases in which those complaints are directed against the Governor himself.

I have, &c.
(Signed) GODERICH.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH

MAJOR GENERAL
SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,

2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided so-

pies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,

&c. &c. &c.

GODERICH

MAJOR GENERAL SIR JOHN COLBORNE, &c. &c. &c.

EXECUTIVE COUNCIL OFFICE,

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY of STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the case and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.

MAJOR GENERAL SIR JOHN COLBORNE, &c. &c. &c. GODERICH

EXECUTIVE COUNCIL OFFICE,
York, 23rd September, 1831.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR in Council; that Sealed Proposals, (post-paid) for a Lease of the Ferry to be established from Fort Erie, in the District of Niagara, to Buffalo, on the American shore, for the term of seven years, to be endorsed—"*Tender for Ferry*"—will be received at this Office until the third day of November next, on which day the Lease will be adjudged to the highest bidder, who will be required to enter into the usual security for the due performance of the conditions, and to pay one pound twelve shillings and six pence, Currency, for the Patent before it issues. The Lease to be always subject to such Rules and Regulations for Ferriage, and attendance, as the Magistrates of the said District of Niagara in General Quarter Sessions of the Peace may be pleased to adopt.

NOTICE is hereby given, by order of His Excellency the Lieutenant Governor in Council, that unless Josiah Dean, or his Heirs, do make good any claim they may have to Lots numbers three and four, in the third Concession of the Township of Cramahé, in the District of Newcastle, within six months from this date, the said Lots will be otherwise disposed of.

JOHN BEIKIE,
10 *Acting C. E. C.*

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

JOHN SMALL,

And that all such Settlers are to understand, that notwithstanding their residence, they will forfeit their right to the Lot, unless, within the said twelve months, their Settlement Duties shall be fully performed. A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH

MAJOR GENERAL
SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY THE LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

23rd NOVEMBER, 1831.

Address of the Legislative Council, in reply to the Speech at the opening of the Second Session of the Eleventh Provincial Parliament.

To His Excellency SIR JOHN COLBORNE, Knight, Commander of the Most Honorable Military Order of the Bath, Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We, His Majesty's Dutiful and Loyal Subjects, the Legislative Council, in Provincial Parliament Assembled, beg leave to return our best acknowledgments for Your Excellency's Speech at the opening of the Session.

The consideration which induced Your Excellency to call together the Legislature earlier than the usual period will no doubt be fully appreciated.

We trust, with His Majesty's Government, that the late Regulations introduced into this Province respecting the Trade of the Colonies, by encouraging a free Commercial intercourse on the St. Lawrence and increasing our Exports, will be found to promote the general prosperity of the Canadas.

It is highly gratifying to us to learn that in the contemplated change of the Timber Duties nothing more was intended than a repeal of certain fiscal regulations bearing unequally on the Trade in England; and we congratulate the Province, on the assurance of Your Excellency, that His Majesty's Ministers are so well aware of the importance of the North American Colonies to the strength and power of the British Empire, that in any future change of the existing scale of Duties they will not cease to feel that the development of their resources is an object of the greatest interest to which they can direct their attention.

We are fully persuaded that His Majesty, in proposing to render the Commissions of the Judges dependent on good behaviour, and not as heretofore, on the Royal Pleasure, intended to afford a new proof of His Gracious desire to promote the welfare of the Colony, and we shall not fail to give our best attention to any communication from Your Excellency relating to further instructions on that subject.

We trust that much benefit has been derived in every District from the last grant to improve the Highways, but concur with Your Excellency in the opinion that a more effectual and permanent system for repairing the Roads and Bridges and improving the communication with the back Townships, is necessary, to give activity to internal Commerce, and to insure immediate benefit from the recent extensive Emigration to this Province.

Our best exertions shall be used in considering this subject; and while learning from Your Excellency that it is the intention of His Majesty's Government to propose measures for future periodical Emigration, and to afford aid to the advancement of Education and the encouragement of District and Township Schools, we anticipate with feelings of grateful acknowledgement that such a preparation will be made for the reception of the different classes leaving their Parent State as must enable us soon to find them spreading over the most fertile Tracts in the Province, and enjoying a competence which the industrious Settler seldom fails to attain in this happy Country of his adoption.

JOHN B. ROBINSON,
SPEAKER.

Legislative Council Chamber, 23rd day of November, 1831.

24th NOVEMBER, 1831.

Address of the Commons House of Assembly in reply to the Speech at the opening of the Second Session of the Eleventh Provincial Parliament.

To His Excellency SIR JOHN COLBORNE, Knight, Commander of the Most Honorable Military Order of the Bath, Lieutenant Governor of the Province of Upper Canada, Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We, His Majesty's Dutiful and Loyal Subjects, the Commons of Upper Canada, in Provincial Parliament Assembled, humbly thank Your Excellency for Your Gracious Speech from the Throne at the opening of the present Session, and beg leave to assure Your Excellency that we entirely concur with Your Excellency in regarding the present Season, in every respect, more convenient to the Province, for the meeting of the Legislature, than the period at which it has heretofore been usually assembled.

While we feel every confidence in the earnest desire of His Majesty's Ministers to promote the general prosperity of the Canadas, by encouraging a free Commercial intercourse on the Saint Lawrence, and increasing our Exports, yet we are persuaded that His Majesty will not fail to perceive with how much greater advantage any new regulations respecting the Trade of the Colonies might be introduced were a sufficient period allowed, previous to their taking effect, for enabling those concerned in Mercantile pursuits to guard against any changes which, though salutary in themselves, might, by their sudden introduction, prove ruinous to Commercial enterprise.

We feel constrained to state that we have viewed with unmingled regret the attempts which have been made to make alterations in the Duties on Timber, which must materially affect that branch of the Trade of the North American Colonies, and the more so as any alteration tending to diminish the amount of Tonnage at the Port of Quebec must necessarily at the same time lessen the means of transport for that increasing Emigration which proves alike beneficial to the Colony and to the Parent State: but we are, nevertheless, happy in receiving the assurance of Your Excellency that should a change or modification in the existing scale of Duties be at any time proposed, His Majesty's Ministers are so fully convinced of the importance of the North American Colonies to the strength and power of the British Empire, that they will not cease to feel that the progressive developement of our resources is an object of the greatest interest to which they can direct their attention.

We will not delay taking into our consideration the Accounts and Estimates, when laid before us by Your Excellency, and will not fail to make such provision for the Public Service as a due sense of that important duty shall point out.

The gracious acquiescence of His Majesty in the solicitations of this House for the independence of the Judges affords the strongest assurance with what confidence we may repose in the paternal disposition of His Majesty to concur in every reasonable request of His faithful Commons, and the readiness with which we acceded to His Majesty's desire, communicated during the last Session of Parliament, that a suitable provision should be made for rendering the Judges independent of the popular branch of the Legislature, having been so graciously met on behalf of our beloved Sovereign, is an additional proof that an unsuspecting confidence on behalf of the people cannot be misplaced when reposed in a Sovereign so affectionately solicitous for the welfare of His Subjects.

We shall be happy to receive any Message communicating the further instructions transmitted to Your Excellency referring to this additional proof of His Majesty's desire to promote the welfare of the Colony.

We fully concur with Your Excellency in believing that in every District much benefit has been derived from the last grant to improve the Highways, and we are deeply impressed with the urgent necessity which exists, and is annually increasing, for establishing a system which will ensure the effectual reparation of Roads and Bridges and the improvement of the principal communications of the back Townships, to the accomplishment of which important objects we will not omit to devote our best exertions—the value of which, we trust, will be materially enhanced by our local experience.

We are happy to receive the assurance of Your Excellency that the measures proposed to guide the future periodical Emigrations and the aid intended to be granted by His Majesty's Government for the encouragement of District and Township Schools, and the advancement of the purposes of Education, will gradually prepare the Colony for the reception of the Agricultural classes leaving the Parent State; and we fully participate in the hope expressed by Your Excellency, that we shall soon see this valuable description of Settlers enjoying that competence which, in this prosperous Country, is the sure reward of honesty, industry, and sobriety.

WILLIAM the FOURTH, by the Grace of GOD, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, &c.

To all whom it may concern—

GREETING:

KNOW YE, that by and with the advice and consent of the Executive Council of our Province of Upper Canada, and in pursuance of the authority of an Act passed in the Parliament of Great Britain and Ireland, in the sixth year of the Reign of His late Majesty King George the Fourth, entitled "An Act to Regulate the Trade of the British Possessions Abroad," We have thought fit to appoint, and do hereby appoint, the Harbour or Bay commonly called Big Bay, in front of Lots numbers Twenty-seven, Twenty-eight, Twenty-nine and Thirty, in the front Concession of the Township of Whitby, in the Home District of our said Province. together with the said Lots, to be a Port of Entry and Clearance, by the name of the Port of Windsor, for the Entry of Goods brought or Imported into this Province from any adjoining foreign country; and We do hereby declare, that the said Port of Windsor shall comprehend the whole of the said Bay called Big Bay, and the several Lots of Land bounding thereon, being broken Lots numbers twenty-seven, Twenty-eight, Twenty-nine and Thirty, in the front Concession of the Township of Whitby aforesaid.

IN TESTIMONY WHEREOF, We have caused these our Letters to be made Patent, and the Great Seal of our said Province to be hereunto affixed.—WITNESS, our trusty and well beloved SIR JOHN COLBORNE, K. C. B. Lieutenant Governor of our said Province, and Major General commanding our Forces therein, at York, this Twelfth day of May, One Thousand Eight Hundred and Thirty-one, and in the first year of our Reign.

GOVERNMENT OFFICE,
York, 18th November, 1830.

HIS Majesty's Government having authorised a certain proportion of the annual consumption of Hemp, throughout the King's Dock Yards in England, to be purchased in Canada, it is hereby notified, that, Hemp, bona fide, the growth of Canada, properly dressed, and of equal quality to St. Petersburgh, or to Riga Hemp, will be purchased by the Respective Officers of His Majesty's Dock Yard, at Kingston, if approved of by them, and delivered at the Dock Yard.

The value of Canadian Hemp "per Ton, will be always regulated by the price paid for St. Petersburgh or Riga Hemp," in the King's Dock Yards at home.

On an average, the quantity of Canadian Hemp, which can be purchased at

Kingston, by the Respective Officers, will be from Six hundred to Seven hundred Tons Annually. The price which can this year be paid for clean Canadian Hemp, as above described, will be according to its quality, Forty or Forty-three pounds Halifax Currency per Ton.

Colonel Covert has erected Mills near Cobourg, for the purpose of preparing Hemp for Exportation, and will give any information to Farmers respecting the best method of dressing it, and the profit likely to be obtained from cultivating Hemp in Upper Canada.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH

MAJOR GENERAL
SIR JOHN COLBORNE,
&c. &c. &c.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers, and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

SOLDIERS who have obtained their discharges from His Majesty's Service, and who have claims for Land in Upper Canada, will apply to the Government Office for instructions, and produce their Discharges or Certificates, from the Chelsea Hospital.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from His MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.

MAJOR GENERAL GODERICH
SIR JOHN COLBORNE,
&c. &c. &c.

GOVERNMENT OFFICE,
York, 18th November, 1830.

HIS Majesty's Government having authorised a certain proportion of the annual consumption of Hemp, throughout the King's Dock Yards in England, to be purchased in Canada, it is hereby notified, that, Hemp, bona fide, the growth of Canada, properly dressed, and of equal quality to St. Petersburgh, or to Riga Hemp, will be purchased by the Respective Officers of His Majesty's Dock Yard, at Kingston, if approved of by them, and delivered at the Dock Yard.

The value of Canadian Hemp "per Ton, will be always regulated by the price paid for St. Petersburgh or Riga Hemp," in the King's Dock Yards at home.

On an average, the quantity of Canadian Hemp, which can be purchased at Kingston, by the Respective Officers, will be from Six hundred to Seven hundred Tons Annually. The price which can this year be paid for clean Canadian Hemp, as above described, will be according to its quality, Forty or Forty-three pounds Halifax Currency per Ton.

Colonel Covert has erected Mills near Cobourg, for the purpose of preparing Hemp for Exportation, and will give any information to Farmers respecting the best method of dressing it, and the profit likely to be obtained from cultivating Hemp in Upper Canada.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY THE LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

JOHN SMALL,
27 *C.E.C.*

Com'r. of Crown Lands Office,
York, 1st December, 1831.

THE following summary of the Rules established by His MAJESTY'S GOVERNMENT for regulating the disposal of Lands, is published for the information of persons desirous of settling in Upper Canada:—

Once in every year, or oftener, the Commissioner of Crown Lands will draw up his report of the Land which it may be expedient to offer for sale by Public Auction within the ensuing year, and the upset price per Acre at which he would recommend it to be offered; the Land so offered having been previously surveyed and valued.

The Land will be laid out in Lots of one hundred Acres each, and plans prepared for public inspection; which plans may be inspected in the Office of the Surveyor General, or in that of his Deputies.

The Commissioner of Crown Lands will give public notice in the Upper Canada Gazette, and such Newspapers as may be circulating in the Province, of the time and place for the sale of Land in each District, and of the upset price at which the Lands are proposed to be offered. The Lots will be sold to the highest bidder, and if no offer be made at the upset price, the Land will be reserved for future sale in a similar manner by Auction.

The purchase money will be required to be paid down at the time of sale, or by four instalments with interest; the first instalment at the time of the sale, and the second, third and fourth instalments at the interval of a year.

Any further conditions respecting these sales, will be found in the printed Advertisements giving notice of them.

To indigent Settlers who may be unable to avail themselves of these opportunities of purchase, Lands will be assigned by private sale, in certain specified Townships, at an estimated value, and the first payment will be accepted at the end of three years, without interest, and the remainder of the purchase money to be paid in three equal instalments, interest to commence after three years from the purchase.

Free Grants are not made to any but U. E. Loyalists, or such persons as have served His Majesty in the Navy or Regular Army. Persons of either of these classes will forward their applications for Land, accompanied by official documents in support of their claims, as heretofore, to the Civil Secretary of the Lieutenant Governor, and will receive answers to them on applying to the Clerk of the Executive Council, and their Location Tickets from the Surveyor General.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY of STATE for the Colonies:—

(CIRCULAR.)

Downing Street,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.
GODERICH

MAJOR GENERAL
SIR JOHN COLBORNE,
&c. &c. &c.

GOVERNMENT OFFICE,
York, 18th November, 1830.

HIS Majesty's Government having authorised a certain proportion of the annual consumption of Hemp, throughout the King's Dock Yards in England, to be purchased in Canada, it is hereby notified, that, Hemp, bona fide, the growth of Canada, properly dressed, and of equal quality to St. Petersburgh, or to Riga Hemp, will be purchased by the Respective Officers of His Majesty's Dock Yard, at Kingston, if approved of by them, and delivered at the Dock Yard.

The value of Canadian Hemp "per Ton, will be always regulated by the price paid for St. Petersburgh or Riga Hemp," in the King's Dock Yards at home.

On an average, the quantity of Canadian Hemp, which can be purchased at Kingston, by the Respective Officers, will be from Six hundred to Seven hundred Tons Annually. The price which can this year be paid for clean Canadian Hemp, as above described, will be according to its quality, Forty or Forty-three pounds Halifax Currency per Ton.

Colonel Covert has erected Mills near Cobourg, for the purpose of preparing Hemp for Exportation, and will give any information to Farmers respecting the best method of dressing it, and the profit likely to be obtained from cultivating Hemp in Upper Canada.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY THE LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

JOHN SMALL,
27 *C.E.C.*

Com'r. of Crown Lands Office,
York, 1st December, 1831.

THE following summary of the Rules established by HIS MAJESTY'S GOVERNMENT for regulating the disposal of Lands, is published for the information of persons desirous of settling in Upper Canada:—

Once in every year, or oftener, the Commissioner of Crown Lands will draw up his report of the Land which it may be expedient to offer for sale by Public Auction within the ensuing year, and the upset price per Acre at which he would recommend it to be offered; the Land so offered having been previously surveyed and valued.

The Land will be laid out in Lots of one hundred Acres each, and plans prepared for public inspection; which plans may be inspected in the Office of the Surveyor General, or in that of his Deputies.

The Commissioner of Crown Lands will give public notice in the Upper Canada Gazette, and such Newspapers as may be circulating in the Province, of the time and place for the sale of Land in each District, and of the upset price at which the Lands are proposed to be offered. The Lots will be sold to the highest bidder, and if no offer be made at the upset price, the Land will be reserved for future sale in a similar manner by Auction.

The purchase money will be required to be paid down at the time of sale, or by four instalments with interest; the first instalment at the time of the sale, and the second, third and fourth instalments at the interval of a year.

Any further conditions respecting these sales, will be found in the printed Advertisements giving notice of them.

To indigent Settlers who may be unable to avail themselves of these opportunities of purchase, Lands will be assigned by private sale, in certain specified Townships, at an estimated value, and the first payment will be accepted at the end of three years, without interest, and the remainder of the purchase money to be paid in three equal instalments, interest to commence after three years from the purchase.

Free Grants are not made to any but U. E. Loyalists, or such persons as have served His Majesty in the Navy or Regular Army. Persons of either of these classes will forward their applications for Land, accompanied by official documents in support of their claims, as heretofore, to the Civil Secretary of the Lieutenant Governor, and will receive answers to them on applying to the Clerk of the Executive Council, and their Location Tickets from the Surveyor General.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY OF STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.

MAJOR GENERAL GODERICH
SIR JOHN COLBORNE,
&c. &c. &c.

GOVERNMENT OFFICE,
York, 18th November, 1830.

HIS Majesty's Government having authorised a certain proportion of the annual consumption of Hemp, throughout the King's Dock Yards in England, to be purchased in Canada, it is hereby notified, that, Hemp, bona fide, the growth of Canada, properly dressed, and of equal quality to St. Petersburgh, or to Riga Hemp, will be purchased by the Respective Officers of His Majesty's Dock Yard, at Kingston, if approved of by them, and delivered at the Dock Yard.

The value of Canadian Hemp "per Ton, will be always regulated by the price paid for St. Petersburgh or Riga Hemp," in the King's Dock Yards at home.

On an average, the quantity of Canadian Hemp, which can be purchased at Kingston, by the Respective Officers, will be from Six hundred to Seven hundred Tons Annually. The price which can this year be paid for clean Canadian Hemp, as above described, will be according to its quality, Forty or Forty-three pounds Halifax Currency per Ton.

Colonel Covert has erected Mills near Cobourg, for the purpose of preparing Hemp for Exportation, and will give any information to Farmers respecting the best method of dressing it, and the profit likely to be obtained from cultivating Hemp in Upper Canada.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY THE LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

JOHN SMALL,
27 *C.E.C.*

Com'r. of Crown Lands Office,
York, 1st December, 1831.

THE following summary of the Rules established by HIS MAJESTY'S GOVERNMENT for regulating the disposal of Lands, is published for the information of persons desirous of settling in Upper Canada:—

Once in every year, or oftener, the Commissioner of Crown Lands will draw up his report of the Land which it may be expedient to offer for sale by Public Auction within the ensuing year, and the upset price per Acre at which he would recommend it to be offered; the Land so offered having been previously surveyed and valued.

The Land will be laid out in Lots of one hundred Acres each, and plans prepared for public inspection; which plans may be inspected in the Office of the Surveyor General, or in that of his Deputies.

The Commissioner of Crown Lands will give public notice in the Upper Canada Gazette, and such Newspapers as may be circulating in the Province, of the time and place for the sale of Land in each District, and of the upset price at which the Lands are proposed to be offered. The Lots will be sold to the highest bidder, and if no offer be made at the upset price, the Land will be reserved for future sale in a similar manner by Auction.

The purchase money will be required to be paid down at the time of sale, or by four instalments with interest; the first instalment at the time of the sale, and the second, third and fourth instalments at the interval of a year.

Any further conditions respecting these sales, will be found in the printed Advertisements giving notice of them.

To indigent Settlers who may be unable to avail themselves of these opportunities of purchase, Lands will be assigned by private sale, in certain specified Townships, at an estimated value, and the first payment will be accepted at the end of three years, without interest, and the remainder of the purchase money to be paid in three equal instalments, interest to commence after three years from the purchase.

Free Grants are not made to any but U. E. Loyalists, or such persons as have served His Majesty in the Navy or Regular Army. Persons of either of these classes will forward their applications for Land, accompanied by official documents in support of their claims, as heretofore, to the Civil Secretary of the Lieutenant Governor, and will receive answers to them on applying to the Clerk of the Executive Council, and their Location Tickets from the Surveyor General.

An Act respecting the time and place of Sitting of the Court of Kings' Bench.

(Passed 23d December, 1831.)

WHEREAS by an Act of the Parliament of this Province, passed in the thirty-fourth year of the Reign of His late Majesty King George the Third, intituled "An Act to establish a Superior Court of Civil and Criminal Jurisdiction, and to regulate the Court of Appeal," it is provided "that His Majesty's Court of Kings Bench in this Province shall be holden in a place certain, that is, in the City, Town or Place, where the Governor, or Lieutenant Governor shall usually reside, and until such place be fixed the said Court shall be holden at the last place of meeting of the Legislative Council and Assembly," and whereas no Public Building has yet been erected for the accommodation of the Court of Kings' Bench, and it may be found convenient to allow the said Court to be holden at some eligible place in the immediate vicinity of the Seat of Government, although not within the actual limits of the City, Town or Place, in which the Governor or Lieutenant Governor shall usually reside.—*Be it therefore enacted* by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Assembly of the Province of Upper Canada, constituted and assembled by virtue of and under the authority of an Act passed in the Parliament of Great Britain, entitled, "An Act to repeal certain part of an Act passed in the fourteenth year of His Majesty's Reign, entitled 'An Act for making more effectual provision for the Government of the Province of Quebec in North America, and to make further provision for the Government of the said Province,'" and by the authority of the same, That such part of the said Act hereinbefore recited as appoints the place at which the Court of King's Bench shall be holden, shall be and the same is hereby repealed.

II. *And be it further enacted by the authority aforesaid*, That His Majesty's Court of King's Bench in this Province shall be holden at a place certain, that is in the City, Town or place which shall be for the time the seat of the Civil Government of this Province, or within one mile of such City, Town or Place, and that the place in which the said Court shall be holden under the authority of this Act, shall be deemed and taken with reference to the sitting of such Court to form part and parcel of the City, Town or Place, which shall be for the time the Seat of the Civil Government of this Province, notwithstanding it may be without the Geographical limits thereof.

III. *And whereas*, It is expedient to alter the period of holding the term of Hilary;—*Be it therefore enacted by the authority aforesaid*, That the term of Hilary shall henceforth commence on the first Monday in February, and end on the Saturday of the week following, any law or usage to the contrary notwithstanding.

IV. *Provided always nevertheless, and be it further enacted by the authority aforesaid*, That any Writs, Process, Entry or Proceeding which hath been, or shall be issued, had or made in which the Term of Hilary during this present year, or any return day thereof is described and set forth, otherwise, than according to the provision in this Act contained, shall nevertheless be valid and effectual, and the commencement and end of such Term of Hilary and other return day therein mentioned in any such Writ, Process, Entry or Proceeding, shall, with respect to such Writ, Process, Entry or Proceeding, and all subsequent proceeding thereon, be deemed and taken to be as it should and ought to have been according to the periods in this Act appointed for the commencement and duration of the said Term of Hilary.

An Act to remove doubts respecting the Jurisdiction over offences committed upon the Lakes and Rivers in this Province.

(Passed 23d December, 1831.)

WHEREAS in the several Statutes passed for the division of this Province into Counties and Districts, express provision has not been made respecting the Navigation and other Waters lying within the limits of this Province, but not included within the boundaries of any Surveyed Township, and doubts may therefore arise respecting the jurisdiction over offences committed upon such Waters, and it is expedient to remove such doubts:—*Be it therefore enacted* by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Assembly of the Province of Upper Canada, constituted and assembled by virtue of and under the authority of an Act passed in the Parliament of Great Britain, entitled, "An Act to repeal certain parts of an Act passed in the fourteenth year of His Majesty's Reign, entitled, 'An Act for making more effectual provision for the Government of the Province of Quebec in North America, and to make further provision for the Government of the said Province,'" and by the authority of the same, That the Lakes, Rivers, and other Waters of this Province which are not comprehended within the defined limits of any Town, Township or County, shall and may be taken to be, and are hereby declared to be parts of that District respectively, within the exterior side lines of which any such Lake, River, or other Water would lie and be, if such exterior side lines were produced in that direction to the utmost limits of this Province.

II. *And be it further enacted by the authority aforesaid*, That all crimes and offences committed in or upon any of the said Waters may be enquired of and tried within any District lying adjacent to such Waters, and shall and may be laid and charged to have been committed within the jurisdiction of the Court, which shall try the same, and such Court shall and may proceed thereon to Trial, Judgment and Execution, or other punishment for such

Government Office,
17th December, 1830.

SOLDIERS who have obtained their discharges from His Majesty's Service, and who have claims for Land in Upper Canada, will apply to the Government Office for instructions, and produce their Discharges or Certificates, from the Chelsea Hospital.

A DESPATCH,

Of which the following is a copy, has been received by the LIEUTENANT GOVERNOR, from HIS MAJESTY'S SECRETARY of STATE for the Colonies:—

(CIRCULAR.)

DOWNING STREET,
2nd May, 1831.

SIR,—

MUCH inconvenience has, in several instances, arisen from the transmission of representations to this Department by subordinate Officers or private individuals in the Colonies, without the intervention of the respective Governors.

In such cases it often becomes necessary to return the Communications to the Colony, for the report or explanations of the Governor; and the decisions on the cases and the answers to the parties, are thus retarded, and prejudice occasioned to the objects which they had in view, as well as to the Public Service.

It is especially necessary that the regular channel for transmitting letters should be adhered to, or copies of them previously communicated to the Governor, when the object of the writers is to appeal to His Majesty or to the Secretary of State, against any proceeding of the Colonial Authorities, since it would of course be impossible to form any opinion upon such a subject, unless those authorities should have had ample opportunity of explaining the views by which they had been actuated.

I have, therefore, to request that you will take such measures as may appear to you to be most effectual for making it generally known in the Colony under your Government, that unless in cases where some especial and sufficient reason can be assigned for a contrary course, the Secretary of State will be under the necessity of declining to entertain the subject of any representation which shall not have been previously submitted to the Governor.

In order, however, that the notice for this regulation may not be misunderstood, you will, at the same time, explain that it is not intended to prevent any of His Majesty's Subjects from sending Memorials or Letters to His Majesty, or to the Secretary of State through any medium, other than that of the Governor, provided copies are previously communicated to him, it being fully understood, that if this is neglected, no steps will be taken upon them without that delay, which, unless in very peculiar cases, must ensue in the answer to be returned, owing to the necessity of referring the matter to the Governor, for his report upon it.

I have the Honor to be,
&c. &c. &c.

MAJOR GENERAL SIR JOHN COLBORNE, &c. &c. &c. GODERICH

GOVERNMENT OFFICE,
York, 18th November, 1830.

HIS Majesty's Government having authorised a certain proportion of the annual consumption of Hemp, throughout the King's Dock Yards in England, to be purchased in Canada, it is hereby notified, that, Hemp, bona fide, the growth of Canada, properly dressed, and of equal quality to St. Petersburgh, or to Riga Hemp, will be purchased by the Respective Officers of His Majesty's Dock Yard, at Kingston, if approved of by them, and delivered at the Dock Yard.

The value of Canadian Hemp "per Ton, will be always regulated by the price paid for St. Petersburgh or Riga Hemp," in the King's Dock Yards at home.

On an average, the quantity of Canadian Hemp, which can be purchased at Kingston, by the Respective Officers, will be from Six hundred to Seven hundred Tons Annually. The price which can this year be paid for clean Canadian Hemp, as above described, will be according to its quality, Forty or Forty-three pounds Halifax Currency per Ton.

Colonel Covert has erected Mills near Cobourg, for the purpose of preparing Hemp for Exportation, and will give any information to Farmers respecting the best method of dressing it, and the profit likely to be obtained from cultivating Hemp in Upper Canada.

EXECUTIVE COUNCIL OFFICE,
York, 20th November, 1830.

NOTICE is hereby given, by order of HIS EXCELLENCY the LIEUTENANT GOVERNOR IN COUNCIL; that in lieu of the Settlement Duties heretofore exacted, the following Settlement Duties shall be required in respect of all Locations made after this date, viz:—

The Locatee shall clear thoroughly the half of the Road in width, opposite to the front of his Lot, by burning or totally removing all the Timber, Wood and underwood of every kind therefrom. He shall cut down the stumps for the space of ten feet from the centre of the Road, so low, that a Waggon Wheel may easily pass over any thing that stands within that space, and he shall sow with Grass-seed the Road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the Lot for the space of two years, a Patent may issue without other condition of Settlement Duty.—But in cases where the Lot has not been so occupied, a Patent shall not issue until the Locatee, in addition to the Road Duties, above prescribed, shall have wholly cleared the Timber from the front of his Lot for the space of one chain.

If proof of Settlement Duties, as above required, with, or without residence, be not produced to the Surveyor General within two years and a half, the Lot shall be again open to Location.

It is further ordered, that the above Regulation shall not interfere with the Order in Council of 14th May, 1830, which applies exclusively to discharged Soldiers and in respect to whom, the period of residence is hereby appointed to be three years, instead of five, as prescribed by that Order.

And further, that in respect to all Locations made before this date, the Grantee shall have the option of performing the Settlement Duties either according to this Regulation, or to the Regulations which were in force before the making of this Order.

Lastly, it is ordered, that where a Grantee has a Grant of more than one Lot in a Township, and resides upon one of them, the Settlement Duties in respect to those Lots, on which he does not reside, shall consist of the Road Duty, and the clearing the chain in front of the Lot, as above mentioned.

York, 1st December, 1831.

THE following summary of the Rules established by HIS MAJESTY'S GOVERNMENT for regulating the disposal of Lands, is published for the information of persons desirous of settling in Upper Canada:—

The Land will be laid out in Lots of one hundred Acres each, and plans prepared for public inspection; which plans may be inspected in the Office of the Surveyor General, or in that of his Deputies.

The Commissioner of Crown Lands will give public notice in the Upper Canada Gazette, and such Newspapers as may be circulating in the Province, of the time and place for the sale of Land in each District, and of the upset price at which the Lands are proposed to be offered. The Lots will be sold to the highest bidder, and if no offer be made at the upset price, the Land will be reserved for future sale in a similar manner by Auction.

The purchase money will be required to be paid down at the time of sale, or by four instalments with interest; the first instalment at the time of the sale, and the second, third and fourth instalments at the interval of a year.

Any further conditions respecting these sales, will be found in the printed Advertisements giving notice of them.

To indigent Settlers who may be unable to avail themselves of these opportunities of purchase, Lands will be assigned by private sale, in certain specified Townships, at an estimated value, and the first payment will be accepted at the end of three years, without interest, and the remainder of the purchase money to be paid in three equal instalments, interest to commence after three years from the purchase.

Free Grants are not made to any but U. E. Loyalists, or such persons as have served His Majesty in the Navy or Regular Army. Persons of either of these classes will forward their applications for Land, accompanied by official documents in support of their claims, as heretofore, to the Civil Secretary of the Lieutenant Governor, and will receive answers to them on applying to the Clerk of the Executive Council, and their Location Tickets from the Surveyor General.
