MILITIA GENERAL ORDER.

No. 1.

HIS Excellency the Lieutenant Governor, has seen with much satisfaction, the zeal and alacrity with which the Second Regiment of Middlesex Militia completed its Contingent for six months active service for the defence of the Province. In that Regiment it was not found necessary to have recourse either to drafting or balloting. Volunteers enough, and more than enough, pressed forward to be en-

rolled for the service of their country. This is a pleasing fact to record, both with regard to its political and its military bearing.

Circumstances, however, frequently arise, and have actually occurred in the instance of several Regiments, to prevent that due attendance to the call for Militia Service which the laws of the country exact; and His Excellency the Lieutenant Governor would be sorry, in these cases where necessity or strong controling causes operated to prevent attendance, that the penalty of the law should press with hardship; he will therefore always feel happy in giving a favourable consideration to such cases as Commanding Officers shall recommend as deserving of lenity and indulgence.

Major Beale, of the 2nd Regiment Oxford, will attach himself to the Brantford Light Infantry, under the command of Col. Arnold Burrowes. His services take date from the 20th December last.

NOTWITHSTANDING the attention of Officers, Commanding Regiments, Battalions, Corps, Companies, &c. of Militia and Volunteers, Embodied, and on Active Service, was particularly called to the Regular Transmission of Returns, as pointed out in the District General Order, No 3, of the 22nd November, 1838, and also in the District General Order, No. 1, of the 7th of December, 1838; and notwithstanding the strictest compliance with those Orders was enjoined, as the Regular Issue of the Pay and Allowances of the Officers Commanding each respectively, and of their Men, chiefly depends on such Regularity of Transmission; yet as these Orders have, in many instances, not been complied with, His Excellency the Lieutenant Governor, and Major General Commanding, directs the most particular attention to be paid to them in future; and that to facilitate the making out of these Returns, Printed Forms shall be forwarded to Officers Commanding Districts, for distribution.

These Returns, accurately filled up, are to be transmitted to Colonel Foster, Assistant Adjutant General to the Forces; and Colonel Bullock, Adjutant General of Militia, at Toronto, on Monday in each week; and to Colonel McKenzie Fraser, Assistant Quarter-master General to the Forces, also at Toronto, on the 1st and 15th days of every Month, until further Orders.

Should, however, any Movement take place, or any Alteration in the Distribution of the Corps, it must be *immediately*, and *fully*, reported to each of the before-mentioned Officers.

In the event of Officers not being in possession of Printed Forms, the Returns required must be made out in Manuscript.

VICTORIA, by the Grace of GOD, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c. &c. &c.

To our beloved and faithful Legislative Councillors of our Province of Upper Canada, and to our Knights, Citizens and Burgesses of our said Province; to our Provincial Parliament, at our City of Toronto, on Saturday, the twenty-third day of February, now next ensuing, to be commenced, held, called and elected, and to every of you— GREETING:

IN TESTIMONY WHEREOF, We have caused these our Letters to be made Patent, and the Great Seal of our said Province to be hereunto affixed:—WITNESS our trusty and well-beloved SIR GEORGE ARTHUR, K.C.H. Lieutenant Governor of our said Province, and Major General Commanding our Forces therein, at Toronto, this thirtieth day of January, in the year of our Lord one thousand eight hundred and thirty-nine, and in the second year of our reign. G. A.

By Command of His Excellency in Council.

C. A. HAGERMAN, ATTORNEY GENERAL.
R. A. TUCKER, SECRETARY. 38

To His Excellency Major General SIR GEORGE ARTHUR, *K. C. H. &c. &c. &c. Lieutenant Governor of Upper Canada.*

MAY IT PLEASE YOUR EXCELLENCY:

We, the Freeholders and Inhabitants of the County of Essex, in the Western District, assembled at a public meeting convened for the purpose, respectfully beg leave to congratulate Your Excellency, upon your safe arrival in this distant part of our Sovereign's Dominions.

We hail with much delight the presence of Your Excellency, as the Representative of our beloved Queen.

But for the unpropitious season of the year at which Your Excellency's visit has occurred, you might have witnessed how bountiful the Creator has been to this favoured District, both as regards fertility of soil and salubrity of climate, which, under Providence, and the blessings of a well-established peace, (blessings, in our opinion, only to be secured to us by an immediate, a vigorous, and a decisive war between Great Britain and that nation opposite to us) must, by man's exertions, by industry and productive labour, become the garden, if not the granary, of Upper Canada.

In the hope of being blessed for the remainder of our lives with prosperity and peace, we, Sir, cast our lot in this Peninsula. We entertained a full conviction that our lives, our persons, and our properties, would be religiously secured by the all-powerful protection of British laws and British arms. We are for the most part Agriculturists, and we all exercise some useful and honourable calling. Our desire has been to improve our farms and properties, and to follow our daily avocations undisturbed by political strife, and unmolested by foreign interference. But our hopes have, during the last twelve months, been wofully and cruelly disappointed.

Your Excellency now witnesses our unfortunate proximity to that country denominated "the United States." You, Sir, have been made acquainted, as well with the many unprovoked, uncalled for, and most heavy injuries and insults, which for months together we endured from the "People" of that country, as with the recent open invasion of our soil and homes by an army of that people, and with the murders, arsons, and atrocities committed by the same people on this very spot, within the last three weeks, and which, if repeated, (as we hear and think they will be) may excite and draw from us immediate retaliation of the most ample kind, be the consequences what they may. We have, Sir, hitherto, forborne, until nature chides us and feels herself degraded. Our forbearance looks almost like cowardice. We can submit no longer to that insolent, ungodly race, whose aggression upon and incursions into our homes and country, are, as we believe, to be prevented only by a national war, (however calamitous war and its consequences always are) or by acts on our part which will convince our unnatural invaders, that the moment they are taken on this soil, certain, instant, and inevitable death, at our hands, will be their fate, without any recognition of them as Prisoners of War, or as any other sort of Prisoners.

Sir, that experience which has at length unmasked to us the true American character, proclaims to us and to our children, that so long as the opposite State of Michigan is occupied by Foreigners, whom we look upon, and justly look upon, as the bitterest enemies of our Queen, our Country, our Constitution, and ourselves, prosperity and peace must and will be strangers to this land. Deeply, Sir, is it now to be lamented, that Lake Michigan (instead of the waters flowing from Lake Huron) is not now, as formerly it was, and as of right it ought to be, and as nature points it out to be, and as it yet must be, if England helps us, her true and loyal Sons and Subjects, (as we trust and think she will) the South-Western Boundary was lost to the British Crown, entirely through the ignorance or inadvertence of His Majesty's Commissioners in 1783, who appear to have forgotten, in the execution of the important trust committed to their charge, that Michigan was part of those French possessions which British valour conquered, and which therefore became legitimately a parcel of this Colony.

In conclusion, we sincerely hope that Your Excellency may live to see our ardent hopes in this respect most amply realized, and that you may, for years to come, administer the Government of Upper Canada with a promptitude and vigour that will at all times, and under all circumstances, enable us not only to annihilate upon the spot our murderous invaders, should they again presume to set their foot upon our soil, but also to thwart the unprincipled cupidity of those treacherous and cunning foreigners, who speak our language, but who are utterly unlike us in every thing besides,—of men who are our enemies, but who not unfrequently profess to be our friends. And may returning prosperity, increasing emigration, and results the most beneficial to this Colony, and to its industrious, and gallant, and truly loyal inhabitants, in due course flow from Your Excellency's Government. For supporting such a wholesome and vigorous Administration, Your Excellency may always rely with confidence upon our best, our zealous, unabating, and unflinching services. The hope of witnessing it will, in some degree, soften and relieve the severe troubles and anxieties which our unnatural foes have caused us to endure, and under which we yet are suffering, and will also cheer us on in the arduous and varied labours of this chequered life, in the employment of our capital, and in the exercise of our mental and physical energies, for the honour of Old England and our Sovereign, for the welfare of our families, and for the best interests of this once happy land,

whose greatest pride, and boast, and glory, are, that it is an integral portion of the British Empire.

WILLIAM ELLIOTT,
CHAIRMAN.

Court House, Sandwich, U. C.
December 24, 1838.

HIS EXCELLENCY'S REPLY.

GENTLEMEN:

I thank you for your loyal Address, which I received whilst on my journey, and for the kind and flattering reception I met with on my arrival on the Western Frontier.

Your fervent declarations of attachment and devotion to the service of your Sovereign, are peculiarly gratifying; and I shall, with great satisfaction, make use of the renewed opportunity they afford me of assuring Her Most Gracious Majesty of the unshaken affection of Her brave Upper Canadian Subjects.

The provocations you have endured from a wicked and licentious portion of the Citizens of the neighbouring Republic are great beyond expression: I have deeply sympathized with you under them, and I feel for the dangers and the sufferings to which you have been exposed.

There is nothing more harassing than incessant watchings by day and by night; nor more wearing to the spirits than the continued apprehension that at any moment, during a course of many months, your dwellings were in danger of becoming the prey of lawless gangs of Ruffians, who, with extensive means, continually menaced your destruction.

I have observed with pain, and with indignation, that your once peaceful and happy District has become the scene of invasion and murder; of foreign violence and foreign treachery: and whilst I admired the constancy and resolution with which you so long prepared to defend your families and your properties, I could not but feel that the conflict was the more unendurable from the fact, that an asylum was afforded to your rapacious invaders in the bosom of a foreign Country, whose Government was at peace with your own.

I know that you fixed your abode upon the confines of the powerful Empire to which you belong, trusting that you were safe under its protection, and expecting you might reap the fruits of your industry with as much security on the banks of the Detroit as in the heart of England. I also know it to be the solemn duty, alike of the Imperial and Provincial Government, to protect your persons, your properties and your laws, and to vindicate your wrongs from what quarter soever they may be inflicted.

I therefore can readily enter into your feelings of excessive exasperation, and cannot but lament that there should be so much reason for entertaining them. But the greater the abhorrence with which you view these repeated infractions of every moral, religious, and national obligation, on the part of the population of the neighbouring Republic, the more apparent must it be to you, that the very contrary course is prescribed to you by your duty, your interest, and your honour. Were you to commence that system of aggression and lawless interference which you so pointedly and justly condemn in others, you would descend from the high ground which you already occupy, and lose the moral superiority which, when once deprived of it, you could never recover.

If American Citizens violate the laws of your Country and their own, the wrong is not to be remedied by an equal violation on your part. On the contrary, if you follow the example which you and the whole civilized world reprobate, you at once take redress into your own hands, you constitute yourselves the judges in your own case, you embarrass the local Executive, and deprive Her Majesty's Government of the strongest arguments which it can use in enforcing the justice of your cause.

I therefore trust that you will not deem it too great a sacrifice to the best interests of the Empire still to stand on the defensive, and to use every effort in preventing your justly-excited indignation from betraying you into any violation of British or American law, or the usages of Nations.

I have faithfully apprised Her Majesty's Government of every circumstance connected with the events in which the Inhabitants of the Western District have so signally participated and suffered. The solicitude of the Queen's Ministers has been intense, and their determination to maintain the integrity of the Empire is strong beyond expression.

You have seen the extended scale upon which the Commander of the Forces suddenly called into action the Military resources of the Country, and the readiness with which, without any regard to responsibility, this Government placed the Militia of the Province at His Excellency's disposal.

Her Majesty's Minister at Washington has represented to the American Government, in the most urgent manner, the necessity of some speedy and energetic exertion on their part, to restrain the aggression of their lawless people; and I feel confident, to borrow Mr. Fox's emphatic language, in a Despatch I have recently received from him, that "we "may all rest secure in the heartfelt and proud "conviction, that the whole strength of the "British Empire will be exerted, when necessary, to guard, or to avenge the attached "and faithful Subjects of Her Majesty in "North America."

Under all these considerations, I feel that I may confidently expect you to support me in my earnest endeavours to discharge my duty towards my Sovereign, the Empire, and yourselves,—to temper your devoted and impetuous gallantry with forbearance and respect for the laws,—to leave the infliction of righteous retribution to the constituted authorities of the land—and to recollect, that the strength of a mighty nation, when tardily roused, and directed by justice, is then most irresistible in its effects.

GEO. ARTHUR.

To His Excellency Major General SIR GEORGE ARTHUR, K.C.H. *Lieutenant Governor of Upper Canada, and Major General Commanding Her Majesty's Forces therein, &c. &c. &c.*

MAY IT PLEASE YOUR EXCELLENCY:

WE, Her Majesty's dutiful and loyal Subjects, the inhabitants of the Town of Amherstburgh, and its vicinity, approach Your Excellency with sentiments of unfeigned respect, to congratulate Your Excellency upon this, your first visit to us.

Your Excellency was called to administer the Government of this Province, by our Most Gracious Sovereign, at the most critical and momentous period of its history—when extraordinary talents, energy, prudence and zeal, were required in the Representative of the Sovereign—we are deeply sensible how fully you justify the choice of our Most Gracious Queen, and how faithfully you discharge the duties of your high Office.

We beg leave to assure Your Excellency, of our dutiful allegiance to our Most Gracious Sovereign; and of our unalterable attachment to the Government and Institutions under which we have the happiness to live—which are rendered still dearer to us by the trials we have encountered in their defence.

We reside in a District that is pre-eminently distinguished for the salubrity and mildness of its climate, as well as for the fertility of its soil, but has not advanced in population in equal degree with other Districts in the Province—its peculiar advantages not being generally known to the agriculturist, and industrious emigrant from the Mother Country.

We desire to return Your Excellency our most grateful acknowledgments for the promptness with which you attended to the defence of this frontier: and thereby allayed alarm and anxiety, as well as restored public confidence in the paternal protection of a beneficent Government.

We pray that Almighty God may protect you by His Providence; enlighten you by His wisdom; and confirm you by his favour—and that you may be long spared to exercise the delegated powers committed to your hands for the welfare of the people committed to your charge.

HIS EXCELLENCY'S REPLY.

GENTLEMEN:

I receive your loyal Address with satisfaction, as an additional assurance of your attachment to the British Monarchy: and I cordially thank you for your declarations of confidence in my Administration.

The season of the year at which I visited the Western District, prevented me from seeing it under the most favourable circumstances; but from all that I have heard, and the partial observation I have been enabled to make, I can easily believe that you have not over-rated its advantages, in pronouncing it pre-eminently distinguished for the salubrity and mildness of its climate, as well as for the fertility of its soil.

Nothing would give me greater pleasure than to witness the return of prosperity, and the influx of emigration; and, instead of being engrossed in Military cares, to assist you in developing your agricultural resources, and fostering the milder arts of peace. The end, in fact, of every measure that the Government has taken, has been to avert war, without the sacrifice of honour.

GEO. ARTHUR.

To His Excellency SIR GEORGE ARTHUR, K.C.H. *Lieutenant Governor of the Province of Upper Canada, and Major General Commanding Her Majesty's Forces therein, &c. &c. &c.*

MAY IT PLEASE YOUR EXCELLENCY:

WE, Her Majesty's faithful and loyal Subjects, the undersigned Clergy, Magistrates and other inhabitants, of Chatham, and its vicinity, respectfully approach Your Excellency with our congratulations on Your Excellency's visit to this distant portion of your Government.

Situated at the Western entrance of the Province, and consequently greatly exposed to the inroads of the hordes of Brigands congregated in the Western States, we have viewed with great satisfaction, the fruits of Your Excellency's foresight, prudence and activity, which have, under God, saved us from devastation and murder.

And whilst we feel assured, that this portion of the Province yields to none other for loyalty and devotion to our Queen and Country, we cannot help expressing the hope, that Your Excellency may have it in your power so to dispose of the Regular Force at your command, as speedily to allow our gallant Militia to return to their homes, from which they have so long been absent, to their great inconvenience, and to the immense injury of so new and thinly-peopled a section of the country.

We trust that Your Excellency may long be spared to govern this fine Province in more favourable times, and to devote to the promotion of its best interests, and to the development of its many and various resources, a mind which has shewn itself fully adequate to the very arduous duties so lately imposed upon it.

HIS EXCELLENCY'S REPLY.

GENTLEMEN:

I thank you sincerely for the very flattering address with which you have been pleased to greet me on my arrival amongst you.

Chatham is so situated that it must be expected to advance more rapidly than other Towns, with the general prosperity of the Province; but you must expect from your position likewise, to take more than an ordinary part in the times when the country may become the scene of war—a period, which I most fervently hope, may be very long deferred.

But I am persuaded it can only be deferred by being at all times prepared to meet it.

Thus circumstanced, the inhabitants of Chatham may reasonably look for all the encouragement the Government can afford, to advance its Commercial interests, as well as its military strength.

It gives me much satisfaction to find that you take so much interest in the comfort and welfare of the gallant Militia of the Province, and you will therefore be pleased to find, circumstances enable me to authorise the Officer Commanding to dispense immediately with the services of a great portion of the drafted men in this District.

There is no object of more importance in this Country than fostering a brave, willing, and well-disciplined Militia force; and to effect this the burden must be made to fall upon all as lightly as possible.

The expression of your confidence in my Administration of the affairs of the Province, at this anxious period, is most gratifying to me, and, if possible, quickens the earnest desire I have to be useful in promoting the prosperity and happiness of all classes of Her Majesty's Subjects.

GEO. ARTHUR.

Four other Prisoners, viz. Joseph Norris, William O'Neill, Martin Van Slycke, and James Cummings, were tried before the same Court, charged with the same Crime, and were ACQUITTED.

The Court found the whole of the Prisoners GUILTY; and sentenced them severally to be HANGED, at such time and place as the LIEUTENANT GOVERNOR might appoint.

Of the Prisoners so convicted and sentenced, the Court, however, recommended the *four* last-named to the merciful consideration of the LIEUTENANT GOVERNOR.

Abraham Tiffany, who was tried for the same crime, was ACQUITTED.

The LIEUTENANT GOVERNOR has approved and confirmed the findings and sentences of both Courts.

His Excellency has the greatest pleasure in recording his unqualified approbation of the whole proceedings, and in expressing the very high satisfaction he feels at the patience, diligence and ability, with which the arduous duties of the Courts were conducted throughout these important and painful trials. By the exercise of the strictest impartiality towards the Prisoners, accompanied by a firm and zealous discharge of their duty to the Country, the Members of these Courts Martial have acquired the highest honour to themselves—have reflected credit upon Her Majesty's Service, by increasing the estimation in which British Courts of Justice, both Civil and Military, are deservedly held—and have conferred a lasting benefit on the Province. So highly appreciated has the whole course and conduct of these Courts been, as to have drawn forth the strongest expressions of confidence in their integrity, not only from the Prisoners themselves, but also from many of their Countrymen and friends, who came into the Province to witness their trials. On this occasion, the Members of the General Courts Martial have nobly proved, that no National provocations, however irritating to the Soldier's feelings—no injuries, however deep, against his Country, can move him to swerve from the direct path of duty; and that even the most flagrant offenders are sure of receiving impartial justice at the hands of a Military Tribunal, composed of British Officers.

The Members of the Courts Martial have expressed their deep obligation to Colonel the Honourable WILLIAM H. DRAPER, Commanding the Second North York Regiment, and to Lieutenant Colonel HENRY SHERWOOD, of the same Regiment, who conducted the proceedings as Judge Advocates of the Courts respectively held at Fort Henry and London, for the important assistance they have, with distinguished zeal and talent, rendered in every stage of the proceedings; and His Excellency refers with real satisfaction to the high testimony which has been borne on all sides, to the decorum and impartiality of the Courts, as the best proof of the merits of their Legal Advisers. Concurring, therefore, most entirely, in the eulogies pronounced by the Courts on Colonel Draper, and Lieutenant Colonel Sherwood, the Lieutenant Governor now tenders them his sincere thanks for their valuable services.

The Lieutenant Governor directs, that this Order be read at the head of every Regiment of Militia, Embodied and Sedentary, within the Province.

The Courts Martial, of which Colonel MARKS, of the Third Frontenac Regiment, and Colonel BOSTWICK, of the Third Middlesex Regiment, were respectively Presidents, are dissolved.

By Command.

TORONTO, WEDNESDAY, FEBRUARY 27, 1839.

TORONTO, WEDNESDAY, FEBRUARY 27, 1839.

THIS day, at two o'clock, HIS EXCELLENCY THE LIEUTENANT GOVERNOR proceeded in State, from the GOVERNMENT HOUSE to the Chamber of the Honourable the LEGISLATIVE COUNCIL, where being arrived, and seated on the Throne, the Gentleman Usher of the Black Rod was sent with a Message from HIS EXCELLENCY to the HOUSE OF ASSEMBLY, commanding their attendance: the MEMBERS present being come up accordingly, HIS EXCELLENCY was pleased to address the two Houses with the following—

SPEECH:

Honourable Gentlemen of the Legislative Council: and, Gentlemen of the House of Assembly:

The internal tranquillity of the Province, and the present security of its Frontier enable me, after a recess of unusual length, to meet you in Provincial Parliament. The postponement of the present Session has been induced by the pressing and paramount duties, in which many of you have been engaged, connected with the public defence, and the administration of Justice. But we have now an opportunity to turn our attention to devising measures for the peace, welfare and good government of the Colony, free from the paralyzing suspicion of internal treachery, or the exasperating influence of Foreign aggressions—and upon this happy result of the zeal, constancy and bravery, of the loyal Upper Canadian people, under the most trying circumstances, I offer you my hearty congratulations.

The situation of the Province is so novel and peculiar, that I feel called upon to exceed the ordinary limits of a Speech at the opening of Parliament, in order to review recent occurrences, and to trace effects to their causes, as a guide to present and future legislation.

England at peace with all the world, and relying implicitly, not only on the loyalty of her North American Subjects, but on the faith of treaties, and the existence of most friendly relations with the United States, had gradually withdrawn most of her troops from this Continent.

Encouraged by this absence of military power, the discontented in Lower Canada, after a long and vexatious Parliamentary opposition, and an obstinate rejection of every conciliatory effort on the part of the Government, at last broke out into open rebellion; and incited by their example, the disaffected in this Province, confidently relying on assistance from the neighbouring Frontier, and secure, in the event of failure, of finding an asylum there, made a sudden attempt to overthrow this Government, and to sever the Canadas from the Parent State.

The hopes of the disaffected in both Provinces, however, met with signal disappointment; and in Upper Canada particularly, the Militia were found, not only equal to the immediate suppression of insurrection, but a portion of its force, from the Eastern District, was enabled to march into Lower Canada, to assist in overawing the disposition to revolt which still existed there.

Such would have been the end of rebellion in Upper Canada, had not the disaffection, which grew originally out of the hope of Foreign interference, continued to receive life and support from the same source. The repose gained was of short continuance, for no sooner had some of the leading traitors escaped across the boundary, than they associated themselves with a number of the border population—robbed the public arsenals there—and made several audacious, but signally unsuccessful attempts, to invade and make a lodgment on British territory.

The authorities of the United States, having had ample time to suppress these outrages, our Militia were gradually withdrawn from the Frontier, and were in the course of being disbanded, when it was discovered that a body of foreigners and traitors had secretly introduced themselves into the Province, from the States of New York and Michigan. Some of their emissaries were despatched into the London District, while others hoped successfully to raise the standard of rebellion in the Niagara District; but the attempt was suppressed in the bud—the Militia of the surrounding Country at once rushed to arms, and captured such of the banditti as did not succeed in making good their flight to the American shore.

The wanton and violent destruction of a British Steam-boat within American waters, by a gang of ruffians from the main land of the United States, previously shewed that the feeling of hostility had not abated on the frontier: and circumstances attended that outrage, which

indicated, that it proceeded from an organized body of enemies. This suspicion was immediately afterwards strengthened by information, taken upon oath, detailing the secret signs, organization and intentions, of the Society of Patriot Hunters; and the confessions and declarations of the captive foreigners and traitors, who were taken in the Niagara District, corroborated this intelligence.

But notwithstanding the reasons I had for placing confidence in this information—the secrecy observed by the conspirators—the extreme wickedness and rashness of the proposed measure—the silence of the frontier press, before so clamorous—and the quiet of the frontier towns, at one time so agitated—were well calculated to cause the numbers and resources of the conspirators to be underrated, and to induce a belief that the presumptuous project of invading Canada would not be attempted.

After a short while, however, further proof was given that a conspiracy was actually organized, and that the combination extended along the whole line of the frontier, from east to west. I thought, however, that the accounts brought to me must be exaggerated: and that the parties named as being accomplices, could never have so far compromised their characters, as to have countenanced such a scheme; and though silently proceeding to make some essential preparations for defence, I still did not entirely rely upon the statements which were at that time made to the Government.

But as the information I continued to receive became more minute, and proceeded from various quarters, I could no longer doubt that the confederacy comprised a body of many thousand persons, whose numbers and resources were daily increasing: and what constituted the most revolting and alarming feature of this odious transaction was, the positive declaration, that many persons of wealth, and not a few public functionaries in the frontier cities and towns, had intimately connected themselves with this criminal alliance.

As the crisis drew nearer, strangers, without ostensible business, and under various pretences, were discovered to be scattered through the Province. It was ascertained that constant intercourse was kept up between the lodges of conspirators in the United States, and their adherents in Canada. The hopes of the disaffected appeared suddenly to revive. The intelligence from various quarters conveyed to this Government became more definite, shewing the immediate intention of the enemy to be the destruction of the British Steam-boats, and the seizing by surprise and simultaneously, several posts within the Canadian boundaries, where the disloyal might rally around the invaders assembled in arms, and procure reinforcements and supplies from the United States, without the risk of any collision with the American Authorities. An insurrection in the Lower Province was to be the signal for hostilities all along the line.

Under these circumstances, I took decisive measures to give immediate confidence to the country, and to ensure the security of the Province: and in now meeting you, although I deeply deplore that Her Majesty's faithful Subjects have been exposed to the greatest privations and hardships, and to the severest domestic injuries, I nevertheless enjoy the satisfaction of believing, that owing to our state of preparation at every point, the loss of valuable lives has been limited, the moral character of the people of Upper Canada strikingly exhibited, and a spirit roused throughout the Province, that will long survive passing events, and greatly tend to the future strength, security, and tranquillity of the Country.

After all the preparations that were so many months in progress, and after the expenditure of such large sums of money, voluntarily contributed, as are generally given reluctantly even for national objects, the conspirators and revolutionists were so entirely overawed as to have limited their operations to one attack upon our frontier, near Prescott, and to another in the vicinity of Sandwich. Not a Subject of Her Majesty joined them after their landing; in both attempts they were signally defeated—and the result was the destruction or capture of nearly the whole of the banditti.

In alluding to these events, it is impossible for me to praise too highly the gallantry of the Militia, the fidelity and prompt services of the Indian Warriors, and the patriotism of a vast majority of the Inhabitants of this Province, who have conspicuously vied with each other in the manifestation of a devoted attachment to our Most Gracious Sovereign—of an enthusiastic affection for their Country—and of deep regard for their revered Constitution.

Our great security against dangers resulting from a combination between the disaffected in the Province, and their confederates among the population of the contiguous country, consists in our happy union with the British Empire. The main foundation of the hopes of discontented persons in this Province, and of their foreign supporters, has been a mischievous notion industriously propagated, that England would desert her transatlantic possessions in their hour of difficulty and danger—that whenever the machinations of internal traitors, or threats of external hostility, might render the protection of these Colonies burthensome, the assistance of the Mother Country would be withdrawn, and their loyal inhabitants left alone to support a most unequal conflict. This false and pernicious opinion has given encouragement to treason—influenced the conduct of the wavering—excited the apprehensions of the timid—and even put to a severe test the constancy of the loyal and resolute. It has turned the tide of immigration from our shores—transferred the overflowings of British capital into other channels—impaired public credit—depreciated the value of every description of property—and in a word, has been the prolific source of almost all our public calamities.

Recent events, however, have clearly demonstrated, that the fidelity of the mass of the people of this Province is not to be shaken by the severest trials. Experience has also proved, that under all circumstances you may confidently rely on the fostering care of the British Empire; and I have been directed by Her Majesty to convey to you the most positive assurances of Her continued protection and support.

At the same time, I do not wish to inspire you with a belief, which I am very far from entertaining, that the dangers with which we have been threatened are at an end. The hopes of our enemies have certainly been greatly humbled, and their schemes disconcerted, by the failure of their repeated attempts to seduce the Queen's Subjects from their allegiance, and thus to overrun the country; but all the motives in which these attempts originated—the love of plunder—an avidity to seize our fertile lands, and an impatient desire to extend republican institutions, continue to operate with unabated force, while unhappily new and deeper passions have since been superadded. That men agitated by such feelings will remain quiet, longer than they are constrained by fear, is not to be expected; and whilst I most sincerely desire conciliation, and conjure you to promote it by every honourable means, I do not hesitate to assert, on the sure ground of experience, that upon our own ability to repel and punish hostile aggression, we must henceforth chiefly depend. Among the considerations arising from this impression, I deem it advisable to invite your early and most serious attention to such amendments in our Militia Laws, as shall place this force upon the best possible footing—efficient, but not burthensome, either to the Government, or to the People.

One of my principal and most arduous duties, has been the disposal of the numerous criminals who have fallen into the hands of Justice. With respect to such of the Queen's Subjects as were concerned in the civil commotions during last winter, Her Majesty's Government have uniformly desired a merciful administration of the Law. In the punishment of the invaders of the Province, I have acted upon the same principle, and have anxiously endeavoured to confine capital punishment within the narrowest limits, which a due regard to the public welfare and security would admit. But the reiteration of unprovoked injuries, called for increased firmness in the administration of Justice, and forced upon me the painful necessity of making some severe examples.

The case of Her Majesty's Subjects who have suffered in their persons or property, claims your early attention. The wanton destruction of the Steam-boat *Sir Robert Peel*—the pillage of the farms on Pointe au Pelé Island, and the River St. Clair—the robberies at the Short Hills—the damage done at Prescott and Sandwich, with the burning of the *Thames* Steamer, form together an aggregate of extensive loss, most serious to the sufferers, and have occasioned earnest application for relief.

It gives me the greatest pleasure to inform you, that Her Majesty has been most graciously pleased to extend to the wounded Officers, Non-Commissioned Officers and Men, of the Provincial Militia, in arms since the insurrection last winter, the same liberal provision as is granted to Her Majesty's Regular Land and Naval Forces: and to make a similar beneficent provision for the Widows of those Officers in the Provincial Corps, who may have fallen in action.

The strongly-excited feelings to which the long-agitated question of the Clergy Reserves, has given rise in the Province, have sensibly impaired that social harmony, which may be classed among the first of national blessings, and have augmented the hopes of the enemies of the Country, in proportion as they have created divisions among its defenders. It is painful to reflect, that a provision, piously and munificently set apart for the maintenance of religious worship, should have become the cause of discord among professors of the same faith, and servants of the same Divine Master; and I feel that, on every account, the settlement of this vitally important question ought not to be longer delayed: I therefore earnestly exhort you to consider how this desirable object may be attained—and I confidently hope, that if the claims of contending parties be advanced, as I trust they will, in a spirit of moderation and Christian charity, the adjustment of them by you will not prove insuperably difficult. But should all your efforts for the purpose unhappily fail, it will then only remain for you to re-invest these Reserves in the hands of the Crown, and to refer the appropriation of them to the Imperial Parliament, as a tribunal free from those local influences and excitements which may operate too powerfully here. My ardent desire is, that keeping in view as closely as you can, the true spirit of the object for which these lands were originally set apart, this embarrassing question may be settled on equitable principles, in a manner satisfactory to the community at large, and conducive to the diffusion of religion and true piety throughout the Province.

Second only in importance to the subject of the Clergy Reserves, is that of General Education. A system of sound and religious instruction for the rising generation, ought to be established under every Government, and is most particularly requisite in a young Country in the situation of this Province. I therefore strongly recommend to you a careful revision of the enactments relating to the Common Schools; and the early adoption of some plan calculated to secure the assistance of properly qualified teachers.

Gentlemen of the House of Assembly:

I am commanded by Her Majesty's Government, again to bring under your consideration the surrender, to your disposal, of the Casual and Territorial Revenues of the Crown; and I shall take an early opportunity to submit to you the conditions annexed to this offer, in the confident expectation, that the liberal intentions of Her Most Gracious Majesty will be duly appreciated by you, and that a satisfactory arrangement of this important subject will speedily be accomplished.

With much regret I inform you, that, in addition to the large sums disbursed by Her Majesty's Government, in the protection and defence of this Colony, the late events have also burdened the Provincial Revenue with a very considerable extraordinary expenditure, not contemplated or provided for by the Legislature.

The capture, detention, trial and punishment, of State Criminals, have been a principal source of this extraordinary outlay; and you will find, from the accounts which will be presented to you, that the sum you appropriated in the last Session to these purposes, has been greatly exceeded.

The expense of transporting convicts to Quebec and England, on the way to their ultimate destination, forms also a heavy item in the charge attending the Administration of Justice; and I fear it must be further swelled, to a large extent, in consequence of there being a number of convicts, under sentence of death, to whom the only relaxation of capital punishment, compatible with the safety of the Province, seems to be transportation to a penal Colony.

I have likewise been obliged to expend considerable sums in procuring accurate information of the designs of the conspirators in the adjacent States, as well as of their confederates within the Province: and in supporting a frequent and rapid communication with Her Majesty's Government at Home, and Her Minister at Washington.

In the confidence of your sanction being most readily given to these necessary disbursements, I have assumed the responsibility of advancing, from the Crown Revenue, the amount of the most pressing demands under these heads of Service; and a statement of those advances, together with the Public Accounts and Estimates, shall immediately be laid before you.

I have applied myself most sedulously to the examination and settlement of the numerous and pressing claims arising out of the late disturbances. Such of them as I was authorised to satisfy from the Military Chest, have been discharged, or are in a course of settlement, through Her Majesty's Commissariat; but there remain others, grounded on equitable considerations, the payment of which must necessarily depend upon your justice and liberality: and I shall accordingly direct a particular account of them to be laid before you.

The representations of the great inconvenience attending the negotiation in this market of the public Debentures payable in London were so strong, that I was induced to discontinue the practice entirely, until you should have an opportunity of taking the subject under your deliberation.

Their negotiation in England has been latterly impeded by the blow which recent disturbances had inflicted on the public credit of the Province, and was afterwards rendered impracticable by the circumstance, that the terms upon which the sale of those Debentures was authorised by Parliament, were less favourable to the purchaser than could be obtained by an investment of his capital in other securities.

You will be gratified to learn, that notwithstanding the interruption to which the trade of the Country has been exposed, there has been no falling off of the Commercial Revenue collected in the Lower Province; that a portion of the money placed in the hands of Messrs. Thomas Wilson & Company, of London, has been paid, and that there is reason to believe that the remainder will shortly be received.

You will receive reports upon the state of the Public Works in progress; and I shall be most happy to co-operate with you in any wise and practicable measures for their completion.

The large sums heretofore granted for the improvement of the roads, do not appear to have produced results commensurate with the expenditure; and it is accordingly worthy of your serious consideration, whether some more efficient system may not be contrived for the management and direction of this branch of the Public Service. I need hardly add, that the formation of good roads is an object of primary importance in every Country, and most indispensably necessary in an Agricultural one.

Her Majesty's Government look forward with much anxiety to the resumption of cash payments by the Chartered Banks. I am induced to hope that no difficulty will present itself to the early accomplishment of this essential object.

Honourable Gentlemen, and Gentlemen:

The several Addresses to Her Majesty from the two Houses of Parliament, during the last Session, having been laid at the foot of the Throne, by Her Majesty's Principal Secretary of State for the Colonies, were very graciously received; and I shall, without loss of time, transmit to you the answers which have respectively been returned to them.

I have, to a limited extent, exercised the power vested in me by the suspension of the *Habeas Corpus* Act. In doing so, I have proceeded with the greatest caution, and with a sincere desire, that no restraint might be imposed on personal liberty, which the public safety did not imperatively demand.

The progress which this beautiful Country seems destined to make in Population and Wealth, has been materially obstructed by the difficulties and dangers with which it has, for some time past, been surrounded.

By the goodness of an over-ruling Providence, those dangers have, however, in a great degree been averted: and I humbly hope that the same Almighty arm, which has hitherto protected us, will soon place Upper Canada in such a state of tranquillity and security, as will permit the full development of her vast natural resources.

To accelerate the arrival of that period, and in cordial conjunction with you to promote, by wise and salutary legislation, the prosperity and happiness of this interesting Colony, will be the object of my earnest desire, and unceasing exertions.

GOVERNMENT HOUSE,
6th March, 1839.

THE LIEUTENANT GOVERNOR has the greatest satisfaction in publishing the following extract from a Despatch, of the 13th December last, from HER MAJESTY'S Principal Secretary of State for the Colonies:

"Her Majesty is happy to perceive, that "no sooner did actual danger arise, than "the usual loyalty and promptitude of the "Militia and Volunteers of Upper Canada "was evinced; and that in the recent out-"break in Lower Canada, valuable assist-"ance was rendered by the Glengarry "Militia, from the Upper Province: while "in the attack near Prescott, there had "assembled at that place, before the final "capture of the invaders, a body of 5,000 "of the Militia of Upper Canada. Her "Majesty commands me to convey, through "you, to the Militia and Volunteer Corps "engaged on these occasions, Her high "sense of their gallantry and loyalty."

In communicating this strong expression of Her Majesty's approbation of the conduct of that portion of the Upper Canada Militia, whom recent events had called more conspicuously into notice, the Lieutenant Governor cordially congratulates them on the enviable distinction they have gained; and at the same time, His Excellency entertains a confident assurance, that the spirit displayed by them is common to the whole Militia of the Province, who will be ever ready to vie with each other in the manifestation of devoted attachment to their Sovereign, and their Country.

MILITIA GENERAL ORDER

IT appearing that some misunderstanding has existed, with regard to the measure of drafting men in the months of October and November last, from the First and Third Regiments of Simcoe, His Excellency the Lieutenant Governor desires it may be clearly understood, that the Militia authorities were fully warranted, and even bound to adopt that measure, if necessary, by the instructions which they received in General Orders, grounded upon the necessity of providing a sufficient Force, for repelling a danger which threatened the public safety.

All good Subjects are bound, by every interest and duty, as well as by the law of the land, to come forward, under the constituted authorities, upon such occasions; and His Excellency the Lieutenant Governor is quite satisfied, the gallant and loyal inhabitants of the County of Simcoe will never be backward in obeying the summons, when such a paramount duty calls.

His Excellency, however, has heard with much pain, that some individuals have attempted to indispose the gallant inhabitants of the County of Simcoe, against the performance of the duties adverted to, and even to mis-construe the leniency which has been shewn by the Lieutenant Governor to certain delinquents. His Excellency hopes such evil counsels will not be attended to, and that the leniency shewn may not be perverted into the means of encouraging future delinquencies; and the Lieutenant Governor desires it to be perfectly well understood, that in such cases he will not interfere, but will allow the law to take its course.

By Command.
RICHARD BULLOCK,
43 *Adjutant General, Militia.*

COURT OF PROBATE, *Upper Canada*, City of Toronto, to wit: } WHEREAS application in writing hath been duly made to the Judge of the Court of Probate, by William Duncan Taylor, of Burford, in the District of London, ——, setting forth, that on the thirty-first day of August, one thousand eight hundred and twenty-two, a certain William Taylor, then residing in Landen County, State of Virginia, in the United States, departed this life, possessed of considerable real and personal estate, leaving by his last will and testament, dated the thirtieth August, one thousand eight hundred and twenty-two, to each of his three Sisters, viz.—Margaret Taylor, Elizabeth Rodgers, and Mary Kee, the sum of two thousand dollars, and having given the above Legacies, and emancipated his Slaves, he devised the residue of his estate, real and personal, to his relative, Robert J. This Petitioner being one of the elder Brothers of these Minors, and their only natural guardian and protector in this country, prayed that he may, by the said Court of Probate of Upper Canada, be invested with legal authority to sue for, recover, receive, apply and retain, to and for the special use and benefit of the said Frederick Taylor, Henry Taylor, and George Taylor, Eliza Taylor, Margaret Amelia Taylor, and Jane Taylor, and to be appointed their legal Guardian, to so receive from the said Executor, Robert Johnston Taylor, his Executors, Administrators, Assigns or Representatives, whatever sum or sums of money, with interest thereon, as may accrue to the said Minors, under the Will of the said deceased William Taylor, and that this Petitioner is prepared to enter into the usual securities for his proper discharge of said trust and guardianship.

Now public notice is hereby given of such application, as required by the Statute in that case made and provided.

7th March, 1839.

HIS EXCELLENCY THE LIEUTENANT GOVERNOR, has been pleased to appoint William Rorke, Esquire, to be Collector of Duties and Customs, at the Port of Hallowell, in the Prince Edward District of this Province.

To His Excellency SIR GEORGE ARTHUR, *Knight Commander of the Royal Hanoverian Guelphic Order, Lieutenant Governor of the Province of Upper Canada, and Major General Commanding Her Majesty's Forces therein, &c. &c. &c.*

MAY IT PLEASE YOUR EXCELLLNCY:

WE, HER MAJESTY'S most dutiful and loyal Subjects, the LEGISLATIVE COUNCIL of Upper Canada, in Provincial Parliament assembled, embrace this first opportunity to congratulate Your Excellency upon your arrival in the Colony, entrusted by our Most Gracious Sovereign with the administration of the Government.

We return our most respectful thanks for Your Excellency's Speech from the Throne, at the opening of the present Session; and we are pleased to learn, that the internal tranquillity of the Province, and the present security of its frontier, have enabled Your Excellency, after a recess of unusual length, to meet the Provincial Parliament.

We are sensible, that the postponement of the present Session has been induced by the pressing and paramount duties, in which many of the Members of the Legislature have been engaged, connected with the public defence, and the administration of Justice; and we rejoice that we have now an opportunity to turn our attention to devising measures for the peace, welfare and good government of the Colony—free from the paralyzing suspicion of internal treachery—or the exasperating influence of foreign aggressions: and we receive with feelings of inexpressible satisfaction, Your Excellency's hearty congratulations upon this happy result of the zeal, constancy and bravery, of the loyal Upper Canadian people, under the most trying circumstances.

We have heard with deep and attentive interest, the important and minute description which Your Excellency has been pleased to communicate, of the origin and progress of the disaffection in both Provinces, and of the unexampled interference and aggressions on the part of the people of the neighbouring States; and we cannot but ascribe our safety from the machinations of our enemies, to the decisive measures of Your Excellency, which gave immediate confidence to the Country, and ensured the security of the Province.

We deplore, with Your Excellency, that Her Majesty's faithful Subjects have been exposed to the greatest privations and hardships, and to the severest domestic injuries: we nevertheless enjoy satisfaction in believing, that owing to our state of preparation at every point, the loss of valuable lives has been limited—the moral character of the people of Upper Canada strikingly exhibited—and a spirit roused throughout the Province that will long survive passing events, and greatly tend to the future strength, security and peace of the Country.

We concur with Your Excellency, that it is impossible to praise too highly the gallantry of the Militia—the fidelity and prompt services of the Indian Warriors—and the patriotism of a vast majority of the inhabitants of this Province, who have, as heretofore, conspicuously vied with each other, in the manifestation of devoted attachment to our Most Gracious Sovereign, and to the Constitution of our beloved Country.

We think with Your Excellency, that there is too much reason to fear that the dangers with which we have been threatened are not at an end: for although the hopes of our enemies have been greatly humbled, and their schemes disconcerted by the failure of their repeated attempts to seduce the Queen's Subjects from their allegiance, and thus to over-run the Country, yet as the object of plunder, and a ceaseless desire to extend Republican institutions, continue to operate with unabated force, we can have no assurance that men actuated by such feelings will remain quiet longer than they are constrained by fear.

We agree with Your Excellency, that our great security against these dangers, is to be found in the intimate connection of this Province with the British Empire; and we cannot too strongly condemn the false and pernicious doctrine industriously propagated, that England would abandon her transatlantic Colonies in their hour of difficulty and danger.

We are confident that the many public evils, which have arisen from mistrust in the permanency of British institutions in these Colonies, will find a speedy remedy in the promptitude with which Military aid has been afforded by Her Majesty's Government, when danger to the Province was made known, and in the unshaken fidelity of the great mass of the Upper Canadian people; and we feel truly grateful for the additional prospect of future security and prosperity, which arises from the gracious assurances of our beloved Sovereign, conveyed through Your Excellency, of Her Majesty's continued protection and support to Her Majesty's Upper Canadian people.

We concur most fully with Your Excellency, in seeing the necessity of having the means always at hand to repel and punish hostile aggression, and for the purpose of enabling the loyal people of this Province to be at all times ready to aid in the public defence. We shall cheerfully concur in any measures for the improvement of the Law relating to the Militia, which will tend to place that force upon the best possible footing, so as to render it constantly and promptly efficient, but not burthensome either to the Government or the people.

We strongly participate in the feelings with which Your Excellency has discharged the arduous duty which devolved upon you, in the disposal of the numerous criminals who have fallen into the hands of Justice; and we are perfectly satisfied, that the law has been administered, under the direction of Her Majesty's Government, and of Your Excellency, with an anxious regard for the public safety, and the legitimate ends of punishment—and at the same time, with distinguished mercy, forbearance and humanity.

We deeply lament the damages suffered by Her Majesty's Subjects, through the violence and rapacity of the lawless population of a neighbouring Country. We

regret that these together form an aggregate of extensive loss, most serious to the sufferers, and occasion many urgent claims for redress; and we shall, without loss of time, give the subject our deliberate attention, with a view of obtaining for the sufferers early compensation—and in the hope, that the wrongs done to Her Majesty's Subjects in this Province, will speedily claim the just and humane consideration of Her Majesty's Government.

It gives us great pleasure to learn from Your Excellency, that Her Majesty has been most graciously pleased to extend to the wounded Officers, Non-Commissioned Officers and Men, of the Provincial Militia, in arms since the insurrection last winter, the same liberal provision as is granted to Her Majesty's Regular Land and Naval Forces, and to make a similar beneficent provision for the widows of those Officers in the Provincial Corps who may have fallen in action.

We see, with Your Excellency, that the strongly excited feelings, to which the long agitated question of the Clergy Reserves has given rise in the Province, have sensibly impaired that social harmony, which may be classed among the first of national blessings, and have augmented the hopes of the enemies of the Country, in proportion as they have created divisions among its defenders, and we feel, that on every account, the settlement of this vitally important question, ought not to be longer delayed; we will, therefore, consider how this desirable object may be attained, with a due regard to the interests of the community at large.

While we freely express our entire concurrence in the reasons which Your Excellency has shewn for desiring an early settlement of this important question, we cannot but rejoice that the hopes of our enemies have proved fallacious, and that the loyal people of Upper Canada, in the time of actual danger, laid aside all internal differences on this and other subjects, and united together to repel a foreign enemy, whose interference in our domestic difficulties, could neither be desired or tolerated.

With Your Excellency, we deem the subject of general Education one of vital importance to the best interests of society, and believe that a system of sound and religious instruction, for the rising generation, ought to be established under every Government, and is most particularly requisite in a young country, in the condition of this Province.

We will thankfully receive from Your Excellency the answers which Her Majesty has been graciously pleased to return to the several Addresses, which passed the two Houses of Parliament during the last Session.

We doubt not but that Your Excellency has exercised the power vested in you, by the suspension of the *Habeas Corpus* Act, with the greatest caution, and with a sincere desire that no restraint might be imposed on personal liberty, beyond what was imperatively demanded for the public safety.

Your Excellency justly observes, that the progress which this beautiful Country seems destined to make in population and wealth, has been materially obstructed by the difficulties and dangers with which it has, for some time past, been surrounded.

By the goodness of an over-ruling Providence those dangers have, however, in a great degree been averted, and we humbly hope, with Your Excellency, that the same Almighty Arm, which has hitherto protected us, will soon place Upper Canada in such a state of tranquillity and security, as will permit the full development of her vast natural resources.

To accelerate the arrival of that period, Your Excellency may at all times rely on the support of the Legislative Council, in promoting by wise and salutary legislation, the prosperity and happiness of this interesting Colony.

JONAS JONES,
SPEAKER.

Legislative Council Chamber,
Fifth day of March, 1839.

HIS EXCELLENCY'S REPLY.

Honourable Gentlemen:

It is very gratifying to me to receive this Address—evincing, as it does, the same spirit of loyalty, and attachment to your Country, by which you have ever been actuated.

I am sensible of your kind expressons of confidence in the measures which I have adopted for the protection of the Province, and shall fully rely on your cordial assistance, at the present arduous period, in my endeavours to revive the prosperity of the Colony, and maintain the integrity of the Empire.

To His Excellency SIR GEORGE ARTHUR, *Knight Commander of the Royal Hanoverian Guelphic Order, Lieutenant Governor of the Province of Upper Canada, and Major General Commanding Her Majesty's Forces therein, &c. &c. &c.*

MAY IT PLEASE YOUR EXCELLENCY:

WE, HER MAJESTY'S dutiful and loyal Subjects, the Commons of Upper Canada, in Provincial Parliament assembled, humbly thank Your Excellency for your gracious Speech from the Throne, at the opening of the present Session, and we avail ourselves of the opportunity afforded, to congratulate Your Excellency on your assumption of the Government of this Province, at so important a period in its history.

We are satisfied that the postponement of the present Session to a time later than usual, has been induced by an earnest desire on the part of Your Excellency to consult public convenience; and that the internal tranquillity of the Province, and the present security of its frontier, afford a favourable opportunity for callling the attention of the Legislature to devising measures for the peace, welfare, and good government of the Colony—a duty which we will most cheerfully enter upon, with an earnest desire that our labours may meet with the approbation of our Most Gracious Sovereign, and of the people of Upper Canada, to whose zeal, constancy and bravery, under the most trying circumstances, Your Excellency has borne such gratifying testimony.

We view with peculiar satisfaction the earnest desire evinced by Your Excellency, under the present novel and peculiar situation of the Province, to place before the Legislature an authentic review of recent occurrences, and to trace effects to their causes, as a guide to present and future legislation,—and that we cannot but express the deepest gratitude to Divine Providence, that Your Excellency was enabled to acquire such timely information of the proceedings of the conspiracy which was organized and extended along the whole line of the American frontier, from east to west, as induced Your Excellency to take those decisive measures which gave immediate confidence to the country, and ensured the security of the Province, and for which Your Excellency is entitled to the gratitude and thanks of the people.

Although we deeply deplore that Her Majesty's faithful Subjects have been exposed to the greatest privations and hardships, and to the severest domestic injuries, in defending their constitution and laws, we nevertheless have the satisfaction of believing, that owing to our state of preparation at every point, the loss of valuable lives has been limited—the high moral character of the people of Upper Canada thoroughly exhibited—and a spirit roused throughout the Province that will survive passing events, and greatly tend to the future strength, security, and tranquillity of the country.

We feel highly gratified, that when the conspirators and revolutionists did make an attack upon our frontier near Prescott, and another in the vicinity of Sandwich, not a Subject of Her Majesty joined them after their landing, and that in both attempts they were signally defeated, and nearly the whole of the banditti captured.

We agree with Your Excellency, that in alluding to these events it is impossible to praise too highly the gallantry of the Militia—the fidelity and prompt services of the Indian Warriors, and the patriotism of a vast majority of the inhabitants of this Province, who have conspicuously vied with each other in the manifestation of a devoted attachment to our Most Gracious Sovereign, and of an enthusiastic affection and deep regard for our venerated Consfitution.

We feel that our best security against the designs of the lawless population of the neighbouring Republic, aided by the few disaffected persons in this Province, consists in being at all times prepared to repel attacks from any quarter, added to that protection from the Mother Country which we conceive we are as much entitled to as the inhabitants of any County in England.

We concur in opinion, that the main foundation for the hopes of the disaffected persons in this Province, and of their foreign supporters, has been a mischievous notion, industriously propagated, that England would desert her trans-atlantic possessions in the hour of difficulty and danger,—that whenever the machinations of internal traitors, or threats of external hostility, might render the protection of these Colonies burthensome, the assistance of the Mother Country would be withdrawn, and their loyal inhabitants be left alone to support a most unequal conflict. We believe that this false and pernicious opinion has given encouragement to treason—influenced the conduct of the wavering—excited the apprehensions of the timid—and even put to a severe test the constancy of the loyal and resolute;—that it has assisted in checking the tide of immigration to our shores—diverting the surplus of British capital into other channels—impairing public credit—depreciating the value of every description of property,—and has been the prolific source of many public calamities.

Past events have uniformly and clearly demonstrated, that the fidelity of the mass of the people of this Province is not to be shaken by the severest trials; and it affords us great satisfaction, and inspires us with additional confidence, to be informed that Your Excellency has been commanded by our most Gracious Sovereign to convey to us, the most positive assurances of Her continued protection and support.

We cannot withhold the expression of our apprehensions, that the dangers which have assailed us are not at an end; for all the motives in which the attempts of our enemies originated—the love of plunder—an avidity to seize our fertile lands—and an impatient desire to extend republican institutions, continue to operate with unabated force; and though we sincerely desire conciliation, and will endeavour to promote it by every honourable means, still we feel convinced that upon our own ability, sustained by the British Government, to repel and punish hostile aggressions, we must hereafter chiefly depend.

In order to place the inhabitants of this Province in the most advantageous position for opposing their unprincipled enemies, we will turn our early and serious attention to the making such amendments in our Militia Law as shall place this force on the best possible footing—efficient, but not burthensome either to the Government or to the people.

We feel assured that the duties which have devolved upon Your Excellency, in disposing of the numerous criminals who have fallen into the hands of Justice, have been arduous and difficult; and we are well convinced, that in the discharge of those painful duties, Your Excellency has been guided by a sincere desire to extend mercy to the utmost limits, compatible with justice to the deeply injured people of this Province.

We will devote our early attention to the situation of Her Majesty's Subjects who have suffered in their persons and property, by the reiterated attacks of our enemies.

We receive with heartfelt pleasure and grateful acknowledgment, the informatiou that Her Majesty has been most graciously pleased to extend to the wounded Officers, Non-Commissioned Officers and Men, of the Provincial Militia in arms since the insurrection last winter, the same liberal provision as is granted to Her Majesty's regular Land and Naval Forces; and that it is Her Majesty's most gracious intention to make a similar beneficent provision for the Widows of those Officers in the Provincial Corps who may have fallen in action.

The important and long agitated question of the Clergy Reserves, shall receive our immediate and attentive consideration, with the view to ascertain how a settlement of it, so particularly desirable, can be attained.

We cordially agree with Your Excellency in thinking, that a system of sound and religious instruction for the rising generation, ought to be established under every Government, and is most particularly requisite in a young country in the situation of this Province, and that we will give this subject our best consideration.

Our most careful consideration shall be directed to the subject of the surrender by Her Majesty to our disposal, of the Casual and Territorial Revenues of the Crown, in order that a satisfactory arrangement of this important subject may be speedily accomplished.

The amount of extraordinary outlay advanced by Your Excellency from the Crown Revenue, and not contemplated or provided for by the Legislature, to defray the expenses attending the capture, detention, trial and punishment, of State Criminals, and other pressing demands, as well as the Public Accounts, shall engage our strict attention as soon as they shall be laid before us.

While we regret to find that the negotiation of our public Debentures in England has latterly been impeded, we trust that measures will be adopted during the present Session, which will remove all difficulty in obtaining for these securities, the confidence that was formerly extended to them.

We are gratified to learn that, notwithstanding the interruption to which the trade of this Country has been exposed, there has been no falling off in the revenues collected in Lower Canada; and that a portion of the public money, placed in the hands of Thomas Wilson & Co. of London, has been paid: and further, that there is reason to believe, that the remainder will shortly be received.

As soon as the reports of the state of the Public Works are laid before this House, we shall consider it among our most important duties to turn our attention to their advancement; and to endeavour to devise measures to secure a due application of public money voted for the roads: the formation of which on a good and permanent system, we agree with Your Excellency, is most essential to the prosperity of the Province.

The anxiety with which Her Majesty's Government looks forward to the resumption of Cash Payments by the Chartered Banks of the Province, is fully participated in by us; and we shall rejoice to find that the interest of the Province, and the safety of public credit, will permit the early accomplishment of this essential object.

We shall receive with respectful attention, the answers which Her Majesty has been pleased to make to the several Addresses of the two Houses of the Provincial Parliament, during the last Session; and we are gratified to be informed by Your Excellency, that these Addresses have been graciously received.

We have no doubt, that in exercising the power vested in Your Excellency, by the suspension of the *Habeas Corpus* Act, to a limited extent, Your Excellency has been influenced by a sincere desire that no restraint might be imposed on the liberty of the Subject, which the public safety did not imperatively demand.

We unite with Your Excellency in acknowledging, that the goodness of an over-ruling Providence has, in an eminent degree, averted the dangers by which the progress of this beautiful Country in population and wealth has been obstructed; and we humbly hope, that the same Almighty Arm which has hitherto protected us, will soon place Upper Canada in such a state of tranquillity and security, as will permit the full development of her vast natural resources: and we are fully persuaded, that Your Excellency's cordial exertions will be employed, in conjunction with the other branches of the Legislature, to promote, by wise and salutary measures, the prosperity and happiness of this interesting Colony.

ALLAN N. MACNAB,
SPEAKER.

HIS EXCELLENCY'S REPLY.

Gentlemen of the House of Assembly:

I thank you for your congratulations on my assuming the Administration of the Government of this Province; and for the confidence you express in the motives by which my conduct has been directed, in the discharge of the very arduous dûties that have devolved on me.

At such a trying and eventful period as the present, nothing can tend more to the strength and efficiency of the Executive Government, than the cordial support of the Representatives of the people.

In offering you, therefore, my best acknowledgments for this Address, I can with the greatest sincerity assure you, that it will be the object of my earnest desire to promote, and strictly to maintain, that good understanding and harmonious intercourse with you, which I feel to be intimately connected with the best interests of the Country.

By Authority.

GOVERNMENT HOUSE,
19th March, 1839.

THE LIEUTENANT GOVERNOR has much gratification in communicating to the Militia and Volunteers of Upper Canada, the following extract from a Despatch, of the 1st ultimo, from HER MAJESTY'S Principal Secretary of State for the Colonies:

"I have had the honour to receive your Despatch, of the 13th December, No. 105, reporting the invasion of Upper Canada, in the neighbourhood of Windsor, by a body of Brigands from the United States; their defeat and dispersion by the Militia and Volunteers of the Province; and the measures adopted by you for bringing to trial the prisoners taken on this occasion.

"Her Majesty has received with much satisfaction, your report of the loyal and gallant conduct of the Militia and Volunteers engaged in repelling this wanton and unprovoked attack.

"While the Queen deeply laments that the lives of any of Her faithful Subjects should have been sacrificed in the discharge of this duty, Her Majesty trusts, that the total absence of the slightest co-operation with the lawless and unprincipled invaders, on the part of Her Subjects in Upper Canada, together with the promptitude and energy evinced by all classes of them, in resisting this renewed violation of the British Territory, and the consequent total defeat of the invaders, will at length have the effect of deterring the Brigands within the United States from further attempts of a similar kind."

By His Excellency's Command.

JOHN MACAULAY.

ADJUTANT GENERAL'S OFFICE,
Toronto, 20th March, 1839.

MILITIA GENERAL ORDER.

THE Lieutenant Governor, and Major General Commanding, has noticed with the deepest anxiety, the undermentioned statements of events attending the late invasion of Brigands into the Western District of this Province:

1st—A Despatch to Colonel Airey, Commanding the Western District, from Colonel Prince, in Command at Sandwich, in which that Officer reports the following circumstance:

"Of the Brigands and Pirates, twenty-one "were killed—besides four who were brought "in just at the close, and immediately after "the engagement, all of whom I ordered to "be shot on the spot, and which was done "accordingly."

2nd—An Address signed by Colonel William Elliott, and twelve other persons, pledging themselves, individually and collectively, for the truth of a printed paper accompanying their Address, purporting to be a "Narrative "of the Action with the Brigands, on the 4th "of December," compiled for the purpose of publication, and actually printed in the City of Detroit, in the State of Michigan.

The Lieutenant Governor, on receiving the first of these papers, immediately directed, in addition to personal inquiry on the spot, that a particular statement of the circumstances attending the execution of the four prisoners, by Colonel Prince, should be laid before him: and on the receipt of the Address before alluded to, the necessity for a minute and careful inquiry into the allegations contained in the printed statement, became distinctly apparent.

Under the direction of His Excellency, a Court of Inquiry was accordingly instituted, composed of Lieutenant Colonel AIREY, Commanding Her Majesty's 34th Regiment, President; Major FRENCH, of the 85th, and Major DEEDES, of the 34th Regiment, Members; and those Officers, after a most laborious and rigid inquiry, have submitted the following Report:

"The Court having gone into the most minute and detailed investigation of the particulars contained in the printed paper headed "Battle of Windsor," in so far as relates to statements of a very painful nature, respecting the treatment, by order of Colonel Prince, of certain Brigand Prisoners, who were captured at Windsor, Upper Canada, on the 4th December last, and having carefully and patiently examined, individually, the several Gentlemen who signed the Address to His Excellency the Lieutenant Governor, transmitting the said document, in which it is stated, that "As the several particulars, (which, joined together, form the connected statement) are known to some one or more of the subscribers, they pledge themselves individually for the truth of the parts to which they were respectively eye-witnesses, and collectively, to the accuracy of the whole narrative, in all its essential points"—is of opinion, that the invidious colouring which characterizes the detail of the facts alluded to, reflecting so painfully on the conduct of Colonel Prince, is not in any way substantiated by evidence; and that the Court cannot but observe the existence of a spirit of personal hostility towards Colonel Prince, from which alone, in the opinion of the President and Members, has emanated the narrative in question; nor can the Court refrain from expressing deep regret, that at any period, but more especially so at a time like the present, when unanimity and good feeling ought to be conspicuous amongst all classes of Her Majesty's Subjects, that statements of the nature of those which form the basis of this investigation, (the circulation of which will not be confined to these Provinces only) should have been presented to the public, without the fullest, the clearest, and the most indisputable knowledge of their accuracy."

In this Report the Lieutenant Governor expresses his entire concurrence; and while he has most deeply regretted that, under circumstances of impending danger, and highly excited feeling, Colonel Prince was induced to anticipate the result of legal proceedings, in directing the summary execution of four of the captured criminals, His Excellency is gratified to find that Officer completely exonerated, upon the searching investigation of the Court of Inquiry, from the imputation of having been guilty of acts of wanton cruelty,—for which charge the Court has been able to assign no other foundation than a feeling of personal hostility towards Colonel Prince.

The Lieutenant Governor cannot too strongly express his disapprobation of the terms and spirit in which the printed statement has been framed, and of the act, manner, and place of its publication—nor can he omit particularly to notice the very inconsistent and reprehensible conduct of Colonel William Elliott, who, in the first place, presided at a public meeting, at which the course of summary execution adopted by Colonel Prince, to a limited extent, at Windsor, was strongly recommended to be indiscriminately pursued on all occasions of invasion; and afterwards pledged himself to the truth of statements, highly coloured and exaggerated, implicating that Officer, and having a direct tendency to lower the character of the Militia Service, in which Colonel Prince and his accusers were alike engaged, as well as to aggravate the feelings of hostility along the frontier, already, unhappily, too much excited.

These circumstances impose on the Lieutenant Governor, the painful necessity of dispensing with the future services of Colonel William Elliott, in Her Majesty's Militia of this Province.

The Lieutenant Governor is most desirous, that the grounds of Colonel Elliott's retirement from the Militia should not be misunderstood—His Excellency entertains the same disapproval, which he has already expressed, of summary proceedings towards Prisoners who may fall into the hands of the Militia. Such can only be justified by an extreme case of necessity; and when an occurrence of this nature takes place, it is always a proper subject to be brought under the immediate consideration of the Government. But the course of proceedings to which Colonel Elliott was a party, appears to the Lieutenant Governor, to be altogether inexcusable—and to involve alike the reputation of the Provincial Militia, and the public welfare.

By Command,

RICHARD BULLOCK,
Adjutant General, Militia.

VOL. XIII. TORONTO, THURSDAY, APRIL 18, 1839. NO. 49

By Authority.

To His Excellency SIR GEORGE ARTHUR, *Knight Commander of the Royal Hanoverian Guelphic Order, Lieutenant Governor of the Province of Upper Canada, and Major General Commanding Her Majesty's Forces therein, &c. &c. &c.*

MAY IT PLEASE YOUR EXCELLENCY!

WE, HER MAJESTY'S dutiful and loyal Subjects, the Commons of Upper Canada, in Provincial Parliament assembled, adverting to that part of Your Excellency's Speech, at the opening of the Session, which refers to the decisive measures taken by Your Excellency to give immediate confidence to the Country, and to insure the security of the Province against the designs and efforts of wicked and lawless Conspirators, issuing from a neighbouring professedly friendly State, feel it our duty to express to Your Excellency, in a more distinct manner than we have hitherto done, the deep and grateful sense we entertain of the vigour and promptitude displayed by Your Excellency, in guarding against and defeating the criminal attempts of these enemies of our peace and welfare.

Recalling to mind the events of the past six months, we cannot but feel conscious that, under Divine Providence, we owe to Your Excellency's foresight and energy, those early and well-matured preparations which, by rousing into action the gallant and determined spirit of the people of the Country, in defence of their Institutions, and placing them in the same front of danger with Her Majesty's Regular Forces, rendered abortive every effort of Treason or Foreign lawless aggression; and prevented that succession of attacks, to which the least success at the commencement would have given rise.

We are fully conscious, that in adopting this course, Your Excellency must have incurred weighty responsibilities, such as few would venture to assume; but, while expressing our own decided conviction of their absolute necessity for the safety of the Province, we feel a deep and lively satisfaction at the assurance contained in the Speech from the Throne, recently addressed by our gracious Queen to the Imperial Parliament, that Your Excellency has but anticipated the commands of Her Majesty, to uphold and protect, at any cost, Her faithful people in this remote portion of Her Dominions; and we cannot refrain, on this occasion, from the expression of our most anxious hope, that this firm and vigorous course will be followed up, until Her Majesty's Subjects, who have suffered in person and property, have received full indemnity for past injuries, and security against future attacks.

We feel it incumbent on us, on this occasion, further to state to Your Excellency, that we are fully sensible, that among the duties growing out of the peculiar sate of things which has existed in this Province, during the period of Your Excellency's Administration, the disposal of the convicted Traitors and Brigands, has been most painful and difficult; and we beg to assure Your Excellency, that while we express our deep obligation for the firmness with which you sanctioned the infliction of such punishments, as the security of the Country imperatively demanded, we are fully sensible, that your whole conduct has evinced a disposition to exercise mercy, in a degree that could not have been expected, even by our enemies: and to which, they must themselves admit, they had but slender claims.

In conclusion, we beg leave to renew to Your Excellency, our assurances of constant and cordial support, in all measures calculated to promote the true interests and happiness of the people of this Province, and the safety, honour and welfare, of our Sovereign and Her Dominions.

ALLAN N. MACNAB,
SPEAKER.

Commons House of Assembly,
Tenth day of April, 1839.

HIS EXCELLENCY'S REPLY.

GENTLEMEN:

It is a great gratification to me to find, that the measures adopted for the defence and security of the Province, have proved so satisfactory to the Country; and I am persuaded, that the expression of your sentiments on this subject, will be most acceptable to His Excellency the Commander of the Forces, by whom Military aid was so promptly afforded.

Your decided concurrence in the course of justice and mercy, that has been pursued during a period of unexampled difficulty, is a source of indescribable comfort to my mind; and I value most highly your assurances of continued and cordial support.

VOL. XIII. TORONTO, THURSDAY, APRIL 25, 1839. NO. 50

By Authority.

To His Excellency SIR GEORGE ARTHUR, *Knight Commander of the Royal Hanoverian Guelphic Order, Lieutenant Governor of the Province of Upper Canada, and Major General Commanding Her Majesty's Forces therein, &c. &c. &c.*

MAY IT PLEASE YOUR EXCELLENCY.

WE, HER MAJESTY'S dutiful and loyal Subjects, the LEGISLATIVE COUNCIL of Upper Canada, in Provincial Parliament assembled, beg leave to approach your Excellency with an ardent expression of gratitude, in which we feel confident that the Inhabitants of the Province warmly concur, for the firm, energetic and judicious measures, which have distinguished Your Excellency's administration of the affairs of this Province, during a period of unexampled difficulty and alarm.

We desire to express our unqualified approval of that happy mixture of lenity and firmness which, under the blessing of Almighty God, would appear to have ensured, as well the safety of the Province, as to have secured for Your Excellency the confidence and approbation of the people committed by our Gracious Sovereign to your charge.

Legislative Council Chamber,
22nd day of April, 1839.

HIS EXCELLENCY'S REPLY.

HONOURABLE GENTLEMEN,

I receive this most gratifying Address with feelings of the deepest satisfaction; and I return you my sincere and cordial thanks for the favourable terms in which you are pleased to express your sense of the beneficial consequences that have resulted from my Administration of the Government of this Province, during a period of extraordinary difficulty and responsibility.

The testimony you have thus borne to my exertions for the security and welfare of the inhabitants of Upper Canada, will, I am persuaded, prove very acceptable to our Most Gracious Sovereign, whose earnest desire it is to promote the prosperity and happiness of her people throughout all parts of her widely extended dominions.

To His Excellency SIR GEORGE ARTHUR, *Knight Commander of the Royal Hanoverian Guelphic Order, Lieutenant Governor of the Province of Upper Canada, and Major General Commanding Her Majesty's Forces therein, &c. &c. &c.*

MAY IT PLEASE YOUR EXCELLENCY:

WE, HER MAJESTY'S dutiful and loyal Subjects, the Commons of Upper Canada, in Provincial Parliament assembled, adverting to that part of Your Excellency's Speech, at the opening of the Session, which refers to the decisive measures taken by Your Excellency to give immediate confidence to the Country, and to insure the security of the Province against the designs and efforts of wicked and lawless Conspirators, issuing from a neighbouring professedly friendly State, feel it our duty to express to Your Excellency, in a more distinct manner than we have hitherto done, the deep and grateful sense we entertain of the vigour and promptitude displayed by Your Excellency, in guarding against and defeating the criminal attempts of these enemies of our peace and welfare.

Recalling to mind the events of the past six months, we cannot but feel conscious that, under Divine Providence, we owe to Your Excellency's foresight and energy, those early and well-matured preparations which, by rousing into action the gallant and determined spirit of the people of the Country, in defence of their Institutions, and placing them in the same front of danger with Her Majesty's Regular Forces, rendered abortive every effort of Treason or Foreign lawless aggression; and prevented that succession of attacks, to which the least success at the commencement would have given rise.

We are fully conscious, that in adopting this course, Your Excellency must have incurred weighty responsibilities, such as few would venture to assume; but, while expressing our own decided conviction of their absolute necessity for the safety of the Province, we feel a deep and lively satisfaction at the assurance contained in the Speech from the Throne, recently addressed by our gracious Queen to the Imperial Parliament, that Your Excellency has but anticipated the commands of Her Majesty, to uphold and protect, at any cost, Her faithful people in this remote portion of Her Dominions; and we cannot refrain, on this occasion, from the expression of our most anxious hope, that this firm and vigorous course will be followed up, until Her Majesty's Subjects, who have suffered in person and property, have received full indemnity for past injuries, and security against future attacks.

We feel it incumbent on us, on this occasion, further to state to Your Excellency, that we are fully sensible, that among the duties growing out of the peculiar sate of things which has existed in this Province, during the period of Your Excellency's Administration, the disposal of the convicted Traitors and Brigands, has been most painful and difficult; and we beg to assure Your Excellency, that while we express our deep obligation for the firmness with which you sanctioned the infliction of such punishments, as the security of the Country imperatively demanded, we are fully sensible, that your whole conduct has evinced a disposition to exercise mercy, in a degree that could not have been expected, even by our enemies: and to which, they must themselves admit, they had but slender claims.

In conclusion, we beg leave to renew to Your Excellency, our assurances of constant and cordial support, in all measures calculated to promote the true interests and happiness of the people of this Province, and the safety, honour and welfare, of our Sovereign and Her Dominions.

ALLAN N. MACNAB,
SPEAKER.

Commons House of Assembly,
Tenth day of April, 1839.

HIS EXCELLENCY'S REPLY.

GENTLEMEN:

It is a great gratification to me to find, that the measures adopted for the defence and security of the Province, have proved so satisfactory to the Country; and I am persuaded, that the expression of your sentiments on this subject, will be most acceptable to His Excellency the Commander of the Forces, by whom Military aid was so promptly afforded.

Your decided concurrence in the course of justice and mercy, that has been pursued during a period of unexampled difficulty, is a source of indescribable comfort to my mind; and I value most highly your assurances of continued and cordial support.

To His Excellency Major General SIR GEORGE ARTHUR, K. C. H. *Lieutenant Governor of the Province of Upper Canada.*

The respectful Address of the undersigned Inhabitants of the Townships of Nichol and Garafraxa, in the District of Gore, in the said Province:

We, the undersigned inhabitants of the Townships of Nichol and Garafraxa, take leave to congratulate Your Excellency on the present state of internal peace and tranquillity that so generally pervades the Province, feeling assured that this has resulted, under the blessing of God, from the wise and energetic measures adopted by Your Excellency.

We embrace this opportunity of assuring you of our firm and devoted loyalty and attachment to Britain, and to Her revered Institutions, sincerely hoping, that the clouds which have so lately overcast the political horizon of our adopted country, are rapidly passing away.

From the many undoubted proofs you have shewn, of the warm interest you feel in the

prosperity of this country, we confidently rely on your devising such measures as are best calculated to develope its resources. Amongst others, we would humbly suggest more decided encouragement to Emigration, by lowering the price of Government lands—opening up and improving roads to the interior—and should a union with the Lower Province be deemed inexpedient, a Port of Entry to the Upper Province may be secured.

Signed by JAMES WEBSTER,
A. D. FERRIER,
And others.

April, 1839.

HIS EXCELLENCY'S REPLY.

GENTLEMEN,

It cannot be otherwise than extremely gratifying to me to find that the policy pursued by the Government, during the late erentful crisis, has met with your marked approbation and support.

Most cordially do I concur in the hope which you have expressed, that our present embarrassments may speedily be succeeded by the revival of commerce, and the development of the agricultural and internal resources of the Province. The venerated institutions of the British Empire, which you have so gallantly defended, are not less calculated to preserve your liberties, than to foster the growth of Colonial prosperity and greatness;—and continuing, as I am sure you ever will, to cherish the blessings of Monarchical freedom, may you soon receive an addition to your wealth, your population and your strength, by the influx of Emigrants from the Parent Isles.

(Signed,) GEO. ARTHUR.

To His Excellency SIR GEORGE ARTHUR, *Knight Commander of the Royal Hanoverian Guelphic Order, Lieutenant Governor of the Province of Upper Canada, and Major General Commanding Her Majesty's Forces therein, &c. &c. &c.*

MAY IT PLEASE YOUR EXCELLENCY;

WE, HER MAJESTY'S dutiful and loyal subjects, residing at, and near, the River Trent, beg leave to approach Your Excellency with expressions of congratulation, on the present state of tranquillity which pervades this Province, and the security now universally felt, that its inhabitants need no longer apprehend the lawless attacks of Foreign Brigands, at least without the assurance of prompt retribution being visited on the heads of those who shall have temerity enough to attempt it.—This state of tranquillity and security, we ascribe, under Divine Providence, to the vigilance of Your Excellency, in penetrating the wicked designs of Foreigners in connection with, unhappily, some domestic Traitors, and promptitude with which you have taken your measures, and availed yourself of the courage and zeal of the loyal inhabitants of the Province.

Your Excellency's arrival among us was at a very critical juncture of our affairs, since which time we feel confident it has required the most unceasing vigilance and activity on the part of Your Excellency to preserve the tranquillity of the Province; and we beg, Sir, to congratulate you and ourselves on the happy measures you have taken to secure that object. But, Sir, we have another duty to perform. When we see in your opening speech to the Provincial Parliament, that "you do not wish to inspire a belief which you are very far from entertaining, that the dangers with which we have been threatened are at an end," and at the same time learn, that another and most loyal Province is threatened with hostile invasions by an armed force from one of the neighbouring States—we say, we deem it our duty to assure Your Excellency, that, judging from the past, we have just reason to place the fullest reliance on your firmness and wisdom, for taking the most efficient measures for our protection and security in future. We also beg to assure you, and through you, our Most Gracious Sovereign, that our best services, and whatever means we command, are at the disposal of Your Excellency for the maintenance of the integrity of the British Empire, the preservation of the British Constitution and British connexion in this Province,—whether those services and those means may be required to repel, and, if need be, to chastise foreign aggression, or to expose and punish domestic treason.

It is our fervent prayer that, by the goodness of an over-ruling Providence, the dangers which seem to threaten us, may be averted; and that, under the auspices of Your Excellency, the public works and improvements of this Province, which have been interrupted by our late domestic troubles, may be speedily completed, and that we and our fellow subjects may be permitted to reap the reward of our exertions in the peaceable pursuit of our several avocations. But should it be otherwise, we have again to assure Your Excellency of our best support in maintaining our unrivalled Constitution, and the connexion now happily subsisting between this Colony and Great Britain.

(Signed,) ROBERT C. WILKINS,
SHELDON HAWLEY,
ADAM H. MEYERS,
and 847 others.

River Trent, 20th March, 1839.

HIS EXCELLENCY'S REPLY.

Gentlemen,—I receive your Address with much satisfaction and thankfulness.

Your ardent expressions of attachment to our Most Gracious Sovereign, and of your strong determination to preserve the integrity of the Empire, cannot fail to sustain that spirit of loyalty, in giving expression to which Her Majesty's North American possessions have lately joined, as if animated with but one heart, and speaking but with one voice.

I perceive, with gratification, that you partly ascribe the present comparative tranquility of the Province to the precautions which were adopted to ensure it.

It will, I can assure you, be still my study to guard with vigilance against further inroads and aggressions, and to prevent their recurrence by shewing a front of preparation and defence: and I sincerely trust that the result of such a policy will be gradually felt in the restoration of public prosperity, and of those peaceful blessings to which the inhabitants of Upper Canada are so fully entitled, from their well tried devotion to the British Crown.

TORONTO, SATURDAY, MAY 11, 1839.

TORONTO, SATURDAY, MAY 11, 1839.

THIS day, at six o'clock, HIS EXCELLENCY THE LIEUTENANT GOVERNOR proceeded in State, from the GOVERNMENT HOUSE to the Chamber of the Honourable the LEGISLATIVE COUNCIL, where being arrived, and seated on the Throne, the Gentleman Usher of the Black Rod was sent with a Message from HIS EXCELLENCY to the HOUSE OF ASSEMBLY, commanding their attendance; the MEMBERS present being come up accordingly, HIS EXCELLENCY was pleased to prorogue the Session of the Legislature with the following—

SPEECH:

Honourable Gentlemen of the Legislative Council: and,
Gentlemen of the House of Assembly:

In relieving you from your Legislative duties, I desire to express my satisfaction at the zeal and patience you have displayed, in considering the important subjects which have engaged your attention.

It has not surprised me, that conscientious differences of opinion have so long led to much embarrassment in the disposal of the Clergy Reserves.

You were right, certainly, to leave no means unattempted, in order finally to settle this great question by the Provincial Legislature; but every expedient having failed, and all hope being excluded of unanimity here, I rejoice greatly that this Parliament has resolved, that the difficulties of this subject shall not longer be suffered to excite and encourage antagonist feeling in a community, whose common safety requires the greatest concord.

I shall feel it to be my duty, to the utmost of my knowledge and ability, to put Her Majesty's Government in possession of the desires and opinions of the people of Upper Canada, regarding the public aid to be afforded to the maintenance of the Christian Religion in the Colony; and will, without loss of time, transmit that Bill, together with your Address thereon.

The Bill which you have passed, accepting the cession of the Casual and Territorial Revenue, upon condition of a permanent supply for the support of the Government, in its ordinary and most necessary details, will, I hope, prove satisfactory to Her Majesty.

The omission, however, in the Bill, to provide for certain annuities, charged upon these Revenues, renders it necessary for me to reserve the Bill for the signification of Her Majesty's pleasure thereon.

I have derived great satisfaction from the Bill which you have passed, for the promotion of liberal Education, and the extension of Schools, of a highly useful character, to every District in the Province; and I most sincerely hope, that another Session of the Legislature will not be allowed to pass over, without your making a similar wise and liberal provision for Common Schools.

Among the measures of the Session, I am happy to observe a Bill for the establishment of a Lunatic Asylum, for the relief of those unfortunate beings from incurable wretchedness; and I have no doubt, that the burden, consequent on carrying this beneficent design into operation, will be cheerfully submitted to by the people of the Country.

In sustaining the great interests of the Country, no object of legislation requires more care and precaution than the due regulation of its system of Banking; and nothing is more hazardous to those interests than a prolonged issue of inconvertible Bank paper.

Impressed with this truth, I consider it would have been better to fix a much earlier day, for the return to a sound system of Banking, but have, nevertheless, determined not to withhold my concurrence to the Bill, which both Houses of the Legislature have agreed in thinking necessary.

Gentlemen of the House of Assembly:

I thank you, in Her Majesty's name, for the Supplies granted for the service of the present year.

In superintending the ordinary disbursements, I shall economically restrict them within the narrowest limits, which are consistent with a due regard to the efficient administration of public affairs; and I trust there will be no recurrence of the distressing events which caused an expenditure last year, unexampled at any former period.

The serious doubts expressed by Her Majesty's Government as to passing any measures calculated to affect, and especially to derange, the monetary system of the Province, render it my duty to reserve, till Her Majesty's pleasure be known, such of the Bills as you have passed, which appear to me to have that tendency.

I will lose no time in transmitting these Bills, to Her Majesty's Secretary of State for the Colonies, that the decision upon them may be known with the least possible delay.

In the mean time, I trust that the sale of the Stock in the Bank of Upper Canada, and the other resources of the Province, will enable me during the interval, to carry on the Public Service without any material inconvenience.

Having felt it my duty to adopt this course in reference to these Bills, it has become necessary for me also to reserve for the signification of Her Majesty's pleasure, the Bill for the relief of sufferers by the late insurrection, or by foreign aggression, or otherwise claims under that Act might be presented before there were any means provided for their liquidation.

It is my deliberate opinion, that at this crisis you must seek for, and rely upon, the protection and advice of Her Majesty's Government, in your money concerns.

Honourable Gentlemen, and Gentlemen:

In returning to your homes, and among those whom you represent, I wish earnestly to impress upon you, that your exertions in maintaining the same constitutional spirit, which has actuated you in your Parliamentary labours, will materially serve and promote the welfare of the country; and I firmly hope and believe, that in any measures that Her Majesty's Government may recommend, and the Imperial Parliament may adopt, for the future regulation of these important Colonies, you will find that your loyalty to your Sovereign, and your faithful attachment to the Empire, will be pre-eminently regarded, and will ensure to you the maintenance and protection of those political institutions and constitutional principles, which you so justly appreciate and revere.

Commissioner of Crown Lands' Office,
Toronto, 4th April, 1839.

IT IS ORDERED, by His Excellency the Lieutenant Governor, in Council, that unless the Claimants, or their Representatives, do assert their respective Claims to the Lots mentioned in the following list, within Twelve Months from this date, the Locations will be forfeited.

It is also Ordered; That the lots of Land contained in the said list be inspected, and, that in all cases of Location upon condition of actual settlement, or performance of settlement duties, Lands located before the first day of January 1832, upon which it shall appear that no actual settlement shall have been made, or no settlement duties performed, (as the case may be,) shall be declared forfeited, upon a return of such inspection.

R. STANTON, PRINTER TO THE QUEEN'S MOST EXCELLENT MAJESTY.

Upper Canada Gazette.

VOL. XIV. TORONTO, THURSDAY, MAY 16, 1839. NO. 1

By Authority.

(From the Upper Canada Gazette Extra. of Saturday, 11th May.)

TORONTO, SATURDAY, MAY 11, 1839.

THIS day, at six o'clock, HIS EXCELLENCY THE LIEUTENANT GOVERNOR proceeded in State, from the GOVERNMENT HOUSE to the Chamber of the Honourable the LEGISLATIVE COUNCIL, where being arrived, and seated on the Throne, the Gentleman Usher of the Black Rod was sent with a Message from HIS EXCELLENCY to the HOUSE OF ASSEMBLY, commanding their attendance: the MEMBERS present being come up accordingly, HIS EXCELLENCY was pleased to prorogue the Session of the Legislature with the following—

SPEECH:

Honourable Gentlemen of the Legislative Council: and, Gentlemen of the House of Assembly:

In relieving you from your Legislative duties, I desire to express my satisfaction at the zeal and patience you have displayed, in considering the important subjects which have engaged your attention.

It has not surprised me, that conscientious differences of opinion have so long led to much embarrassment in the disposal of the Clergy Reserves.

You were right, certainly, to leave no means unattempted, in order finally to settle this great question by the Provincial Legislature; but every expedient having failed, and all hope being excluded of unanimity here, I rejoice greatly that this Parliament has resolved, that the difficulties of this subject shall not longer be suffered to excite and encourage antagonist feeling in a community, whose common safety requires the greatest concord.

I shall feel it to be my duty, to the utmost of my knowledge and ability, to put Her Majesty's Government in possession of the desires and opinions of the people of Upper Canada, regarding the public aid to be afforded to the maintenance of the Christian Religion in the Colony: and will, without loss of time, transmit that Bill, together with your Address thereon.

The Bill which you have passed, accepting the cession of the Casual and Territorial Revenue, upon condition of a permanent supply for the support of the Government, in its ordinary and most necessary details, will, I hope, prove satisfactory to Her Majesty.

The omission, however, in the Bill, to provide for certain annuities, charged upon these Revenues, renders it necessary for me to reserve the Bill for the signification of Her Majesty's pleasure thereon.

I have derived great satisfaction from the Bill which you have passed, for the promotion of liberal Education, and the extension of Schools, of a highly useful character, to every District in the Province; and I most sincerely hope, that another Session of the Legislature will not be allowed to pass over, without your making a similar wise and liberal provision for Common Schools.

Among the measures of the Session, I am happy to observe a Bill for the establishment of a Lunatic Asylum, which will have the humane effect of rescuing many unhappy beings from incurable wretchedness; and I have no doubt, that the burden, consequent on carrying this beneficent design into operation, will be cheerfully submitted to by the people of the Country.

In sustaining the great interests of the Country, no object of legislation requires more care and precaution than the due regulation of its system of Banking; and nothing is more hazardous to those interests than a prolonged issue of inconvertible Bank paper.

Impressed with this truth, I consider it would have been better to fix a much earlier day, for the return to a sound system of Banking, but have, nevertheless, determined not to withhold my concurrence to the Bill, which both Houses of the Legislature have agreed in thinking necessary.

Gentlemen of the House of Assembly:

I thank you, in Her Majesty's name, for the Supplies granted for the service of the present year.

In superintending the ordinary disbursements, I shall economically restrict them within the narrowest limits, which are consistent with a due regard to the efficient administration of public affairs; and I trust there will be no recurrence of the distressing events which caused an expenditure last year, unexampled at any former period.

The serious doubts expressed by Her Majesty's Government as to passing any measures calculated to affect, and especially to derange, the monetary system of the Province, render it my duty to reserve, till Her Majesty's pleasure be known, such of the Bills as you have passed, which appear to me to have that tendency.

I will lose no time in transmitting these Bills, to Her Majesty's Secretary of State for the Colonies, that the decision upon them may be known with the least possible delay.

In the mean time, I trust that the sale of the Stock in the Bank of Upper Canada, and the other resources of the Province, will enable me during the interval, to carry on the Public Service without any material inconvenience.

Having felt it my duty to adopt this course in reference to these Bills, it has become necessary for me also to reserve for the signification of Her Majesty's pleasure, the Bill for the relief of sufferers by the late insurrection, or by foreign aggression, or otherwise claims under that Act might be presented before there were any means provided for their liquidation.

It is my deliberate opinion, that at this crisis you must seek for, and rely upon, the protection and advice of Her Majesty's Government, in your money concerns.

Honourable Gentlemen, and Gentlemen:

In returning to your homes, and among those whom you represent, I wish earnestly to impress upon you, that your exertions in maintaining the same constitutional spirit, which has actuated you in your Parliamentary labours, will materially serve and promote the welfare of the country; and I firmly hope and believe, that in any measures that Her Majesty's Government may recommend, and the Imperial Parliament may adopt, for the future regulation of these important Colonies, you will find that your loyalty to your Sovereign, and your faithful attachment to the Empire, will be pre-eminently regarded, and will ensure to you the maintenance and protection of those political institutions and constitutional principles, which you so ly appreciate and revere.

An Act to provide for the advancement of Education in this Province.

(Passed 11th May, 1839.)

WHEREAS it is very desirable to afford every encouragement to the advancement of Education throughout the Province: *And whereas*, His late most Gracious Majesty George the Third, was pleased to direct that a quantity of the Waste Lands of the Crown should be set apart for the endowment of Grammar Schools, and also of a University: *And whereas*, a Royal Charter has been granted incorporating the University of King's College, which has been endowed by a grant of Lands from the Crown: *And whereas*, Upper Canada College has, by an Act of the Legislature, been incorporated with and now forms an appendage to such University: *And whereas*, the advancement of Education will be better promoted by devoting a portion of the annual Reserves of King's College to the support of Upper Canada College and of Grammar Schools, for several years to come, than by the erection of a University in the present state of Education in the Province: *And whereas*, Upper Canada College, with some changes easily effected, would afford sufficient accommodation to the public as as a Provincial seat of learning, until it should be deemed requisite to erect the University: *And whereas*, it is expedient to appoint Trustees for each Grammar School in the several Districts to superintend the Schools to be established under the provisions of this Act, and to see to the application of the monies appropriated to their support. *Be it therefore enacted*, by the Queen's most Excellent Majesty, by and with the advice and consent of the Legislative Council and Assembly of the Province of Upper Canada, constituted and assembled by virtue of and under the authority of an Act passed in the Parliament of Great Britain, entitled "An Act to repeal certain parts of an Act passed in the fourteenth year of His Majesty's reign, entitled "An Act for making more effectual provision for the Government of the Province of Quebec, in North America, and to make further provision for the Government of the said Province," and by the authority of the same, That the several District Schools in this Province shall be and are hereby declared to be Grammar Schools, as contemplated by His late most Gracious Majesty King George the Third, at the time the said reservation of land was directed to be made as aforesaid.

2. *And be it further enacted by the authority aforesaid*, That there shall be constituted and appointed by the Lieutenant-Governor a Board of Trustees to each and every Grammar School in the several Districts of this Province, consisting of not less than five members, three of whom shall be a quorum, who shall have the superintendance of the Grammar Schools established in the several Districts of this Province, and receive the money authorised to be paid under this Act.

3. *And be it further enacted by the authority aforesaid*, That the money now remaining in the Receiver-General's hands unex-

pended, arising from the sales of School Lands, or which may come into his hands, applicable to the purposes of this Act, shall be invested in the Debentures of this Province, at six per cent. interest, and the proceeds placed under the control of the Council of King's College, for the purposes of this Act, to be by the said Council distributed amongst such Districts as in their opinion more immediately require assistance, owing to the state of the Schoolhouse, or other circumstances.

4. *And be it further enacted by the authority aforesaid*, That it shall and may be lawful for the Lieutenant-Governor, by and with the advice of the Executive Council, to set apart two hundred and fifty thousand acres of the Waste Lands of the Crown in this Province, to be sold in like manner as other Crown Lands, at a price not less than ten shillings per acre, and the proceeds thereof paid into the hands of the Receiver-General, from time to time, to be appropriated in such manner, and for the Grammar Schools, as hereinbefore provided.

5. *And be it further enacted by the authority aforesaid*, That a sum not exceeding one hundred pounds per annum, may be advanced to each of the said Boards of Trustees, from time to time, out of any monies in the hands of the Receiver-General applicable to the purposes of this Act, and should such monies be insufficient, it shall and may be lawful for the Council of King's College, in their discretion, to appropriate a sufficient sum from the annual revenues thereof, to make up the deficiency, to be applied in providing an additional master, and other means of instruction for the Grammar Schools in each District respectively. *Provided always*, that no portion of the principal money arising from the sale of Lands granted to King's College shall be so appropriated, but merely the interest or rents thereof.

6. *Provided also, and be it further enacted by the authority aforesaid*, That it shall and may be lawful for the said Council of King's College, first to appropriate a proportion of the revenues thereof, not exceeding one half, to the support, extension and maintenance, of Upper Canada College, until it shall be deemed necessary to erect the University.

7. *And be it further enacted by the authority aforesaid*, That it shall and may be lawful for the Board of Trustees, in any District now constituted, or hereafter to be constituted, to receive out of any monies in the hands of the Receiver-General, applicable to the purposes of this Act, a sum not exceeding two hundred pounds, to aid in the erection of a suitable building for a School-house in each District, provided an equal sum shall be raised by subscription among the inhabitants for the like object, and provided they shall ensure the permanent insurance of such building.

8. *And be it further enacted by the authority aforesaid*, That it shall and may be lawful for the Lieutenant-Governor, to authorise a sum not exceeding one hundred pounds per annum for each School, to be paid to any Board of Trustees, for the use and support of two other Schools than the one in the Town where the Court House is situated, in any Town or Village in which the inhabitants shall provide a suitable School-house, at which not less than sixty scholars shall be educated: Provided any such additional School shall not be within six miles of the District Town: *And provided always*, that nothing herein contained shall prevent the Council of King's College from extending the aid to four Grammar Schools (including the said two) other than the one established in the District Town, should the said Council deem it expedient.

9. *And be it further enacted by the authority aforesaid*, That it shall and may be lawful for the Council of King's College to make such rules, regulations and by-laws, for the conduct and good government of the several Schools established under this Act, as to such Council shall seem proper.

10. *And be it further enacted by the authority aforesaid*, That an account in detail of the sums received and expended, under the provisions of this Act, shall be rendered to the Lieutenant-Governor annually, in order that the same may be laid before the Legislature within thirty days after the commencement of each session. 2-s

An Act to authorise the erection of an Asylum within this Province, for the reception of Insane and Lunatic persons.

(Passed 11th *May*, 1839.*)*

WHEREAS the establishment of an Asylum in this Province, for the reception of Insane persons, has become necessary, and it is therefore expedient to authorise His Excellency the Lieutenant-Governor to appoint Commissioners for superintending the erection of a suitable building to be appropriated for the purpose aforesaid, and to provide for the appointment of Officers for the government thereof, and to frame regulations for the management of the said Asylum, and to authorise the Court of Quarter Sessions, in each District in the Province, to levy an additional assessment of one-eighth of a penny in the pound, to be annually appropriated to the erection of the said Asylum, and in the purchase of land sufficient for a site, and maintaining and supporting the same: *Be it therefore enacted*, by the Queen's most Excellent Majesty, by and with the advice and consent of the Legislative Council and Assembly of the Province of Upper Canada, constituted and assembled by virtue of and under the authority of an Act passed in the Parliament of Great Britain, entitled "An Act to repeal certain parts of an Act passed in the fourteenth year of His Majesty's reign, entitled 'An Act for making more effectual provision for the Government of the Province of Quebec, in North America, and to make further provision for the Government of the said Province," and by the authority of the same, That an Asylum, for the reception of Insane and Lunatic persons, shall be erected on such plot of ground as shall be appropriated by the Lieutenant-Governor, or purchased by Commissioners appointed under the authority of this Act for the purpose.

2. *And be it further enacted by the authority aforesaid*, That His Excellency the Lieutenant-Governor shall be and is hereby authorized to appoint Commissioners, of whom one shall be an experienced Medical Practitioner, for superintending the erection of said building, with full power and authority to employ a skilful Architect, to procure plans and elevations, and to adopt such plan as to them may seem best suited for the purpose intended.

3. *And be it further enacted by the authority aforesaid*, That so soon as the said building shall be reported to the Lieutenant-Governor, by the said Commissioners, as sufficiently completed and furnished for the reception of patients, it shall and may be lawful for the Lieutenant-Governor to appoint to such institution a Board of Directors, to consist of not less than twelve persons resident within the Province, and it shall be the duty of the said Board, or of any two members thereof, at least once in each month, to visit the said institution, to inspect the same, and annually on the first Tuesday in November, after the passing of this Act, to make a Report of the state thereof, and of the patients therein, and the times of their admission or discharge, to the Lieutenant-Governor, for the information of the Legislature.

4. *And be it further enacted by the authority aforesaid*, That the said Board of Directors, to be appointed as aforesaid, shall have power to make such prudential rules and regulations for the internal arrangement and management of the said institution, as to them may seem fit and proper, and may change, alter, annul, or renew the same, from time to time, as occasion may require, and the said Board of Directors shall appoint a superintendant, who shall always reside at the Asylum, and whose duty it shall be to act as Physician to the said establishment, and to watch over the internal management thereof, and carry into effect, in so far as appertains to his office, the provisions of this Act, and the by-laws of the said institution, and the said Board shall have the appointment of all other Officers and servants to the said institution, and have power to remove them at pleasure, and appoint others, and fix the amount of their salaries, subject to the confirmation or disallowance of the Lieutenant-Governor: Provided that the salary of the said superintendant shall not exceed the sum of three hundred pounds per annum.

5. *And be it further enacted by the authority aforesaid*, That it shall be the duty of the said Board to meet at least once in each month, and oftener if they shall see occasion, in some convenient room at the institution, to be selected by them for holding the meetings of the said Board, and a minute of all such business as shall be transacted at any such meeting, shall be recorded in a book to be kept for that purpose at the said meeting-room, and to be on no account removed therefrom, except by the special order or consent of the Board, and at any such meeting a plurality of votes shall be binding and conclusive upon any matter before the Board: *Provided always*, that there shall be at least three Directors present at such meetings, who shall, for the purposes of this Act, constitute a quorum for the despatch of business, and in case of an equality of votes at any such meeting, the chairman shall have a casting vote.

6. *And be it further enacted by the authority aforesaid*, That any Insane or Lunatic person or persons, being subject or subjects of Her Majesty, and a resident of this Province, may be received into the said Asylum, upon proof to the satisfaction of the said Board of Directors, or any one member thereof, in case the Board shall not be then sitting, of the said person, being such subject and resident as aforesaid, and upon the production of a certificate, signed by at least three resident practising Physicians in this Province, that such person has been examined by them collectively, and that he is Insane or a Lunatic, and in case the superintendant of the said Asylum, or any officer or servant belonging thereto, shall admit any person into the said institution, charged with Insanity or Lunacy, without first requiring and receiving such certificate, together with an order from the Board, signed by at least one member thereof, he or they so offending, shall forfeit and pay the sum of one hundred pounds for each and every offence, to be recovered by action of debt, in any of Her Majesty's Courts of Record in this Province, by any person or persons who shall sue in his, her, or their name or names, and one moiety of such penalty, when recovered, shall go to the use of the said institution, and the other moiety to the party or parties who shall sue for the same, and the onus of proving that such order and certificate were duly given, shall be upon the defendant or defendants.

7. *And be it further enacted by the authority aforesaid*, That the said Board shall establish the sum per diem, to be paid by the person or persons so admitted into the said Asylum, towards defraying the expense incurred for the maintenance, attendance and support, of such person or persons, which sum shall be paid quarterly in advance, and security shall be given by bond to the Treasurer of the said institution, for the future payments, according to the terms of the establishment.

8. *And be it further enacted by the authority aforesaid*, That so often as application shall be made to the said Board for admission into the Asylum of any destitute, Insane, or Lunatic person, the said Board may admit such person to the benefit and advantages of such institution, upon proof to their satisfaction, or if not then sitting, to the satisfaction of any one member of the said Board, of such person being an inhabitant of this Province, and a subject of Her Majesty, and without the means of paying the expenses to be incurred for his maintenance and support.

9. *And be it further enacted by the authority aforesaid*, That the expenses that may be incurred in removing such destitute, Insane, or Lunatic person, from his usual place of abode, shall be borne by the District in which such person was last resident, and shall be ascertained and paid as the other ordinary or incidental expenses of the District, and upon the recovery of the person so admitted, such District shall also bear the expense of his removal from the said Asylum to the place from whence such person was brought.

10. *And be it further enacted by the authority aforesaid*, That if any Insane or Lunatic person upon, or at any time after his admission into the said Asylum, shall possess, or become possessed of or entitled to any goods or chattels, lands or tenements, or any estate or property, whereby or by which the expenses to be incurred for his maintenance and support in the said Asylum can be raised, and shall have no relatives or guardians, or protectors, willing or capable of the care or management of the same, for the benefit of the said Insane or Lunatic person, and of giving the necessary security to the Institution, for the payments, as required by this Act, then, and in such case, it shall be lawful for Her Majesty's Court of King's Bench in this Province, upon the application of the next of kin, or nearest friend of such Insane or Lunatic person, and upon sufficient proof being adduced to the satisfaction of the said Court, in Term time to appoint one or more persons, in the discretion of the said Court, to be a Committee, of the person and property of the said Lunatic or Insane person, and the Committee so to be appointed of the said Lunatic or Insane person, shall, during the continuance of his Insanity or Lunacy, and until a supersedeas of his or their authority shall have been issued by the said Court, have full power over and be competent to manage and appropriate, recover, lease, mortgage, sell or convey, all or any part of the real or personal estate, chattels and credits of the said Insane or Lunatic person, in the name of such Insane or Lunatic person, or as his Committee, and as fully and effectually, to all intents and purposes, as such Insane or Lunatic person could or might have done the same, in a sound disposing mind; and such Committee shall obey the order and discretion of the said Court, to be from time to time made in the matter and affairs of such Lunatic or Insane person.

11. *And be it further enacted by the authority aforesaid*, That the accounts of the said Institution shall be made up and ascertained by the superintendant, quarterly: on the first Tuesday in January, April, July and October, in each year, and be audited by the Board and a true copy thereof transmitted by the said Board, as soon as may be, after the first Tuesday in November, in each year, to the Lieutenant Governor, to be laid before the Legislature, which copy of said accounts shall specify the amount of salary paid to the different officers and servants of the Institution; and also, the ordinary and incidental expenses incurred in carrying on its operations; also, the sums received or due for the support or maintenance of the persons admitted, (if any there be,) who have means for the payment thereof.

12. *And be it further enacted by the authority aforesaid*, That whenever any vacancy shall occur among the members of the said Board, by death, resignation or departure from the Province or otherwise, it shall be lawful for the Lieutenant Governor to fill such vacancies, by the appointment of other fit and proper persons, as often as need shall equire.

13. *And be it further enacted by the authority aforesaid*, That it shall and may be lawful to and for the Justices of the Peace of each and every District of this Province, at their General Court of Quarter Sessions, next holden after the passing of this Act, to levy by assessment, to be made on each and every inhabitant householder, within their said several Districts, in the same manner and form, as by law, any assessment may now or hereafter be levied for any public purpose within the same, an additional rate or assessment of one-eighth of a penny in the pound, which additional rate of assessment of one-eighth of a penny in the pound, after deducting the expenses allowed by law for levying and collecting the same, shall be paid by the several District Treasurers, into the hands of Her Majesty's Receiver-General of this Province, for the purposes of this Act.

14. *And be it further enacted by the authority aforesaid*, That it shall be lawful for the Lieutenant Governor to issue his warrant or warrants on the Receiver General of the Province, in favour of the Commissioners appointed under the authority of this Act, for the amount paid into his hands, as aforesaid, to be by them expended in the erection of a Provincial Asylum, and in paying for the land requisite as a site for such building.

15. *And be it further enacted by the authority aforesaid*, That the assessment of one-eighth of a penny in the pound additional, authorized by this Act to be levied on all ratable property in the several Districts, shall be levied and collected annually, in each and every year, (with the exception of the first assessment, to be levied as directed by the thirteenth clause of this Act,) at such times, and in the same manner, as other rates are now by law levied and collected. 2-s

2. *And be it further enacted by the authority aforesaid*, That if any person shall hunt, shoot, kill or destroy any Deer or Fawn, between the first day of February and the first day of August, or any Wild Turkey, Prairee Hen or Grouse, or any Grouse, commonly called Pheasant or Partridge, or any Quail or Wood Cock, between the first day of March and the first day of September, in every year, or shall hunt or shoot, or go out with a Gun in quest or pursuit of any Deer or other Wild Animal or Wild Fowl, on the Lord's Day, (commonly called Sunday) within this Province, any such person being convicted thereof, before a Justice of the Peace, upon the Oath or Affirmation of one or more credible Witness or Witnesses, (which Oath or Affirmation the Justice is hereby authorized to administer) or upon view had of the offence by the said Justice himself, shall pay a fine or penalty not exceeding Five Pounds, nor less than One Pound, current money of this Province, together with the costs and charges attending the conviction.

3. *And be it further enacted by the authority aforesaid*, That when any person shall be charged, in writing, before any Justice of the Peace, with any offence against this Act, the said Justice shall summon the person so charged, to appear before him at a time and place to be named in such Summons, and if such person shall fail or neglect to appear accordingly, then (upon proof of due service of the Summons upon such person, by delivering or leaving a copy thereof at his house, or usual place of abode, or by reading the same over to him personally,) the said Justice may either proceed to hear and determine the case exparte, or issue his Warrant for apprehending such person, and bringing him before himself or some other Justice of the Peace within the same District, and the Justice before whom the person charged shall appear or be brought, shall proceed to hear and determine the case.

4. *And be it further enacted by the authority aforesaid*, That the Justice before whom any person shall be convicted of any offence against this Act, may cause the conviction to be drawn up in the following form, or in any other form of words to the same effect, as the case shall require, that is to say:—"Be it remembered, that on the —— day of —— in the year of our Lord ——, at ——, in the County of —— (or District, Riding or Division, as the case may be,) A. B. of ——is convicted before me, C. D., one of Her Majesty's Justices of the Peace, for the said County, (or District, or Riding, or Division, as the case may be,) for that he the said A. B. did (specify the offence, and the time and place when and where the same was committed, as the case may be.) And I, the said C. D. adjudged the said A. B. for his offence, to pay immediately, or on or before the —— day of —— the sum of ——, and also, the sum of —— for costs, and in default of payment of the said sums respectively, to be imprisoned in the County Gaol of the said County, (or District, or Riding, or Division, as the case may be,) for the space of——, unless the said sums shall be sooner paid: and I direct that the said sum of——pounds (the penalty) shall be paid to the Township Clerk of the Township wherein the fine may be imposed, to be by him applied according to the provisions of this Act. Given under my hand and seal the day and year first above-mentioned."—— C. D.——[L. S.]

5. *And be it further enacted by the authority aforesaid*, That a conviction, under this Act, shall not be quashed for want of form, nor shall any warrant of commitment be held void by reason of any defect therein, provided it be alleged that the party has been convicted, and there be a good and valid conviction to sustain the same.

6. *And be it further enacted by the authority aforesaid*, That in default of payment of any fine imposed under the authority of this Act, together with the costs attending the same within the period specified for the payment thereof, at the time of conviction, by the Justice of the Peace before whom such conviction may have taken place, it shall and may be lawful for such Justice of the Peace, (if he deems it expedient to do so,) to issue his warrant, directed to any Constable, to levy the amount of such fine and costs, within a certain time, to be in the said warrant expressed, and in case no distress sufficient to satisfy the amount shall be found, it shall and may be lawful for him to commit the offender to the common Gaol of the District wherein the offence was committed, for any term not exceeding one calendar month, unless the fine and costs shall be sooner paid.

7. *And be it further enacted by the authority aforesaid*, That the prosecution for every offence, punishable under this Act, shall be commenced within one calendar month after the commission of the offence and not otherwise, and the evidence of any inhabitant of the County, District, Riding, or Division, in which the offence shall have been committed, shall be admitted and receivable, notwithstanding the penalty incurred by the offence, may be payable for the benefit of the Township or Division where the offence shall have been committed.

8. *And be it further enacted by the authority aforesaid*, That any person who shall think himself aggrieved by any conviction or decision under this Act, may appeal to the next Court of General Quarter Sessions, which shall be holden not less than twelve days after the day of such conviction or decision, and if holden in less than twelve days, then to the next ensuing Court of General Quarter Sessions for the District wherein the cause of complaint shall have arisen: Provided that such person shall give to the other party a notice in writing of such appeal, and of the cause and matter thereof, within three days after such conviction or decision, and seven days at least before the Sessions, and shall also either remain in custody until the Sessions, or enter into recognizance, with two sufficient sureties, before a Justice of the Peace, conditioned personally to appear at the Sessions, and to try such appeal, and to abide the judgment of the Court thereupon, and to pay such costs as shall be by the Court awarded, and upon such notice being given, and such recognizance entered into, shall liberate such person if in custody, and the Court at such Sessions shall hear and determine the matter of the appeal, and shall make such order therein, with or without costs, to either party, as to the Court shall seem meet, and in case of the dismissal of the appeal, or the affirmance of the conviction, shall order and adjudge the offender to be punished according to the conviction, and to pay such costs as shall be awarded, and shall, if necessary, issue process for enforcing such judgment.

11. *And be it further enacted by the authority aforesaid*, That all sums of money, and penalties to be awarded and imposed by virtue of this Act, shall be paid to the Township Clerk of the Township or place wherein the offence was committed, and shall be by such Township Clerk paid over to the Path-Master, or Street-Surveyor of the Division in which the offence shall have been committed, or the fine levied, in aid of any commutation money to be expended for roads, or in aid of any statute-labour to be performed within such division.

An Act to extend the provisions of an Act passed in the fifty-ninth year of the reign of His late Majesty King George the Third, entitled "An Act to repeal an Ordinance of the Province of Quebec, passed in the twenty-fifth year of His late Majesty's reign, entitled 'An Ordinance concerning Land Surveyors, and the admeasurement of lands;'" and also, to extend the provisions of an Act passed in the thirty-eighth year of His late Majesty's reign, entitled "An Act to ascertain, and establish on a permanent footing, the boundary lines of the different townships in this Province, and further to regulate the manner in which lands are hereafter to be surveyed."

(Passed 11th *May*, 1839.*)*

WHEREAS it is expedient to extend the provisions of an Act passed in the fifty-ninth year of the reign of His late Majesty King George the Third, Chapter fourteen, entitled "An Act to repeal an Ordinance of the Province of Quebec, passed in the twenty-fifth year of His Majesty's reign, entitled 'An Ordinance concerning Land-Surveyors, and the admeasurement of lands," and also to extend the provisions of an Act, passed in the thirty-eighth year of His Majesty's reign, entitled "An Act to ascertain and establish on a permanent footing the Boundary lines of the different Townships in this Province, and further to regulate the manner in which lands are hereafter to be surveyed," so as to protect persons who have made improvements upon lands not their own, in consequence of unskilful surveys previously to the lines of any Township Concession or Lot in this Province being established under the authority of the aforesaid Act, from costs of vexatious lawsuits: *Be it therefore enacted*, by the Queen's most Excellent Majesty, by and with the advice and consent of the Legislative Council and Assembly of the Province of Upper Canada, constituted and assembled by virtue

of and under the authority of an Act passed in the Parliament of Great Britain, entitled, "An Act to repeal certain parts of an Act passed in the fourteenth year of His Majesty's reign, entitled, 'An Act for making more effectual provision for the Government of the Province of Quebec, in North America, and to make further provision for the Government of the said Province," and by the authority of the same, That from and after the passing of this Act, in all cases in which the jury before whom any action of Ejectment shall be tried shall assess damages for the defendant, as is provided for in the twelfth clause of the aforesaid Act for improvements made upon land not his own in consequence of unskilful surveys, and when it shall be satisfactorily made to appear that the defendant does not contest the plaintiff's action for any other purpose than to obtain the value of the improvements made upon the land previous to the alteration and establishing of the lines in the manner pointed out in the aforesaid Act, it shall and may be lawful for the Judge before whom such action shall be tried to certify such fact upon the record, and thereupon the said defendant shall be entitled to the costs of the defence in the same manner as if the plaintiff had been nonsuited on the trial or a verdict rendered for the defendant.
