MILITIA GENERAL ORDER.

THE Lieutenant Governor has heard, with much pain, that political feelings have been allowed to manifest themselves at a recent meeting of the Militia for Training, in the Township of Percy. His Excellency feels persuaded it is only necessary to advert to the irregularity of an assemblage of Militiamen, brought together for the legal purpose of Training, permitting themselves to indulge in demonstrations creating political excitement and strife, to prevent the recurrence of a proceeding so highly reprehensible and so foreign to the purpose for which the assemblage takes place.

The Lieutenant Governor is satisfied, that Officers in command of Corps will use every endeavour for the future supression of such irregularities; whilst His Excellency relies upon the good sense of the men themselves that they will not again allow their conduct, on such an occasion, to become the subject of animadversion.

This Order will be read to every Regiment and Corps of Militia, by Companies, at the next Training.

IN COUNCIL,
27th June, 1839.

THE Executive Council cannot too strongly disapprove of the system of permitting Indians to incur debts, under an expectation on the part of the creditors that the Government would discharge the amounts, out of Indian funds.

The Council are of opinion, that supplies for the Indians, if necessary to be purchased in advance, should be obtained upon requisition by the proper Officer, who should account in the usual manner.

The Council are of opinion, that the Chief Superintendent should be directed to make it public, that the Government *will not pay* debts incurred by the Indians, without express authority, out of Indian funds or otherwise.

Actg. Clerk, Executive Council.

Truly Extracted.

IN COUNCIL,
27th June, 1839.

THE Executive Council cannot too strongly disapprove of the system of permitting Indians to incur debts, under an expectation on the part of the creditors that the Government would discharge the amounts, out of Indian funds.

The Council are of opinion, that supplies for the Indians, if necessary to be purchased in advance, should be obtained upon requisition by the proper Officer, who should account in the usual manner.

The Council are of opinion, that the Chief Superintendent should be directed to make it public, that the Government *will not pay* debts incurred by the Indians, without express authority, out of Indian funds or otherwise.

IN COUNCIL,
27th June, 1839.

THE Executive Council cannot too strongly disapprove of the system of permitting Indians to incur debts, under an expectation on the part of the creditors that the Government would discharge the amounts, out of Indian funds.

The Council are of opinion, that supplies for the Indians, if necessary to be purchased in advance, should be obtained upon requisition by the proper Officer, who should account in the usual manner.

The Council are of opinion, that the Chief Superintendent should be directed to make it public, that the Government *will not pay* debts incurred by the Indians, without express authority, out of Indian funds or otherwise.

27th June, 1839.

THE Executive Council cannot too strongly disapprove of the system of permitting Indians to incur debts, under an expectation on the part of the creditors that the Government would discharge the amounts, out of Indian funds.

VICTORIA, by the Grace of GOD, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c. &c. &c.

To our faithful and beloved Legislative Councillors of our Province of Upper Canada, and to our Knights, Citizens and Burgesses of our said Province; to our Provincial Parliament, at our City of Toronto, on Tuesday, the twenty-third day of July, instant, to be commenced, held, called and elected, and to every of you—

GREETING:

WHEREAS by our Proclamation bearing date the fourth day of June last, we thought fit to prorogue our Provincial Parliament to Tuesday, the twenty-third day of July, instant, at which time, at our City of Toronto, you were held and constrained to appear:

NOW KNOW YE, that We taking into our Royal consideration the ease and convenience of our loving Subjects, have thought fit, by and with the advice of our Executive Council, to relieve you and each of you of your attendance at the time foresaid, hereby convoking, and by these Presents enjoining you and each of you, that on Monday, the second day of September, now next ensuing, you meet us in our Provincial Parliament, at our City of Toronto, there to take into consideration the state and welfare of our said Province of Upper Canada, and therein to do as may seem necessary.—Herein fail not.

IN TESTIMONY WHEREOF, We have caused these our Letters to be made Patent, and the Great Seal of our said Province to be hereunto affixed:—WITNESS our trusty and well-beloved SIR GEORGE ARTHUR, K.C.H. WITH reference to the Proclamation which has been already issued, offering a reward for the apprehension of

BENJAMIN LETT,

the following is circulated, as being a more full and accurate description of his person:

Height, about 5 feet 9 inches; age, about 27 years; complexion, very light or fair; hair, sandy; no whiskers; make, square—particularly the shoulders; and rather broad hips.

Nose, rather Roman, with the nostrils a little distended; eyes, grey—remarkably piercing and unsteady; eye-brows, very light; eye-lashes, almost white—the eye-brows very straight and long; chin, nothing remarkable; teeth, white and large; mouth, large and straight; cheek bones rather high, and cheeks hollow; dialect, that of an Upper Canadian; speaks quick and fluent, with a clear voice; neck, short and thick: arms long, and soft hands: legs, slightly bowing: very erect in stature: steps short and quick: affects much ease and politeness in conversation: and when standing still, affectedly bends forward. He always wears an under belt, in which he carries a silver-headed miniature Sabre.

He is remarkable unsteady when in the house, continually moving from chair to chair, and his eyes continually rolling in every direction, which is a most striking feature—and in his demeanor shewing a very quick nerve: but the most striking part of his appearance is his eyes, which are most piercing, and immediately noticed by strangers. 14

By Authority.

PROCLAMATION.
UPPER CANADA.
GEO. ARTHUR.

VICTORIA, by the Grace of GOD, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c. &c. &c.

To our faithful and beloved Legislative Councillors of our Province of Upper Canada, and to our Knights, Citizens and Burgesses of our said Province; to our Provincial Parliament, at our City of Toronto, on Monday, the second day of September next, to be commenced, held, called and elected, and to every of you—

GREETING:

WHEREAS by our Proclamation, bearing date the sixteenth day of July last, we thought fit to prorogue our Provincial Parliament to Monday, the second day of September next, at which time, at our City of Toronto, you were held and constrained to appear:

NOW KNOW YE, that We taking into our Royal consideration the ease and convenience of our loving Subjects, have thought fit, by and with the advice of our Executive Council, to relieve you and each of you of your attendance at the time foresaid, hereby convoking, and by these Presents enjoining you and each of you, that on Saturday, the twelfth day of October, now next ensuing, you meet us in our Provincial Parliament, at our City of Toronto, there to take into consideration the state and welfare of our said Province of Upper Canada, and therein to do as may seem necessary.—Herein fail not.

IN TESTIMONY WHEREOF, We have caused these our Letters to be made Patent, and the Great Seal of our said Province to be hereunto affixed:—WITNESS our trusty and well-beloved SIR GEORGE ARTHUR, K.C.H. Lieutenant Governor of our said Province, and Major General Commanding our Forces therein, at Toronto, this twenty-seventh day of August, in the year of our Lord one thousand eight hundred and thirty-nine, and in the third year of our reign. G.A.

By Command of His Excellency in Council.
C. A. HAGERMAN,
ATTORNEY GENERAL.

R. A. TUCKER,
SECRETARY. 16

PROVINCIAL SECRETARY'S OFFICE,
Toronto, 26th *August*, 1839.

THE LIEUTENANT GOVERNOR announces that the undermentioned STATE PRISONERS, viz:

IRA ANDERSON,
JAMES BROWN,
RANDAL WIXON,
WILLIAM ALVES,
ROBERT WALKER,
LEONARD WATSON,
JOHN GOLDSBURY PARKER,
FINLAY MALCOLM, and
PAUL BEDFORD,

who were sent to England, for the purpose of being transported to a Penal Colony, have been released.

Her Majesty's loyal Subjects will be gratified to find, from the perusal of the following extract from a Despatch from the Right Honourable the Marquess of Normanby, Her Majesty's Ministers have been fully sensible of the inconvenience that might result from the discharge of those "self-convicted" Prisoners, and have only yielded to their liberation from inevitable necessity.

By His Excellency's Command.

R. A. TUCKER,
PROVINCIAL SECRETARY.

Extract from a Despatch No. 84, of the 23rd July, 1839, from the MARQUESS OF NORMANBY. *Her Majesty's Principal Secretary of State for the Colonies, to His Excellency Major General* SIR GEORGE ARTHUR, *K. C. H. &c. &c. &c.*

"The decisions of the Courts of Queen's "Bench and Exchequer ascertained, that the "Prisoners were held in lawful custody in this "Kingdom. But those Courts did not determine either of the two ulterior questions, "namely, whether their compulsory removal "from this Kingdom, or their compulsory detention as Convicts in Van Diemans Land "would be lawful. The Judges studiously "declined the expression of any opinion on "either of those points of Law, because they "had not then actually arisen, and they strictly confined their judgment to the precise and "single question in controversy before them. "It was however inferred by those who attended the discussions and heard the judgments, "that the Judges entertained a very grave "doubt whether the Government could lawfully proceed further against the Prisoners, "unless they could bring them to trial in this "Country for their treasons.

"Under these circumstances, I consulted "the Attorney and Solicitor General, on the "question whether, if the Prisoners should be "sent to Van Dieman's Land, they could be "lawfully held in custody there, as Convicts "or Prisoners of the Crown. The Law "Officers reported, that they could not be so "detained or dealt with in that Colony, unless "either an Act of Parliament, or a Colonial "Ordinance were made, to justify that course "of proceeding.

"Here then arose a conclusive and insuperable difficulty.—Her Majesty's Government could not propose such an enactment "either to the Imperial or to the Local Legislature, with any prospect of success.

"Amongst other objections to such a law, "it was not the least weighty that the Government are not in possession of the evidence "by which the offences of the Prisoners, or of "any of them, are established. We have, "indeed, their petitions for pardon, in which "their guilt is acknowledged in general terms; "but under the peculiar circumstances of the "case, it was impossible that such an acknowledgment could be admitted as a sufficient "basis for legislation against them: we have "also the Reports of the Commissioners by "whom the cases were investigated—but on "what proofs the Commissioners proceeded, "it is not in our power to explain. An Act "of Parliament, or an Ordinance of a nature "so totally new and unprecedented, could "scarcely have been obtained, even on the "most complete evidence of the facts. In the "absence of such evidence, it was manifestly "unattainable. To have sent the Prisoners "to Van Dieman's Land, on the mere chance "that a law might be passed there for their "detention, was a proceeding which it would "have been impossible to hazard or to justify.

"It thus became necessary, either to bring "these men to trial in this country, for High "Treason, or to discharge them from further "imprisonment. A trial, I need hardly say, "must have resulted in their acquittal; because we have no producible witnesses of "their guilt: and because, after all that had "occurred, such a prosecution would have "been justly regarded with the utmost disfavour by the Court and Jury.

"The result is, that they have been released on the conditions mentioned in the "letter from the Home Office. Her Majesty's Government have used every exertion "in their power to avoid a result which they "lament; as it may prove embarrassing to "your Administration, and perhaps to the "tranquillity of Upper Canada. I trust, however, that when the real state of the case is "known in the Province, any excitement "which may have been raised by this decision "will subside—and that it will be in your "power to disabuse the public mind of the "opinion, that Her Majesty's Government "regard with indifference, or are disposed to "treat with a misplaced lenity, such crimes as "those of which the Prisoners in question are "self-convicted."

PROVINCIAL SECRETARY'S OFFICE,
Toronto, 27th *August*, 1839.

THE LIEUTENANT GOVERNOR has been pleased to direct that the following Extract from a Despatch from the Right Honourable the MARQUESS OF NORMANBY,

upon the subject of His Excellency's Circular Letter, addressed to the Magistrates of this Province, on the 24th of June last, shall be published for general information.

By His Excellency's command.

R. A. TUCKER,
Provincial Sec'y.

Extract from a Despatch, No. 86, of the 28th July, 1839, from the MARQUESS OF NORMANBY, *Her Majesty's Principal Secretary of State for the Colonies, to His Excellency Major General* SIR GEORGE ARTHUR, *K.C.H &c.&c.&c.*

"I have had the honour to receive your "Despatch of the 1st instant, No. 150, "enclosing a copy of a Circular Letter "addressed by you to the Magistrates of "Upper Canada, with a view to prevent "the display of those party feelings, and "the excitement of those party process- "sions, which in former years have oc- "curred at this season.

"Previously to the receipt of your "Despatch, I had intended to write to "you on the subject of statements which "have appeared in the public papers, "relative to the continuance of Orange "Lodges in Upper Canada, and the ex- "citement and irritation arising from them. "I am happy to find that the suggestions "which I had proposed to offer to you on "this subject, are now unnecessary. I "entirely approve of the course which you "have adopted, and of the tone of your "communication to the Magistrates; and "I cannot but hope that an exhortation "framed in such a spirit, and proceeding "from such a quarter, will have been "sufficient to prevent any demonstration, "of which the tendency is to excite and "exasperate civil and religious animosity "between different classes of Her Majes- "ty's Subjects."

To His Excellency Major General SIR GEORGE ARTHUR, K. C. H. *Lieutenant Governor of Upper Canada.*

We take the liberty of forwarding to Your Excellency the accompanying Resolutions, in obedience to the instructions of a Committee appointed at a Public Meeting of the Freeholders and Inhabitants of the District of Gore, held in pursuance of a requisition to the High Sheriff.

We also beg leave to direct Your Excellency's attention to the enclosed copy of the *Hamilton Journal*, giving a report of the proceedings of the Meetings at which the Resolutions were severally passed, by which Your Excellency will be satisfied of the numerous attendance, (considering that the hay harvest was at this time at its height,) and great respectability of the persons present.

On behalf of the Committee, and more especially on behalf of the great body of persons whose sentiments are represented in the Resolutions, we pray Your Excellency's serious attention to the subject thus brought under Your Excellency's notice; satisfied that the exigencies of the Country imperatively require an energetic and immediate action on the great principles herein contained.

And we are,

Your Excellency's
Most obedient humble servants,
GEORGE S. TIFFANY,
Chairman of the Committee.
E. CARTWRIGHT THOMAS,
Secretary of Committee.

RESOLUTIONS

Adopted at a General Meeting of the DISTRICT OF GORE, *held at Hamilton, the 27th of July, 1839, on requisition of the High Sheriff.*

Resolved, 1st—That this meeting continues to feel a strong attachment to the British Crown—nevertheless, having observed with dismay the present unsettled state of public affairs, it is desirous of expressing its want of confidence in those who are known to exercise an undue influence over the Government of the Country, and declaring its belief that the present House of Assembly does not represent the wishes or sentiments of the Constituency of the Province, particularly in its late Report of its Committee, purporting to be the Report of the House of Assembly in answer to Lord Durham's Report on the state of the Province.

Resolved, 2nd—That the Report of the Earl of Durham, in all its material points, has been received by an overwhelming majority of the people of Upper Canada, with the most abundant gratification; and this meeting is of opinion, that, provided * * * * *Legislation be not delayed*, but that the leading principles of that Report be fully, fairly, *and above all—speedily carried out*, this Colony may yet attain a high degree of prosperity and happiness, and be maintained in happy connection with the Mother Country, to an unlimited period.

Resolved, 3rd—That this meeting is of opinion, that a *Responsible Government*, as recommended in Lord Durham's Report, is the only means of restoring confidence, allaying discontent, or perpetuating the connexion between Great Britain and this Colony.

Resolved, 4th—That this meeting earnestly hopes, that it will please His Excellency the Lieutenant Governor to dissolve the present House of Assembly, forthwith, in order that by an appeal to the people of this Province, their sentiments upon the present state of public affairs, and especially upon the report of the Earl of Durham, may be obtained.

Resolved, 5th—That this meeting hereby pledges itself to support, at the next Election, such Candidates, and such only, as can declare themselves favourable to the leading principles of Lord Durham's Report, and shall be prepared to support the same by every means in their power.

Resolved, 6th—That the union of these Provinces, upon just and fair terms, is our wish; and in our opinion, such an union will be productive of the most happy results.

Resolved, 7th—That the following Gentlemen, (with power to add to their number) be appointed a Committee, to draft an Address to Her Majesty, founded upon the foregoing Resolutions—to procure signatures to the same—to invite the other Districts of the Province to join us—to enter into such correspondence as they may think proper, and to do such other acts as may seem to them necessary, for the purpose of carrying out the intentions of the meeting:—The Committee of Management now acting at Dundas, on behalf of the County of Halton, appointed at their meeting yesterday—also, G. S. Tiffany, N. Ford, D. Allison, A. Carpenter, J. L. Willson, E. C. Thomas, R. G. Beasley, J. Smith, S. Mills, W. B. Vanesserry, D. Buchan, H. Capron, M. Aikman, G. Hugaboom, J. Jackson, Walter Scott, Caleb Hopkins, Harmanus Smith, E. C. Griffin, James Gage, J. A. Wilkes, W. C. Ross, J. S. Sandiland, Major Bowen, Wm. Kent, Abraham Cook, and H. Moyle.

Resolved, 8th—That this meeting cannot separate without expressing its grateful thanks to the Earl of Durham, for his deep attention to the welfare of the American Colonists, nor without declaring the hope that his Lordship will continue to exert himself in his place in Parliament, and by every other constitutional means, on behalf of the same.

Resolved, 9th—That a copy of these Resolutions, being signed by the Chairman and Secretaries of this meeting, be forwarded to His Excellency the Lieutenant Governor of this Province—to the Marquis of Normanby, Colonial Secretary—and to the Earl of Durham.

Moved by William Chisholm, Esq. seconded by James L. Willson, Esquire, that the thanks of the meeting be given to the Sheriff, for his able and impartial conduct while presiding at this meeting, which was unanimously carried.

ALLAN MACDONELL,
Chairman.

JAMES L. WILLSON,
JOHN SMITH,
JOSEPH DAVIS,
} *Secretaries.*

Hamilton, 27th July, 1839.

GEORGE S. TIFFANY, Esq., and the Gentlemen composing the Committee appointed by the general Meeting, held at Hamilton, on the 27th July, 1839.

The Address you have transmitted to me, and the accompanying Resolutions, of a public meeting, held at Hamilton, are such as to render, in reference to so respectable a meeting, a reply on my part necessary.

I am requested to dissolve the present Provincial Assembly, for the purpose of referring to the constituency of this Colony, the expediency of establishing a system of Government, the effect of which would be to make certain Public Functionaries in the Province, alone answerable for the exercise of the Royal Prerogative, in the administration of public Colonial affairs.

Although it was competent to Her Majesty's High Commissioner, to offer any recommendation to Her Majesty, which seemed to him justly and properly to result from his investigations in this Province; and although it belongs to Her Majesty, and the Imperial Parliament, to make any alterations in the Constitution of this portion of the Empire, which may appear wise and prudent, I do not conceive that the Governor of this Province is empowered to submit, for the consideration of the Electors, a question involving most essential alterations in the fundamental principles of the Constitution, under the authority of which the powers of Government, and Legislation, are exercised in the Colony.

I have given to the system, called "Responsible Government," the most deliberate consideration; and I readily avail myself of this opportunity to lay before the community, with frankness and candour, some of the leading consequences which, I apprehend, must inevitably follow its adoption.

Judging from the reported expressions of opinion from Her Majesty's Constitutional Advisers, I am led to believe, that I am but reiterating their views, when I state to you, as the result of my own deliberations, that the proposed plan would lead to a state of things inconsistent with the relations of this Colony, as a dependency of the British Crown.

I consider, that the general influence of public opinion, on the exercise of the functions of the Sovereign, which the Constitution of England practically allows, ought carefully to be distinguished from the influence, which the people of a particular portion of the Empire may safely possess: and I cannot resist the conclusion, that the complete ascendancy of popular will in a Colony, which must necessarily accompany the introduction of "Responsible Government," renders such Colony practically independent, and its relations with the Mother Country thenceforth but a name.

Although, by means of the powers of legislation, wisely granted to this Province, the people have an immediate share in the management of their own public and local concerns, and although they elect, without control, the popular branch of the Legislature,—yet, I deem it most essential, that the influence of this part of our Constitution, should not be extended to such a length as would enable it virtually to supersede that legitimate action of the Royal Prerogative, guided by national will, upon which, the connection between the Colony and the Mother Country, must mainly depend.

I think it apparent, that under the proposed system, there would not be in existence any Constitutional power, which could preserve uniformity of principle, in the policy of Her Majesty's Government and the Imperial Parliament, with that to be pursued in the Colony; and I cannot imagine any thing so incompatible with respect for the Throne,—with all sound notions of Government upon Monarchical principles, and with the connection between the Colony and the Parent State, as the establishment of a distinct, independent, and inconsistent policy.

I think that, so long as a Colony enjoys the protection and support, which are the consequences of a connection with a mighty Empire, it is essential that the Colony, its Government, and its Legislature, should be modelled in such a manner as would enable it to insure strict harmony with the supreme powers of Government vested in the Parent State.

The powers required to be ceded to the popular branch of the Legislature, would extend, not merely to the control and removal of the Officers of the local Government, even when acting in obedience to instructions from the Ministers of the Crown, but would enable that body to dictate to those Ministers a course of proceeding, in relation to the Colony, inconsistent with the general policy of the Empire, to which a Minister, responsible directly to the Imperial Parliament, as well for his conduct in reference to the Colonies as to the Mother Country, could not accede—and thus, instead of the maintenance of harmony, an impending, almost inevitable danger of collision, would be produced.

The necessity for the people of Upper Canada, preserving the sympathies and good will of the inhabitants of the neighbouring Country, has been powerfully recommended by the Report, which formed the subject of consideration at the Public Meeting at Hamilton. Need I urge upon the Subjects of the British Crown in Upper Canada, the still more obvious duty and necessity of cultivating the affections of the Sovereign and people, by whose power they are sustained, and to whose protection alone, they can look with confidence?

I feel assured, that whilst the Crown has shewn its determination, on the one hand, to maintain inviolate, this valuable portion of the British Empire, the inhabitants of this Province must have perceived an extreme anxiety on the part of Her Majesty's Government, to act as much as possible in accordance with the views of the Provincial Legislature in all local questions, and to accede in every practicable manner to its wishes—even when the measures contemplated could not fail to affect more general national concerns.

I have endeavoured to make myself intimately acquainted with the true interests of the people of Upper Canada—I know that much requires to be done, and that many difficulties have to be overcome, before the extensive tracts of uncultivated land can be made available, to advance the Provincial resources.

I am convinced of the necessity of diffusing over the whole Province, the inestimable blessings of sound religious instruction, and a good system of general education. I am of opinion, that restrictions on trade which work injuriously here, may be removed without real prejudice to the interests they were intended to protect—and that immigration, in a better state of things, may be effectually promoted; and I am prepared to assist in investigating and improving all the public departments of the Government, and to make the real and deep responsibility of all its officers fully apparent.

I am likewise deeply sensible of the necessity of developing the resources of the Province, by means of public improvements. I have lamented, and endeavoured to counteract the causes, which, for a time, have paralysed the energies of the enterprising inhabitants of this Colony: and I have joined, in earnestly soliciting that aid, which alone can place the financial affairs of the country permanently on a satisfactory basis.

I cannot permit an allegation, that any persons are known to exercise an undue influence in this Government, to go abroad without contradiction. I should ill perform my duty to my Sovereign, were I to permit any influence to prevail with me, inconsistent with the welfare of the people whom I have been sent to govern—and whose happiness I am enjoined to advance, by every means at my disposal.

If, unhappily, I have failed in this object, I am not beyond the complaints of the people of Upper Canada; but, in common with the highest and the lowest servants of the Crown, I am answerable for my measures and conduct. From this high responsibility I do not seek to be relieved; nor can I be easily convinced, that it is the wish of the people of this Province to see it transferred, with all the powers of Government, to a few Officers in the Colony, who, acting independently of the wishes of the Sovereign, and of the policy of the general Government and Legislature of the Empire, would sway, for a time, the destinies of this Country, and expose it to the continual struggles of party and faction—so utterly at variance with the prosperity and happiness of a young and rising community.

Lieutenant Governor of our said Province, and Major General Commanding our Forces therein, at Toronto, this twenty-seventh day of August, in the year of our Lord one thousand eight hundred and thirty-nine, and in the third year of our reign. ANSWER,

Of His Excellency Major General SIR GEORGE ARTHUR, K.C.H. *Lieutenant Governor of Upper Canada, to* GEORGE S. TIFFANY, Esquire, *and the Gentlemen composing the Committee appointed by the General Meeting, held at Hamilton, on the* 27th *July*, 1839.

THE Address you have transmitted to me, and the accompanying Resolutions, of a public meeting, held at Hamilton, are such as to render, in deference to so respectable a meeting, a reply on my part necessary.

I am requested to dissolve the present Provincial Assembly, for the purpose of referring to the constituency of this Colony, the expediency of establishing a system of Government, the effect of which would be to make certain Public Functionaries in the Province, alone answerable for the exercise of the Royal Prerogative, in the administration of public Colonial affairs.

Although it was competent to Her Majesty's High Commissioner, to offer any recommendation to Her Majesty, which seemed to him justly and properly to result from his investigations in this Province; and although it belongs to Her Majesty, and the Imperial Parliament, to make any alterations in the Constitution of this portion of the Empire, which may appear wise and prudent, I do not conceive that the Governor of this Province is empowered to submit, for the consideration of the Electors, a question involving most essential alterations in the fundamental principles of the Constitution, under the authority of which the powers of Government, and Legislation, are exercised in the Colony.

I have given to the system, called "Responsible Government," the most deliberate consideration; and I readily avail myself of this opportunity to lay before the community, with frankness and candour, some of the leading consequences which, I apprehend, must inevitably follow its adoption.

Judging from the reported expressions of opinion from Her Majesty's Constitutional Advisers, I am led to believe, that I am but reiterating their views, when I state to you, as the result of my own deliberations, that the proposed plan would lead to a state of things inconsistent with the relations of this Colony, as a dependency of the British Crown.

I consider, that the general influence of public opinion, on the exercise of the functions of the Sovereign, which the Constitution of England practically allows, ought carefully to be distinguished from the influence, which the people of a particular portion of the Empire may safely possess: and I cannot resist the conclusion, that the complete ascendancy of popular will in a Colony, which must necessarily accompany the introduction of "Responsible Government," renders such Colony practically independent, and its relations with the Mother Country thenceforth but a name.

Although, by means of the powers of legislation, wisely granted to this Province, the people have an immediate share in the management of their own public and local concerns, and although they elect, without control, the popular branch of the Legislature,—yet, I deem it most essential, that the influence of this part of our Constitution, should not be extended to such a length as would enable it virtually to supersede that legitimate action of the Royal Prerogative, guided by national will, upon which, the connection between the Colony and the Mother Country, must mainly depend.

I think it apparent, that under the proposed system, there would not be in existence any Constitutional power, which could preserve uniformity of principle, in the policy of Her Majesty's Government and the Imperial Parliament, with that to be pursued in the Colony; and I cannot imagine any thing so incompatible with respect for the Throne—with all sound notions of Government upon Monarchical principles, and with the connection between the Colony and the Parent State, as the establishment of a distinct, independent, and inconsistent policy.

I think that, so long as a Colony enjoys the protection and support, which are the consequences of a connection with a mighty Empire, it is essential that the Colony, its Government and its Legislature, should be modelled in such a manner as would enable it to ensure strict harmony with the supreme powers of Government vested in the Parent State.

The powers required to be ceded to the popular branch of the Legislature, would extend, not merely to the control and removal of the Officers of the local Government, even when acting in obedience to instructions from the Ministers of the Crown, but would enable that body to dictate to those Ministers a course of proceeding, in relation to the Colony, inconsis-

tent with the general policy of the Empire, to which a Minister, responsible directly to the Imperial Parliament, as well for his conduct in reference to the Colonies as to the Mother Country, could not accede—and thus, instead of the maintenance of harmony, an impending, almost inevitable danger of collision, would be produced.

The necessity for the people of Upper Canada preserving the sympathies and good will of the inhabitants of the neighbouring Country, has been powerfully recommended by the Report which formed the subject of consideration at the Public Meeting at Hamilton. Need I urge upon the Subjects of the British Crown in Upper Canada, the still more obvious duty and necessity of cultivating the affections of the Sovereign and people, by whose power they are sustained, and to whose protection alone, they can look with confidence?

I feel assured, that whilst the Crown has shewn its determination, on the one hand, to maintain inviolate this valuable portion of the British Empire, the inhabitants of this Province must have perceived an extreme anxiety on the part of Her Majesty's Government, to act as much as possible in accordance with the views of the Provincial Legislature, in all local questions, and to accede in every practicable manner to its wishes—even when the measures contemplated could not fail to affect more general national concerns.

I have endeavoured to make myself intimately acquainted with the true interests of the people of Upper Canada—I know that much requires to be done, and that many difficulties have to be overcome, before the extensive tracts of uncultivated land can be made available, to advance the Provincial resources.

I am convinced of the necessity of diffusing over the whole Province, the inestimable blessings of sound Religious instruction, and a good system of general Education. I am of opinion, that restrictions on trade which work injuriously here, may be removed without real prejudice to the interests they were intended to protect—and that immigration, in a better state of things, may be effectually promoted; and I am prepared to assist in investigating and improving all the public departments of the Government, and to make the real and deep responsibility of all its officers fully apparent.

I am likewise deeply sensible of the necessity of developing the resources of the Province, by means of public improvements. I have lamented, and endeavoured to counteract the causes, which, for a time, have paralysed the energies of the enterprising inhabitants of this Colony: and I have joined, in earnestly soliciting that aid, which alone can place the financial affairs of the country permanently on a satisfactory basis.

I cannot permit an allegation, that any persons are known to exercise an undue influence in this Government, to go abroad without contradiction. I should ill perform my duty to my Sovereign, were I to permit any influence to prevail with me, inconsistent with the welfare of the people whom I have been sent to govern—and whose happiness I am enjoined to advance, by every means at my disposal.

If, unhappily, I have failed in this object, I am not beyond the complaints of the people of Upper Canada; but, in common with the highest and the lowest servants of the Crown, I am answerable for my measures and conduct. From this high responsibility I do not seek to be relieved; nor can I be easily convinced, that it is the wish of the people of this Province to see it transferred, with all the powers of Government, to a few Officers in the Colony, who, acting independently of the wishes of the Sovereign, and of the policy of the general Government and Legislature of the Empire, would sway, for a time, the destinies of this Country, and expose it to the continual struggles of party and faction—so utterly at variance with the prosperity and happiness of a young and rising community.

GEO. ARTHUR.

DISTRICT OF GORE, *Brantford, to wit.* } BOUNDARY COMMISSIONERS.

Between { James Wesbrook, *Claimant*, and Beriah Phelps, *Respondent*.

To all to whom these Presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having caused Beriah Phelps, of the township of Brantford, in the said District, Yeoman, to respond to the claim of James Wesbrook, of the said township of Brantford, Yeoman, before us, according to the provisions of the said Act, in the claim set up by the said James Wesbrook, to the boundary line between lots number *two and three*, and *three and four*, on the southerly side of the Ancaster Road, formerly known as the old Mohawk Road, in the said township of Brantford; and having heard all the evidence which has been exhibited before us, relative to the said boundary lines; and having carefully examined the premises in question; and having also duly considered and weighed the evidence exhibited before us in relation to the said boundaries, the following facts do clearly and satisfactorily appear; Namely, that in the first and original survey of the said Ancaster or Mohawk Road, and of the fronts of the lots of land bounded on the north and south sides thereof, a corner post or monument was planted on the south side of the said road, in the limit between the said lots number *two and three*, and opposite to the corner, between the same number of lots on the north side of the said road, in the direction of the bearing of the side lines of the said lots. And it is also in evidence before us, that the front and governing boundary between the said lots number two and three was in the year 1837, and by the *agreement of the parties*, the Claimant and Respondent, established *twenty-two links*, at right angles with the bearing of the side lines easterly, of and from the said original post or monument first planted between the said lots, and the side line between the said lots was then run therefrom, to the rear of the said lots, the true bearing of the Township line, between the said Township of Brantford and the Township of Ancaster, as the law directs, by Lewis Burwell, Esquire, Deputy Provincial Surveyor, now one of the Members of this Board of Commissioners. And it is also in evidence before us, that the original corner post or monument, between the said lots number *three and four*, was planted on the south side of the said road, near the west side of a certain oak tree, now a stump, and that the side line between the said lots was run therefrom to the rear of the said lots in the year 1837, as the law directs, by the said Lewis Burwell. And it is also in evidence before us, that a portion of the improvement made on the rear half or part of the said lot number three, by the said Beriah Phelps, is found to be on the rear part of the said lot number four, and on the lands of Samuel Keeler, who has not been before us either as Claimant or Respondent.

NOW KNOW YE, that we, the said JOHN WILLSON, JOHN CHISHOLM and LEWIS BURWELL, the Boundary Commissioners aforesaid, do therefore hereby award, order, adjudge, determine and decree—

First—That the said boundary, front corner or monument, between the said lots number *two and three*, shall be and remain, and for ever continue to be, as it is now standing, and as it was planted by the said Lewis Burwell, in the year 1837, as aforesaid, that is to say:—On the Southerly side of the said Ancaster or Mohawk Road, *twenty-two links*, at right angles, with the bearing of the side line between the said lots, Easterly from where the said original corner post was planted in the original survey of the fronts of the said lots, *and in accordance with the agreement made between the said parties in* 1837; and that the side line between the said lots shall be run therefrom to the rear of the said lots, parallel to the Township line between the said Townships of Brantford and Ancaster, as run between the said lots by the said Lewis Burwell, in the year eighteen hundred and thirty seven.

And we do hereby award, order, adjudge, determine and decree—

Secondly—That the South West angle, corner or front boundary, of the said *lot number three*, shall be and remain, and for ever continue to be situate where it is now planted, on the South side of the said road, and near the West side of a *certain oak stump*, the same as before mentioned; and that an allowance for road, of one chain in width, between the said lots number *three and four*, shall be and remain, and for ever continue to be, on the Westerly side of the said lot number three, and on the Westerly side of the said corner or front boundary of the said lot number three as aforesaid; and that the North West angle or corner of the said lot *number four*, shall be and remain, and for ever continue to be situate on the South side of the said Ancaster or Mohawk Road, and on the Westerly side of the said allowance for road of one chain in width as aforesaid, between the said lots number three and four as aforesaid; and that the side lines between the said lots number three and four shall be produced therefrom, on either side of the said allowance for road between the said lots, to the rear of the said lots, parallel to the line between the said Townships of Brantford and Ancaster, as the law directs, and as run by the said Lewis Burwell, in 1837.

And we do hereby further award, order, adjudge, determine and decree, that the said parties, the Claimant, James Wesbrook, and the Respondent, Beriah Phelps, shall each pay the expenses of their own witnesses in this case; and that the Claimant, James Wesbrook, shall pay one third of the remainder of the costs made and incurred in this case; and also that the said Beriah Phelps, the Respondent, shall pay two thirds of the remainder of the costs made and incurred in this case.

WITNESS our hands, this second day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

(Signed)

District of Gore, Brantford, to wit. } Boundary Commissioners.

Between { James Wesbrook, *Claimant*, and Beriah Phelps, *Respondent*.

To all to whom these Presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

Send Greeting:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having caused Beriah Phelps, of the township of Brantford, in the said District, Yeoman, to respond to the claim of James Wesbrook, of the said township of Brantford, Yeoman, before us, according to the provisions of the said Act, in the claim set up by the said James Wesbrook, to the boundary line between lots number *two and three*, and *three and four*, on the southerly side of the Ancaster Road, formerly known as the old Mohawk Road, in the said township of Brantford; and having heard all the evidence which has been exhibited before us, relative to the said boundary lines; and having carefully examined the premises in question; and having also duly considered and weighed the evidence exhibited before us in relation to the said boundaries, the following facts do clearly and satisfactorily appear: Namely, that in the first and original survey of the said Ancaster or Mohawk Road, and of the fronts of the lots of land bounded on the north and south sides thereof, a corner post or monument was planted on the south side of the said road, in the limit between the said lots number *two and three*, and opposite to the corner, between the same number of lots on the north side of the said road, in the direction of the bearing of the side lines of the said lots. And it is also in evidence before us, that the front and governing boundary between the said lots number two and three, was in the year 1837, and by the *agreement of the parties*, the Claimant and Respondent, established *twenty-two links*, at right angles with the bearing of the side lines easterly, of and from the said original post or monument first planted between the said lots, and the side line between the said lots was then run therefrom, to the rear of the said lots, the true bearing of the Township line, between the said Township of Brantford and the Township of Ancaster, as the law directs, by Lewis Burwell, Esquire, Deputy Provincial Surveyor, now one of the Members of this Board of Commissioners. And it is also in evidence before us, that the original corner post or monument, between the said lots number *three and four*, was planted on the south side of the said road, near the west side of a certain oak tree, now a stump, and that the side line between the said lots was run therefrom to the rear of the said lots in the year 1837, as the law directs, by the said Lewis Burwell. And it is also in evidence before us, that a portion of the improvement made on the rear half or part of the said lot number three, by the said Beriah Phelps, is found to be on the rear part of the said lot number four, and on the lands of Samuel Keeler, who has not been before us either as Claimant or Respondent.

Now Know Ye, that we, the said John Willson, John Chisholm and Lewis Burwell, the Boundary Commissioners aforesaid, do therefore hereby award, order, adjudge, determine and decree—

First—That the said boundary, front corner or monument, between the said lots number *two and three*, shall be and remain, and for ever continue to be, as it is now standing, and as it was planted by the said Lewis Burwell, in the year 1837, as aforesaid, that is to say:—On the Southerly side of the said Ancaster or Mohawk Road, *twenty-two links*, at right angles, with the bearing of the side line between the said lots, Easterly from where the said original corner post was planted in the original survey of the fronts of the said lots, *and in accordance with the agreement made between the said parties* in 1837; and that the side line between the said lots shall be run therefrom to the rear of the said lots, parallel to the Township line between the said Townships of Brantford and Ancaster, as run between the said lots by the said Lewis Burwell, in the year eighteen hundred and thirty seven.

And we do hereby award, order, adjudge, determine and decree—

Secondly—That the South West angle, corner or front boundary, of the said *lot number three*, shall be and remain, and for ever continue to be situate where it is now planted, on the South side of the said road, and near the West side of a *certain oak stump*, the same as before mentioned; and that an allowance for road, of one chain in width, between the said lots number *three and four*, shall be and remain, and for ever continue to be, on the Westerly side of the said lot number three, and on the Westerly side of the said corner or front boundary of the said lot number three as aforesaid; and that the North West angle or corner of the said lot *number four*, shall be and remain, and for ever continue to be situate on the South side of the said Ancaster or Mohawk Road, and on the Westerly side of the said allowance for road of one chain in width as aforesaid, between the said lots number three and four as aforesaid; and that the side lines between the said lots number three and four shall be produced therefrom, on either side of the said allowance for road between the said lots, to the rear of the said lots, parallel to the line between the said Townships of Brantford and Ancaster, as the law directs, and as run by the said Lewis Burwell, in 1837.

And we do hereby further award, order, adjudge, determine and decree, that the said parties, the Claimant, James Wesbrook, and the Respondent, Beriah Phelps, shall each pay the expenses of their own witnesses in this case; and that the Claimant, James Wesbrook, shall pay one third of the remainder of the costs made and incurred in this case; and also that the said Beriah Phelps, the Respondent, shall pay two-thirds of the remainder of the costs made and incurred in this case.

Witness our hands, this second day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

(Signed)

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having caused Beriah Phelps, of the township of Brantford, in the said District, Yeoman, to respond to the claim of James Wesbrook, of the said township of Brantford, Yeoman, before us, according to the provisions of the said Act, in the claim set up by the said James Wesbrook, to the boundary line between lots number *two and three*, and *three and four*, on the southerly side of the Ancaster Road, formerly known as the old Mohawk Road, in the said township of Brantford; and having heard all the evidence which has been exhibited before us, relative to the said boundary lines; and having carefully examined the premises in question; and having also duly considered and weighed the evidence exhibited before us in relation to the said boundaries, the following facts do clearly and satisfactorily appear: Namely, that in the first and original survey of the said Ancaster or Mohawk Road, and of the fronts of the lots of land bounded on the north and south sides thereof, a corner post or monument was planted on the south side of the said road, in the limit between the said lots number *two and three*, and opposite to the corner, between the same number of lots on the north side of the said road, in the direction of the bearing of the side lines of the said lots. And it is also in evidence before us, that the front and governing boundary between the said lots number two and three, was in the year 1837, and by the *agreement of the parties*, the Claimant and Respondent, established *twenty-two links*, at right angles with the bearing of the side lines easterly, of and from the said original post or monument first planted between the said lots, and the side line between the said lots was then run therefrom, to the rear of the said lots, the true bearing of the Township line, between the said Township of Brantford and the Township of Ancaster, as the law directs, by Lewis Burwell, Esquire, Deputy Provincial Surveyor, now one of the Members of this Board of Commissioners. And it is also in evidence before us, that the original corner post or monument, between the said lots number *three and four*, was planted on the south side of the said road, near the west side of a certain oak tree, now a stump, and that the side line between the said lots was run therefrom to the rear of the said lots in the year 1837, as the law directs, by the said Lewis Burwell. And it is also in evidence before us, that a portion of the improvement made on the rear half or part of the said lot number three, by the said Beriah Phelps, is found to be on the rear part of the said lot number four, and on the lands of Samuel Keeler, who has not been before us either as Claimant or Respondent.

NOW KNOW YE, that we, the said JOHN WILLSON, JOHN CHISHOLM and LEWIS BURWELL, the Boundary Commissioners aforesaid, do therefore hereby award, order, adjudge, determine and decree—

First—That the said boundary, front corner or monument, between the said lots number *two and three*, shall be and remain, and for ever continue to be, as it is now standing, and as it was planted by the said Lewis Burwell, in the year 1837, as aforesaid, that is to say:—On the Southerly side of the said Ancaster or Mohawk Road, *twenty-two links*, at right angles, with the bearing of the side line between the said lots, Easterly from where the said original corner post was planted in the original survey of the fronts of the said lots, *and in accordance with the agreement made between the said parties in* 1837; and that the side line between the said lots shall be run therefrom to the rear of the said lots, parallel to the Township line between the said Townships of Brantford and Ancaster, as run between the said lots by the said Lewis Burwell, in the year eighteen hundred and thirty-seven.

And we do hereby award, order, adjudge, determine and decree—

Secondly—That the South West angle, corner or front boundary, of the said *lot number three*, shall be and remain, and for ever continue to be situate where it is now planted, on the South side of the said road, and near the West side of a *certain oak stump*, the same as before mentioned; and that an allowance for road, of one chain in width, between the said lots number *three and four*, shall be and remain, and for ever contine to be, on the Westerly side of the said lot number three, and on the Westerly side of the said corner or front boundary of the said lot number three as aforesaid; and that the North West angle or corner of the said lot *number four*, shall be and remain, and for ever continue to be situate on the South side of the said Ancaster or Mohawk Road, and on the Westerly side of the said allowance for road of one chain in width as aforesaid, between the said lots number three and four as aforesaid; and that the side lines between the said lots number three and four shall be produced therefrom, on either side of the said allowance for road between the said lots, to the rear of the said lots, parallel to the line between the said Townships of Brantford and Ancaster, as the law directs, and as run by the said Lewis Burwell, in 1837.

And we do hereby further award, order, adjudge, determine and decree, that the said parties, the Claimant, James Wesbrook, and the Respondent, Beriah Phelps, shall each pay the expenses of their own witnesses in this case; and that the Claimant, James Wesbrook, shall pay one third of the remainder of the costs made and incurred in this case; and also that the said Beriah Phelps, the Respondent, shall pay two-thirds of the remainder of the costs made and incurred in this case.

WITNESS our hands, this second day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

(Signed) JOHN WILLSON, JOHN CHISHOLM, LEWIS BURWELL, COMMISSIONERS.

MORNING DISTRICT GENERAL ORDER.

No. 1.

SEVERAL frivolous and vexatious complaints and claims, having lately been preferred by individuals who had accepted their discharge from the Militia Service, His Excellency the Lieutenant Governor, and Major General Commanding, deems it necessary particularly to notice, an attempt recently made by George Currie, late a Sergeant in the Third Battalion of Incorporated Militia, to benefit himself at the expense of the character of his late Commanding Officer, and of the Pay-master of that Corps.

The charges and allegations made by that individual were of so serious a nature, that His Excellency ordered them to be investigated by a Court of Enquiry, composed of three Captains of Her Majesty's Regular Forces; and after a most patient investigation, in the presence of Currie, a full refutation of all his statements was the result.

Such conduct cannot be too deeply deprecated: and whilst His Excellency notifies the full exoneration of Colonel Kingsmill, and his Officers, from even the shadow of suspicion of the charges made by Currie—although that individual is now beyond the reach of military law—yet His Excellency feels it to be proper to express his hope, that the circumstances alluded to will prevent the Militia from hastily bringing forward, in future, unnecessary complaints against their superiors.

No. 2.

If a Militia-man have any claim against Government, or against any of his Officers or Non-Commissioned Officers, it will be his duty to prefer the same before he signs his discharge; and the authorities will never be found wanting in a disposition to see justice done to all concerned.

His Excellency the Lieutenant Governor, and Major General Commanding, is in consequence pleased to direct, that it may be fully explained to the Militia and Volunteers, at present employed on active service, or who may be hereafter embodied in a similar manner, that no claims or complaint whatsoever, will under any pretence be attended to, proceeding from individuals who may have accepted their discharge from their Corps.

DISTRICT OF GORE, Brantford, to wit. } BOUNDARY COMMISSIONERS.

Between { James Wesbrook, *Claimant*, and Beriah Phelps, *Respondent*.

To all to whom these Presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having caused Beriah Phelps, of the township of Brantford, in the said District, Yeoman, to respond to the claim of James Wesbrook, of the said township of Brantford, Yeoman, before us, according to the provisions of the said Act, in the claim set up by the said James Wesbrook, to the boundary line between lots number *two and three*, and *three and four*, on the southerly side of the Ancaster Road, formerly known as the old Mohawk Road, in the said township of Brantford; and having heard all the evidence which has been exhibited before us, relative to the said boundary lines; and having carefully examined the premises in question; and having also duly considered and weighed the evidence exhibited before us in relation to the said boundaries, the following facts do clearly and satisfactorily appear: Namely, that in the first and original survey of the said Ancaster or Mohawk Road, and of the fronts of the lots of land bounded on the north and south sides thereof, a corner post or monument was planted on the south side of the said road, in the limit between the said lots number *two and three*, and opposite to the corner, between the same number of lots on the north side of the said road, in the direction of the bearing of the side lines of the said lots. And it is also in evidence before us, that the front and governing boundary between the said lots number two and three was in the year 1837, and by the *agreement of the parties*, the Claimant and Respondent, established *twenty-two links*, at right angles with the bearing of the side lines easterly, of and from the said original post or monument first planted between the said lots, and the side line between the said lots was then run therefrom, to the rear of the said lots, the true bearing of the Township line, between the said Township of Brantford and the Township of Ancaster, as the law directs, by Lewis Burwell, Esquire, Deputy Provincial Surveyor, now one of the Members of this Board of Commissioners. And it is also in evidence before us, that the original corner post or monument, between the said lots number *three and four*, was planted on the south side of the said road, near the west side of a certain oak tree, now a stump, and that the side line between the said lots was run therefrom to the rear of the said lots in the year 1837, as the law directs, by the said Lewis Burwell. And it is also in evidence before us, that a portion of the improvement made on the rear half or part of the said lot number three, by the said Beriah Phelps, is found to be on the rear part of the said lot number four, and on the lands of Samuel Keeler, who has not been before us either as Claimant or Respondent.

NOW KNOW YE, that we, the said JOHN WILLSON, JOHN CHISHOLM and LEWIS BURWELL, the Boundary Commissioners aforesaid, do therefore hereby award, order, adjudge, determine and decree—

First—That the said boundary, front corner or monument, between the said lots number *two and three*, shall be and remain, and for ever continue to be, as it is now standing, and as it was planted by the said Lewis Burwell, in the year 1837, as aforesaid, that is to say:—On the Southerly side of the said Ancaster or Mohawk Road, *twenty-two links*, at right angles, with the bearing of the side line between the said lots, Easterly from where the said original corner post was planted in the original survey of the fronts of the said lots, *and in accordance with the agreement made between the said parties in* 1837; and that the side line between the said lots shall be run therefrom to the rear of the said lots, parallel to the Township line between the said Townships of Brantford and Ancaster, as run between the said lots by the said Lewis Burwell, in the year eighteen hundred and thirty seven.

And we do hereby award, order, adjudge, determine and decree—

Secondly—That the South West angle, corner or front boundary, of the said *lot number three*, shall be and remain, and for ever continue to be situate where it is now planted, on the South side of the said road, and near the West side of a *certain oak stump*, the same as before mentioned; and that an allowance for road, of one chain in width, between the said lots number *three and four*, shall be and remain, and for ever continue to be, on the Westerly side of the said lot number three, and on the Westerly side of the said corner or front boundary of the said lot number three as aforesaid; and that the North West angle or corner of the said lot *number four*, shall be and remain, and for ever continue to be situate on the South side of the said Ancaster or Mohawk Road, and on the Westerly side of the said allowance for road of one chain in width as aforesaid, between the said lots number three and four as aforesaid; and that the side lines between the said lots number three and four shall be produced therefrom, on either side of the said allowance for road between the said lots, to the rear of the said lots, parallel to the line between the said Townships of Brantford and Ancaster, as the law directs, and as run by the said Lewis Burwell, in 1837.

And we do hereby further award, order, adjudge, determine and decree, that the said parties, the Claimant, James Wesbrook, and the Respondent, Beriah Phelps, shall each pay the expenses of their own witnesses in this case; and that the Claimant, James Wesbrook, shall pay one third of the remainder of the costs made and incurred in this case; and also that the said Beriah Phelps, the Respondent, shall pay two-thirds of the remainder of the costs made and incurred in this case.

WITNESS our hands, this second day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

(Signed) { JOHN WILLSON, JOHN CHISHOLM, LEWIS BURWELL, COMMISSIONERS.

DISTRICT OF GORE, *West Flamboro', to wit.* } BOUNDARY COMMISSIONERS.

JAMES BAXTER, JOHN SANDERSON, and others, *Claimants*, and HUGH WILLSON, *Respondent*.

To all to whom these Presents shall come.

We, JOHN WILLSON, JOHN CHISHOLM, and LEWIS BURWELL, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having caused Hugh Willson, of the township of West Flamboro', in the said District, Yeoman, to respond to the claim of James Baxter, John Sanderson, and others, of the said township of West Flamboro', Yeomen, before us, according to the provisions of the said Act, in the claim set up by the said James Baxter, John Sanderson, and others, to certain boundary lines between certain lots in the third, fourth, fifth and sixth concessions of the said township of West Flamboro'; and having heard all the evidence which hath been exhibited before us, relative to the said third, fourth, fifth and sixth concessions, and the several lots therein situate, lying and being, and having also in person carefully examined the premises in question, and having also duly considered and weighed the evidence exhibited before us, relative to the said boundary lines, the following facts do clearly and satisfactorily appear, namely:—

First—That at an early day, and when the country north of the Flamboro' road, or road leading from Dundas to Galt, or the line between the first and second concessions of the said township of West Flamboro' was a wilderness, the Honourable James Crooks, Esquire, employed the late Adrian Marlett, Deputy Surveyor, to run the line between lots number six and seven, from the front of the fourth concession of the said township, (this line being an original allowance for road between lots number six and seven, throughout the said township), and that Mr. Marlett then took all the necessary precautions, and made all the necessary examinations to ascertain the true boundary between lots number six and seven, in front of the fourth concession of the said township, and no original boundaries then being found in any of the northern concessions, Mr. Marlett continued a direct line between the said lots number six and seven, to the rear of the said township; and that the different settlers along that allowance for road, known as the Brock road, have from the beginning, until recently, believed the line run by the said Adrian Marlett to be the true line between those lots through each concession to the rear of the said township. It is also in evidence before us, that the line of road across the third and fourth concessions is now situate in its proper place.

Secondly—It is also in evidence before us, that original monuments have recently been found in the fifth and sixth concession lines, clearly showing that in the fifth concession, the Brock road is laid five chains and eighty-five links too far to the east, or the east side of the Brock road is five chains and eighty-five links east of the original and true allowance for road, between lots number six and seven, in the fifth concession, thus leaving a part of lot number seven, on the west side of the said Brock road; and that in the sixth concession the Brock road is laid six chains and sixty links too far to the east, or the east side of the Brock road is six chains and sixty links east of the true limit between lots number six and seven, in the said sixth concession, thus leaving a part of lot number seven, on the west of the Brock road.

Thirdly—It is also in evidence before us on the part of the claimants, and also on the part of the respondents, that on the ninth day of April, eighteen hundred and thirty-five, and before any of the aforesaid original monuments were found, and at the time when all the persons concerned verily believed the Brock road was laid out and opened in its proper place across the said fifth and sixth concession, the Honourable James Crooks conveyed to the Respondent Hugh Willson, ten acres of land near the centre of the sixth concession, the same being part and parcel of the north and south halves of lot number seven, in the said sixth concession, and bounded the said ten acres on the east side of the said Brock road, and that certain posts or monuments were then set up at the several corners thereof, and certain lines were run or surveyed around the said ten acres by the late James B. Stenett, Deputy Surveyor, and that the intention of the parties was to be confined to the said survey of the said ten acres, which said boundaries have been shown to this Board of Commissioners, and acknowledged and proven before us to be the same planted by the said James B. Stenett, in his survey thereof made; and also, neither the grantor, nor the grantee did not expect or intend that any portion of the said ten acres should ever lay on the west side of the said Brock road.

Now KNOW YE, that we, the said JOHN WILLSON, JOHN CHISHOLM and LEWIS BURWELL, the Boundary Commissioners aforesaid, do therefore hereby award, order, adjudge, determine and decree—

First—That the said Brock road, as it is now laid out as aforesaid across the third concession of the said township, is on the proper allowance for road between lots number six and seven, and that the true and unalterable boundaries betweeen the said lots number six and seven, shall remain and forever continue to be as they now are planted on the east and west sides of the said Brock road; and that lot number seven, in the said third concession, shall measure twenty chains in width, and lot number eight shall measure nineteen chains and eighty-three links, and lot number nine shall measure twenty chains in width, and the front boundaries thereof, as they are now planted, shall forever remain and continue to be the true and unalterable boundaries of the said lots, and that the side lines thereof shall be produced from the said front boundaries to the rear of the concession, the true bearing of the governing boundary line of the said township as the law directs.

Secondly—That the said Brock road, as it is now laid out across the said fourth concession of the said township, is on the proper and original allowance for road between the said lots number six and seven, and that the true and unalterable boundaries between the said lots number six and seven shall remain and for ever contine to be as they are now planted on the east and west sides of the said Brock road, and that from the said Brock road west to the township of Beverley, lots numbers 6, 5, 4, 3, 2, and 1, shall each measure along the line in front of the said fourth concession, 21 chains, 91 links; and also that from the said Brock road easterly across lots numbers 7, 8, 9, 10, 11, 12, 13, 14, 15, 16 and 17, to a certain pine tree acknowledged as an original boundary, each of the said lots shall measure in front 20 chains and 14 links, and that all the side lines of the said lots shall be produced from the front angles thereof in manner aforesaid.

Thirdly—That the several lots in the fifth concession of the said township, from the township of Beverley to the limit between lots number 11 and 12 where an original monument is found, each lot shall measure 20 chains and 57 links in width, in front of the said concession, and that the south-west angle or corner of lot number 7 shall be situate 5 chains, 85 links west of the east side of the said Brock road, and that the south-east angle or corner of lot number 6 shall be situate one chain to the west of the south-west angle of the said lot number 7, and also that all the side lines of the said lots shall be run from their respective front monuments, their true bearings, as the law directs as aforesaid.

Fourthly—That the boundaries planted by the said late James B. Stenett, Deputy Surveyor for the boundaries of the said ten acres, conveyed by the Honourable James Crooks to the Respondent Hugh Willson, the same being part and parcel of lot number 7, in the said sixth concession of the said township, and lying and being situate on the east side of the said Brock road, shall be the true and unalterable boundaries of the said ten acres of land, and that the same is lying and being situate on the east side of the said Brock road, with the north-west angle of the said ten acres standing on the east side of the said Brock road, and in the south edge of a certain small creek or brook, a short distance north of the centre of the said sixth concession, and from thence the courses and distances of the said ten acres shall be and remain as described in the deed of transfer from the said the Honourable James Crooks to the said Hugh Willson, the Respondent, any thing contained, written or expressed in the said deed to the contrary notwithstanding.

DISTRICT OF GORE, *Beverly, to wit.* } BOUNDARY COMMISSIONERS.

On the application of William Oliver, Samuel Congo, and others, inhabitants of the seventh, eighth, ninth, and tenth concessions of the township of Beverly.

To all to whom these presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having, in compliance with the said Act, made full enquiry into all matters relative to the original survey of the said seventh, eighth, ninth and tenth concessions of the said township of Beverly, and also of all matters relative to the first settlement of the said concessions, and the several lots of land therein situate, and also of the grant of land from the Crown for certain lots of land situate in the said concessions of the said township of Beverly;—and having duly heard, considered and weighed all the evidence which hath been exhibited before us, relative to the same, do hereby declare that the following facts doth plainly and clearly appear, namely:—

First—That the said seventh concession line of the said township was surveyed in the original survey thereof, and that a number of errors was made in the chaining of the fronts of the several lots belonging to and being situate in the said seventh concession, and that an erroneous return was made to the Government of the original survey of the said seventh concession; and that in consequence of which the Government have been led to commit errors in making grants of land in the said seventh concession; and also that a grant of land has been made to John Clement, for the broken lot lettered G. in the said seventh concession, for 25¼ acres of land more than is found by the situation of the original boundaries thereof.

Secondly—That although a return has been made to the Government of the original survey of the front of the eighth concession of the said Township, the line in front of the said eighth concession *was not marked* in the said original survey of the said eighth concession, further from the eastern line of it the said township than across seven lots and a part of an other, namely, lots number thirty-six, thirty-five, thirty-four, thirty-three, thirty-two, thirty-one, thirty, and a part of twenty-nine: and that in consequence of the said eighth concession line not being further *marked* in the original survey thereof, the first settlers in the said eighth concession who settled at the west side of the township, were obliged to govern themselves by side lines produced from original monuments standing in front of the seventh concession;—and also, that the said eighth concession line, as far as it was marked in the original survey thereof, was marked *six chains and forty links* short of the proper and intended length of the lots situate in the seventh concession; which circumstance has caused much difficulty.

Thirdly—That in the original survey of the fronts of the ninth and tenth concessions of the said township, the said ninth concession line was only marked *forty-five chains* westerly from the eastern limit of the said township; and the tenth concession was only *marked about five chains* from the eastern limit of the said township; and also that part of the first settlers in the said ninth and tenth concessions were also governed by lines produced from the front of the seventh concession as aforesaid; nevertheless a return was made to the government of the original survey of those concessions also. That in consequence of those errors in the original survey and return so made to the Government, and in the absence of any concession line, the first settlers having settled in the manner aforesaid, have now large and valuable improvements, buildings, &c.; and also that the Government have, in granting the broken lot lettered I. in the said ninth concession to the said John Clement, granted 29¾ acres of land more than is found on the ground by the settlement being formed by lines produced from the front of the seventh concession as aforesaid.

Fourthly—That James Kirkpatrick, Esq., Deputy Surveyor, did by order of the Government, in the year 1836, make a survey of the 8th, 9th and 10th concessions of the said township, and being governed by that portion of the 8th concession line which had been marked in the original survey of the said township, did interfere with the improvements of many settlers in the said 7th, 8th, 9th and 10th concessions as aforesaid; and also, that some of the late settlers in the said 8th, 9th and 10th concessions have been governed by the said survey, made by the said James Kirkpatrick, verily believing that that survey was final and conclusive in all its particulars. And we also find in evidence that the Government have not *finally recognized* the said survey of the said James Kirkpatrick as *final and conclusive*; and we also find that in the said 9th, 9th and 10th concessions, a small overplus of land of about nine chains is found between the survey of the said James Kirkpatrick and the formation of the first settlements in the said 8th, 9th and 10th concessions; and we also find that, by approving of the said survey of the said James Kirkpatrick throughout his whole work, many individuals would suffer great loss in their improvements: and we also find that, unless that survey is adhered to *in part*, several settlers in each of the said concessions will suffer great loss and inconvenience.

Now KNOW YE, that we, the said JOHN

WILLSON, JOHN CHISHOLM, and LEWIS BURWELL, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree.

First—That all the lots situate in the said seventh concession, shall be governed by the original boundaries as proven before us to have been planted in front of the said seventh concession, as the law directs and requires, and in strict accordance with the plan thereof identified with this award; and that the side lines of the several lots situate in the said seventh concession shall be produced therefrom to the rear of the said concession, the true bearing thereof, as the law directs and requires.

Secondly—That the line in front of the said eighth concession shall remain as far as it was originally marked as aforesaid, and that the continuation of the said eighth concession line, as surveyed by the said James Kirkpatrick, shall be continued westerly at the course of south seventy-seven degrees, west until it intersects the limit between lots number twenty-four and twenty-three in the said seventh concession; and that from thence said line shall be produced north thirteen degrees, west six chains and forty links, more or less, until the line by which the first and original settlers, in the said eighth concession, made their settlements is intersected; and from thence south seventy-seven degrees, west to the township of Dumfries, paying due respect to the proper and original allowances for roads, and making each lot in the said eighth concession to the west of this point to measure twenty chains each, as the several corners thereof were planted in the surveys made by and for the said original settlers: and that the broken lot lettered H. in the said eighth concession, shall measure in front twenty-three chains and twenty-three links, as shown on the plan thereof identified with this award: and also that the several lots east from the said limit between the said lots number 24 and 25, in the said seventh concession, shall measure in the said eighth concession twenty chains in front, after admitting of the proper boundary between the said lots number 24 and 25 in the said eighth concession, as shown by the plan herewith identified, and by the first settlement of the west part of the said eighth concession, easterly to the limit between lots number 29 and 30, and from thence easterly to the eastern limit of the said township, each of the remaining lots in the said eighth concession shall each measure twenty-one chains, twenty-eight links in front, with due respect being had to all the original allowances for road in the said concession; this latter augmentation of the width of the lots east of the limit between lots number 29 and 30, being on account of the overplus land being found between the survey of the said James Kirkpatrick and the first settlement of the concession.

Thirdly—That the line in front of the said ninth concession shall be and remain as it was surveyed by the said James Kirkpatrick as aforesaid, from the eastern limit of the said township westerly to the limit between lots number twenty-six and twenty-seven in the said ninth concession, giving each lot twenty chains in width, in front, according to the said survey made by the said James Kirkpatrick; and from thence the said concession line shall be produced north thirteen degrees, west three chains and twenty links, and from thence the front line of the said ninth concession shall be produced south seventy-seven degrees, west to the limit between lots number twenty-one and twenty-two in the said eighth concession, according to the survey of the first settlement as aforesaid, giving to lots number 26, 25, 24, and 23 twenty-two chains, twenty-five links in width in front, with the allowance for road between lots number twenty-four and twenty-five, and lot number 22, twenty chains in width, and that from the limit between lots number 21 and 22 as aforesaid, the said concession line shall be produced north thirteen degrees, west three chains twenty links to the original line by which the first settlers made their settlements as aforesaid: and from thence the front of the said ninth concession shall be produced south seventy-seven degrees, west to the township of Dumfries, making each lot to measure twenty chains in width in front, as the several corners thereof were planted in the surveys made for the said first settlers as aforesaid, and that the broken lot lettered I. adjoining the said township of Dumfries, shall measure in front twenty-seven chains, ninety-three links.

Fourthly—That the line in front of the said tenth concession shall be and remain as it was surveyed by the said James Kirkpatrick as aforesaid, from the eastern limit of the said township to the limit between lots number twenty-one and twenty-two in the said tenth concession, on a course of south seventy-seven degrees, west making each lot to measure twenty chains in width in front, with the usual allowance for road, and with an overplus of nine chains in width between lots number twenty-two and twenty-three; which said overplus of land in the opinion of the Board of Commissioners shall be at the disposal of the Crown: and from the limit between the said lots number twenty-one and twenty-two, the said concession line shall be produced north thirteen degrees, west six chains and forty links to the line by which the settlers settled as aforesaid; and from thence the front of the said tenth concession shall be produced south seventy-seven degrees, west to the township of Dumfries, making each lot to measure twenty chains in front, according to the intention and formation of the first settlement made in the said tenth concession as aforesaid, paying due respect to all allowances for road in the said concession: and that the broken lot lettered J. adjoining the township of Dumfries, shall measure in front thirty-two chains and sixty-three links, according to the plan thereof made and identified with this award.

And we do further award, that the parties interested and concerned in this investigation, shall bear and pay their proper proportion and share of the costs incurred in this investigation, the McKenzies excepted.

And it is the opinion of this Board of Commissioners, that the unfortunate situation of the several claimants under the grant from the Crown to the late John Clement for the broken lots lettered F. G. and I. in the sixth, seventh and ninth concessions of the said township of Beverly, is such, that as the quantity of land therein described is not to be found, that unless the Government afford them remuneration as in its wisdom may seem meet, there is no source within the knowledge of this Board of Commissioners from which they can be compensated for their loss.

And lastly, we do award, order, adjudge, determine and decree, that in every individual case to which this award extends, no person shall be dispossessed or ejected from any improvements or clearings which he, she or they may have made, without the person or persons who may or shall claim lands by virtue of this award, shall first pay or tender to the person or persons who may have made the same, the full value thereof according to the following proportion, that is to say:—for every acre of land from which the timber is all taken off and fenced, the sum of *five pounds per acre*, and for every acre cleared in the common way of making clearings with part of the timber left standing, the sum of *three pounds per acre*; and for every acre of chopping, where all the timber is cut down and cut up, the sum of *one pound fifteen shillings per acre*; and for every acre chopped in the common way of clearing, with part of the timber left standing, the sum of *one pound five shillings*, and also that the person or persons who may or shall claim the lands cleared and otherwise improved on the north part of lot number one, in the ninth concession of the said township of Beverley, by John D. McKenzie, shall, for the improvements thereon made, and previous to assuming the possession of the same, pay or tender to the said John D. McKenzie, his heirs and assigns, the sum of *three hundred and fifty pounds* of lawful money of the said Province.

WITNESS our hands at the township of Beverley aforesaid, this nineteenth day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

DISTRICT OF GORE, } BOUNDARY COMMISSIONERS.
West Flamboro', to wit. }

James Baxter, John Sanderson, and others, *Claimants*, and Hugh Willson, *Respondent.*

To all to whom these Presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having caused Hugh Willson, of the township of West Flamboro', in the said District, Yeoman, to respond to the claim of James Baxter, John Sanderson, and others, of the said township of West Flamboro', Yeomen, before us, according to the provisions of the said Act, in the claim set up by the said James Baxter, John Sanderson, and others, to certain boundary lines between certain lots in the third, fourth, fifth and sixth concessions of the said township of West Flamboro'; and having heard all the evidence which hath been exhibited before us, relative to the said third, fourth, fifth and sixth concessions, and the several lots therein situate, lying and being, and having also in person carefully examined the premises in question, and having also duly considered and weighed the evidence exhibited before us, relative to the said boundary lines, the following facts do clearly and satisfactorily appear, namely:—

First—That at an early day, and when the country north of the Flamboro' road, or road leading from Dundas to Galt, or the line between the first and second concessions of the said township of West Flamboro' was a wilderness, the Honourable James Crooks, Esquire, employed the late Adrian Marlett, Deputy Surveyor, to run the line between lots number six and seven, from the front of the fourth concession of the said township, (this line being an original allowance for road between lots number six and seven, throughout the said township), and that Mr. Marlett then took all the necessary precautions, and made all the necessary examinations to ascertain the true boundary between lots number six and seven, in front of the fourth concession of the said township, and no original boundaries then being found in any of the northern concessions, Mr. Marlett continued a direct line between the said lots number six and seven, to the rear of the said township! and that the different settlers along that allowance for road, known as the Brock road, have from the beginning, until recently, believed the line run by the said Adrian Marlett to be the true line between those lots through each concession to the rear of the said township. It is also in evidence before us, that the line of road across the third and fourth concessions is now situate in its proper place.

Secondly—It is also in evidence before us, that original monuments have recently been found in the fifth and sixth concession lines, clearly showing that in the fifth concession, the Brock road is laid five chains and eighty-five links too far to the east, or the east side of the Brock road is five chains and eighty-five links east of the original and true allowance for road, between lots number six and seven, in the fifth concession, thus leaving a part of lot number seven, on the west side of the said Brock road; and that in the sixth concession the Brock road is laid six chains and sixty links too far to the east, or the east side of the Brock road is six chains and sixty links east of the true limit between lots number six and seven, in the said sixth concession, thus leaving a part of lot number seven, on the west of the Brock road.

Thirdly—It is also in evidence before us on the part of the claimants, and also on the part of the respondents, that on the ninth day of April, eighteen hundred and thirty-five, and before any of the aforesaid original monuments were found, and at the time when all the persons concerned verily believed the Brock road was laid out and opened in its proper place across the said fifth and sixth concession, the Honourable James Crooks conveyed to the Respondent Hugh Willson, ten acres of land near the centre of the sixth concession, the same being part and parcel of the north and south halves of lot number seven, in the said sixth concession, and bounded the said ten acres on the east side of the said Brock road, and that certain posts or monuments were then set up at the several corners thereof, and certain lines were run or surveyed around the said ten acres by the late James B. Stenett, Deputy Surveyor, and that the intention of the parties was to be confined to the said survey of the said ten acres, which said boundaries have been shown to this Board of Commissioners, and acknowledged and proven before us to be the same planted by the said James B. Stenett, in his survey thereof made; and also, neither the grantor, nor the grantee did not expect or intend that any portion of the said ten acres should ever lay on the west side of the said Brock road.

NOW KNOW YE, that we, the said JOHN WILLSON, JOHN CHISHOLM and LEWIS BURWELL, the Boundary Commissioners aforesaid, do therefore hereby award, order, adjudge, determine and decree—

First—That the said Brock road, as it is now laid out as aforesaid across the third concession of the said township, is on the proper allowance for road between lots number six and seven, and that the true and unalterable boundaries betweeen the said lots number six and seven, and forever continue to be as they now are planted on the east and west sides of the said Brock road; and that lot number seven, in the said third concession, shall measure twenty chains in width, and lot planted, shall forever remain and continue to be the true and unalterable boundaries of the said lots, and that the side lines thereof shall be produced from the said front boundaries to the rear of the concession, the true bearing of the governing boundary line of the said township as the law directs.

Secondly—That the said Brock road, as it is now laid out across the said fourth concession of the said township, is on the proper and original allowance for road between the said lots number six and seven, and that the true and unalterable boundaries between the said lots number six and seven shall remain and for ever contine to be as they are now planted on the east and west sides of the said Brock road, and that from the said Brock road west to the township of Beverley, lots numbers 6, 5, 4, 3, 2, and 1, shall each measure along the line in front of the said fourth concession, 21 chains, 91 links; and also that from the said Brock road easterly across lots numbers 7, 8, 9, 10, 11, 12, 13, 14, 15, 16 and 17, to a certain pine tree acknowledged as an original boundary, each of the said lots shall measure in front 20 chains and 14 links, and that all the side lines of the said lots shall be produced from the front angles thereof in manner aforesaid.
