Thirdly—That the several lots in the fifth concession of the said township, from the township of Beverley to the limit between lots number 11 and 12 where an original monument is found, each lot shall measure 20 chains and 57 links in width, in front of the said concession, and that the south-west angle or corner of lot number 7 shall be situate 5 chains, 85 links west of the east side of the said Brock road, and that the south-east angle or corner of lot number 6 shall be situate one chain to the west of the south-west angle of the said lot number 7, and also that all the side lines of the said lots shall be run from their respective front monuments, their true bearings, as the law directs as aforesaid.

Fourthly—That the boundaries planted by the said late James B. Stenett, Deputy Surveyor for the boundaries of the said ten acres, conveyed by the Honourable James Crooks to the Respondent Hugh Willson, the same being part and parcel of lot number 7, in the said sixth concession of the said township, and lying and being situate on the east side of the said Brock road, shall be the true and unalterable boundaries of the said ten acres of land, and that the same is lying and being situate on the east side of the said Brock road, with the north-west angle of the said ten acres standing on the east side of the said Brock road, and in the south edge of a certain small creek or brook, a short distance north of the centre of the said sixth concession, and from thence the courses and distances of the said ten acres shall be and remain as described in the deed of transfer from the said the Honourable James Crooks to the said Hugh Willson, the Respondent, any thing contained, written or expressed in the said deed to the contrary notwithstanding.

DISTRICT OF GORE, } BOUNDARY COMMISSIONERS.
Beverly, to wit. }

ON the application of William Oliver, Samuel Congo, and others, inhabitants of the seventh, eighth, ninth, and tenth concessions of the township of Beverly.

To all to whom these presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having, in compliance with the said Act, made full enquiry into all matters relative to the original survey of the said seventh, eighth, ninth and tenth concessions of the said township of Beverly, and also of all matters relative to the first settlement of the said concessions, and the several lots of land therein situate, and also of the grant of land from the Crown for certain lots of land situate in the said concessions of the said township of Beverly:—and having duly heard, considered and weighed all the evidence which hath been exhibited before us, relative to the same, do hereby declare that the following facts doth plainly and clearly appear, namely:—

First—That the said seventh concession line of the said township was surveyed in the original survey thereof, and that a number of errors was made in the chaining of the fronts of the several lots belonging to and being situate in the said seventh concession, and that an erroneous return was made to the Government of the original survey of the said seventh concession; and that in consequence of which the Government have been led to commit errors in making grants of land in the said seventh concession; and also that a grant of land has been made to John Clement, for the broken lot lettered G. in the said seventh concession, for 25¼ acres of land more than is found by the situation of the original boundaries thereof.

Secondly—That although a return has been made to the Government of the original survey of the front of the eighth concession of the said Township, the line in front of the said eighth concession *was not marked* in the said original survey of the said eighth concession, further from the eastern line of it the said township than across seven lots and a part of an other, namely, lots number thirty-six, thirty-five, thirty-four, thirty-three, thirty-two, thirty-one, thirty, and a part of twenty-nine: and that in consequence of the said eighth concession line not being further *marked* in the original survey thereof, the first settlers in the said eighth concession who settled at the west side of the township, were obliged to govern themselves by side lines produced from original monuments standing in front of the seventh concession;—and also, that the said eighth concession line, as far as it was marked in the original survey thereof, was marked *six chains and forty links* short of the proper and intended length of the lots situate in the seventh concession; which circumstance has caused much difficulty.

Thirdly—That in the original survey of the fronts of the ninth and tenth concessions of the said township, the said ninth concession line was only marked *forty-five chains* westerly from the eastern limit of the said township: and the tenth concession was only *marked about five chains* from the eastern limit of the said township; and also that part of the first settlers in the said ninth and tenth concessions were also governed by lines produced from the front of the seventh concession as aforesaid; nevertheless a return was made to the government of the original survey of those concessions also. That in consequence of those errors in the original survey and return so made to the Government, and in the absence of any concession line, the first settlers having settled in the manner aforesaid, have now large and valuable improvements, buildings, &c.; and also that the Government have, in granting the broken lot lettered I. in the said ninth concession to the said John Clement, granted 292¼ acres of land more than is found on the ground by the settlement being formed by lines produced from the front of the seventh concession as aforesaid.

Fourthly—That James Kirkpatrick, Esq., Deputy Surveyor, did by order of the Government, in the year 1836, make a survey of the 8th, 9th and 10th concessions of the said township, and being governed by that portion of the 8th concession line which had been marked in the original survey of the said township, did interfere with the improvements of many settlers in the said 7th, 8th, 9th and 10th concessions as aforesaid; and also, that some of the late settlers in the said 8th, 9th and 10th concessions have been governed by the said survey, made by the said James Kirkpatrick, verily believing that that survey was final and conclusive in all its particulars. And we also find in evidence that the Government have not *finally recognised* the said survey of the said James Kirkpatrick as *final and conclusive*; and we also find that in the said 8th, 9th and 10th concessions, a small overplus of land of about nine chains is found between the survey of the said James Kirkpatrick and the formation of the first settlements in the said 8th, 9th and 10th concessions; and we also find that, by approving of the said survey of the said James Kirkpatrick throughout his whole work, many individuals would suffer great loss in their improvements: and we also find that, unless that survey is adhered to *in part*, several settlers in each of the said concessions will suffer great loss and inconvenience.

NOW KNOW YE, that we, the said JOHN

number eight shall measure nineteen chains and eighty-three links, and lot number nine shall measure twenty chains in width, and the front boundaries thereof, as they are now WILLSON, JOHN CHISHOLM, and LEWIS BURWELL, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree.

First—That all the lots situate in the said seventh concession, shall be governed by the original boundaries as proven before us to have been planted in front of the said seventh concession, as the law directs and requires, and in strict accordance with the plan thereof identified with this award; and that the side lines of the several lots situate in the said seventh concession shall be produced therefrom to the rear of the said concession, the true bearing thereof, as the law directs and requires.

Secondly—That the line in front of the said eighth concession shall remain as far as it was originally marked as aforesaid, and that the continuation of the said eighth concession line, as surveyed by the said James Kirkpatrick, shall be continued westerly at the course of south seventy-seven degrees, west until it intersects the limit between lots number twenty-four and twenty-three in the said seventh concession; and that from thence said line shall be produced north thirteen degrees, west six chains and forty links, more or less, until the line by which the first and original settlers, in the said eighth concession, made their settlements is intersected; and from thence south seventy-seven degrees, west to the township of Dumfries, paying due respect to the proper and original allowances for roads, and making each lot in the said eighth concession to the west of this point to measure twenty chains each, as the several corners thereof were planted in the surveys made by and for the said original settlers: and that the broken lot lettered H. in the said eighth concession, shall measure in front twenty-three chains and twenty-three links, as shown on the plan thereof identified with this award: and also that the several lots east from the said limit between the said lots number 24 and 25, in the said seventh concession, shall measure in the said eighth concession twenty chains in front, after admitting of the proper boundary between the said lots number 24 and 23 in the said eighth concession, as shown by the plan herewith identified, and by the first settlement of the west part of the said eighth concession, easterly to the limit between lots number 29 and 30, and from thence easterly to the eastern limit of the said township, each of the remaining lots in the said eighth concession shall each measure twenty-one chains, twenty-eight links in front, with due respect being had to all the original allowances for road in the said concession; this latter augmentation of the width of the lots east of the limit between lots number 29 and 30, being on account of the overplus land being found between the survey of the said James Kirkpatrick and the first settlement of the concession.

Thirdly—That the line in front of the said ninth concession shall be and remain as it was surveyed by the said James Kirkpatrick as aforesaid, from the eastern limit of the said township westerly to the limit between lots number twenty-six and twenty-seven in the said ninth concession, giving each lot twenty chains in width, in front, according to the said survey made by the said James Kirkpatrick; and from thence the said concession line shall be produced north thirteen degrees, west three chains and twenty links, and from thence the front line of the said ninth concession shall be produced south seventy-seven degrees, west to the limit between lots number twenty-one and twenty-two in the said eighth concession, according to the survey of the first settlement as aforesaid, giving to lots number 26, 25, 24, and 23 twenty-two chains, twenty-five links in width in front, with the allowance for road between lots number twenty-four and twenty-five, and lot number 22, twenty chains in width, and that from the limit between lots number 21 and 22 as aforesaid, the said concession line shall be produced north thirteen degrees, west three chains twenty links to the original line by which the first settlers made their settlements as aforesaid: and from thence the front of the said ninth concession shall be produced south seventy-seven degrees, west to the township of Dumfries, making each lot to measure twenty chains in width in front, as the several corners thereof were planted in the surveys made for the said first settlers as aforesaid, and that the broken lot lettered I. adjoining the said township of Dumfries, shall measure in front twenty-seven chains, ninety-three links.

Fourthly—That the line in front of the said tenth concession shall be and remain as it was surveyed by the said James Kirkpatrick as aforesaid, from the eastern limit of the said township to the limit between lots number twenty-one and twenty-two in the said tenth concession, on a course of south seventy-seven degrees, west making each lot to measure twenty chains in width in front, with the usual allowance for road, and with an overplus of nine chains in width between lots number twenty-two and twenty-three; which said overplus of land in the opinion of the Board of Commissioners shall be at the disposal of the Crown: and from the limit between the said lots number twenty-one and twenty-two, the said concession line shall be produced north thirteen degrees, west six chains and forty links to the line by which the settlers settled as aforesaid; and from thence the front of the said tenth concession shall be produced south seventy-seven degrees, west to the township of Dumfries, making each lot to measure twenty chains in front, according to the intention and formation of the first settlement made in the said tenth concession as aforesaid, paying due respect to all allowances for road in the said concession: and that the broken lot lettered J. adjoining the township of Dumfries, shall measure in front thirty-two chains and sixty-three links, according to the plan thereof made and identified with this award.

And we do further award, that the parties interested and concerned in this investigation, shall bear and pay their proper proportion and share of the costs incurred in this investigation, the McKenzies excepted.

And it is the opinion of this Board of Commissioners, that the unfortunate situation of the several claimants under the grant from the Crown to the late John Clement for the broken lots lettered F. G. and I. in the sixth, seventh and ninth concessions of the said township of Beverly, is such, that as the quantity of land therein described is not to be found, that unless the Government afford them remuneration as in its wisdom may seem meet, there is no source within the knowledge of this Board of Commissioners from which they can be compensated for their loss.

And lastly, we do award, order, adjudge, determine and decree, that in every individual case to which this award extends, no person shall be dispossessed or ejected from any improvements or clearings which he, she or they may have made, without the person or persons who may or shall claim lands by virtue of this award, shall first pay or tender to the person or persons who may have made the same, the full value thereof according to the following proportion, that is to say:—for every acre of land from which the timber is all taken off and fenced, the sum of *five pounds per acre*, and for every acre cleared in the common way of making clearings with part of the timber left standing, the sum of *three pounds per acre*; and for every acre of chopping, where all the timber is cut down and cut up, the sum of *one pound fifteen shillings per acre*; and for every acre chopped in the common way of clearing, with part of the timber left standing, the sum of *one pound five shillings*, and also that the person or persons who may or shall claim the lands cleared and otherwise improved on the north part of lot number one, in the ninth concession of the said township of Beverley, by John D. McKenzie, shall, for the improvements thereon made, and previous to assuming the possession of the same, pay or tender to the said John D. McKenzie, his heirs and assigns, the sum of *three hundred and fifty pounds* of lawful money of the said Province.

WITNESS our hands at the township of Beverley aforesaid, this nineteenth day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

DISTRICT OF GORE. } BOUNDARY COMMISSIONERS.
Hamilton, to wit. }

Boundary Line between the Townships of East and West Flamborough—On the application of the Magistrates of the District of Gore, at the Court of General Quarter Sessions of the Peace in and for the said District.

To all to whom these Presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING.

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province.—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having been required by the Magistrates of the said District in General Quarter Sessions assembled, on the tenth day of January last, by an order of the Court of Quarter Sessions, signed by William B. Van Every, Esquire, Chairman of the said Court, in accordance with the provisions of the said Act, to determine the line of road between the townships of East and West Flamborough, and having, in accordance with the provisions of the said Act, caused all such persons to give evidence before us whom we have understood and believed could give information on the subject of the said Boundary Line and the said line of, and the allowance for road between the said townships.—And having also had before us such information, in writing, as the Office of the Surveyor-General of this Province has been able to furnish for the information of the Board of Commissioners, together with a number of grants from the Crown made for lands in both of the said townships:—And having heard, carefully weighed, and listened to, and considered, all the evidence which has been exhibited before us, relative to the said Boundary Line, and the said allowance for road between the said townships; and having examined the premises in person, by one of the members of this Board of Boundary Commissioners, accompanied by James Kirkpatrick, Esquire, Deputy Provincial Surveyor= the following facts, in our opinion, do satisfactorily appear, namely:—

That in the original survey of the said townships, made by order of the Government of this Province, the said township of East Flamborough was surveyed prior to the survey of the said township of West Flamborough, and the marked line so surveyed, for the western limit of the said township of East Flamborough, was surveyed on the eastern side of the allowance for road of one chain in width between the said townships; and that the said allowance for road was laid on the western side of the said line so surveyed and marked for the western limit of the said township of East Flamborough.

NOW KNOW YE, That we the said JOHN WILLSON, JOHN CHISHOLM, and LEWIS BURWELL, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree—

First—That the allowance for road of one chain in width between the said townships of East and West Flamborough, is and shall be, and shall for ever remain and continue to be on the west side of the original marked line between the said townships of East and West Flamborough.

Secondly—That on each side of the said allowance for road, and as near the front of the said townships, at the head of Burlington Bay, as the nature of the ground will admit, good and sufficient stone monuments shall be forthwith planted and marked, in the following manner, that is to say,—one stone monument shall be planted in the said original marked line, with the letters E.F. cut or engraved on the easterly side thereof, to designate and show that on that side of the said original marked line, the said township of East Flamborough is situate, and that on the westerly side of the same stone monument, the letter R. shall be cut or engraved, to designate and show that on that side of the said original marked line the said allowance for road is situate; and also, that as nearly opposite to the aforesaid stone monument as the nature of the ground will admit; and on the opposite side of the said allowance for road of one chain in width, another stone monument shall be planted, and marked in the following manner, namely, with the letter R. cut or engraved on the easterly side thereof, and with the letters W. F. cut or engraved on the westerly side thereof, to designate and show that on the easterly side of the said stone monument the said allowance for road is situate, and that the said township of West Flamborough is situate on the westerly side thereof; and also, that at the point where Dundas-street intersects the said line and allowance for road, two other good and sufficient stone monuments shall be forthwith planted and marked in the same manner, and for the purposes aforesaid.

And we do award, latterly, that all the expenses incurred and made in the investigation, and for the final end and fulfilment of, and for the purpose of carrying this award fully into effect, according to the provisions and requirements of the said Act, shall be borne, paid and discharged by the District of Gore.

WITNESS our hands at Hamilton aforesaid, in the District aforesaid, this thirteenth day of April, in the year of our Lord one thousand eight hundred and thirty-nine, and of Her Majesty's reign the second.

(Signed) JOHN WILLSON,
JOHN CHISHOLM,
LEWIS BURWELL,
COMMISSIONERS.

We certify the above to be a true copy of our award in the above case, and that the same was duly signed by us, and published to the Court of Quarter Sessions, in Session, on the day of the date thereof.

District of Gore, *Beverly, to wit.* } Boundary Commissioners.

On the application of William Oliver, Samuel Congo, and others, inhabitants of the seventh, eighth, ninth, and tenth concessions of the township of Beverly.

To all to whom these presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

Send Greeting:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having, in compliance with the said Act, made full enquiry into all matters relative to the original survey of the said seventh, eighth, ninth and tenth concessions of the said township of Beverly, and also of all matters relative to the first settlement of the said concessions, and the several lots of land therein situate, and also of the grant of land from the Crown for certain lots of land situate in the said concessions of the said township of Beverly:—and having duly heard, considered and weighed all the evidence which hath been exhibited before us, relative to the same, do hereby declare that the following facts doth plainly and clearly appear, namely:—

First—That the said seventh concession line of the said township was surveyed in the original survey thereof, and that a number of errors was made in the chaining of the fronts of the several lots belonging to and being situate in the said seventh concession, and that an erroneous return was made to the Government of the original survey of the said seventh concession; and that in consequence of which the Government have been led to commit errors in making grants of land in the said seventh concession; and also that a grant of land has been made to John Clement, for the broken lot lettered G. in the said seventh concession, for 25¼ acres of land more than is found by the situation of the original boundaries thereof.

Secondly—That although a return has been made to the Government of the original survey of the front of the eighth concession of the said Township, the line in front of the said eighth concession *was not marked* in the said original survey of the said eighth concession, further from the eastern line of it the said township than across seven lots and a part of an other, namely, lots number thirty-six, thirty-five, thirty-four, thirty-three, thirty-two, thirty-one, thirty, and a part of twenty-nine: and that in consequence of the said eighth concession line not being further *marked* in the original survey thereof, the first settlers in the said eighth concession who settled at the west side of the township, were obliged to govern themselves by side lines produced from original monuments standing in front of the seventh concession;—and also, that the said eighth concession line, as far as it was marked in the original survey thereof, was marked *six chains and forty links* short of the proper and intended length of the lots situate in the seventh concession; which circumstance has caused much difficulty.

Thirdly—That in the original survey of the fronts of the ninth and tenth concessions of the said township, the said ninth concession line was only marked *forty-five chains* westerly from the eastern limit of the said township: and the tenth concession was only *marked about five chains* from the eastern limit of the said township; and also that part of the first settlers in the said ninth and tenth concessions were also governed by lines produced from the front of the seventh concession as aforesaid; nevertheless a return was made to the government of the original survey of those concessions also. That in consequence of those errors in the original survey and return so made to the Government, and in the absence of any concession line, the first settlers having settled in the manner aforesaid, have now large and valuable improvements, buildings, &c.; and also that the Government have, in granting the broken lot lettered I. in the said ninth concession to the said John Clement, granted 292¼ acres of land more than is found on the ground by the settlement being formed by lines produced from the front of the seventh concession as aforesaid.

Fourthly—That James Kirkpatrick, Esq., Deputy Surveyor, did by order of the Government, in the year 1836, make a survey of the 8th, 9th and 10th concessions of the said township, and being governed by that portion of the 8th concession line which had been marked in the original survey of the said township, did interfere with the improvements of many settlers in the said 7th, 8th, 9th and 10th concessions as aforesaid; and also, that some of the late settlers in the said 8th, 9th and 10th concessions have been governed by the said survey, made by the said James Kirkpatrick, verily believing that that survey was final and conclusive in all its particulars. And we also find in evidence that the Government have not *finally recognised* the said survey of the said James Kirkpatrick as *final and conclusive*; and we also find that in the said 8th, 9th and 10th concessions, a small overplus of land of about nine chains is found between the survey of the said James Kirkpatrick and the formation of the first settlements in the said 8th, 9th and 10th concessions; and we also find that, by approving of the said survey of the said James Kirkpatrick throughout his whole work, many individuals would suffer great loss in their improvements: and we also find that, unless that survey is adhered to *in part*, several settlers in each of the said concessions will suffer great loss and inconvenience.

Now Know Ye, that we, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree.

First—That all the lots situate in the said seventh concession, shall be governed by the original boundaries as proven before us to have been planted in front of the said seventh concession, as the law directs and requires, and in strict accordance with the plan thereof identified with this award; and that the side lines of the several lots situate in the said seventh concession shall be produced therefrom to the rear of the said concession, the true bearing thereof, as the law directs and requires.

Secondly—That the line in front of the said eighth concession shall remain as far as it was originally marked as aforesaid, and that the continuation of the said eighth concession line, as surveyed by the said James Kirkpatrick, shall be continued westerly at the course of south seventy-seven degrees, west until it intersects the limit between lots number twenty-four and twenty-three in the said seventh concession; and that from thence said line shall be produced north thirteen degrees, west six chains and forty links, more or less, until the line by which the first and original settlers, in the said eighth concession, made their settlements is intersected; and from thence south seventy-seven degrees, west to the township of Dumfries, paying due respect to the proper and original allowances for roads, and making each lot in the said eighth concession to the west of this point to measure twenty chains each, as the several corners thereof were planted in the surveys made by and for the said original settlers: and that the broken lot lettered H. in the said eighth concession, shall measure in front twenty-three chains and

twenty-three links, as shown on the plan thereof identified with this award: and also that the several lots east from the said limit between the said lots number 24 and 23, in the said seventh concession, shall measure in the said eighth concession twenty chains in front, after admitting of the proper boundary between the said lots number 24 and 23 in the said eighth concession, as shown by the plan herewith identified, and by the first settlement of the west part of the said eighth concession, easterly to the limit between lots number 29 and 30, and from thence easterly to the eastern limit of the said township, each of the remaining lots in the said eighth concession shall each measure twenty-one chains, twenty-eight links in front, with due respect being had to all the original allowances for road in the said concession; this latter augmentation of the width of the lots east of the limit between lots number 29 and 30, being on account of the overplus land being found between the survey of the said James Kirkpatrick and the first settlement of the concession.

Thirdly—That the line in front of the said ninth concession shall be and remain as it was surveyed by the said James Kirkpatrick as aforesaid, from the eastern limit of the said township westerly to the limit between lots number twenty-six and twenty-seven in the said ninth concession, giving each lot twenty chains in width, in front, according to the said survey made by the said James Kirkpatrick; and from thence the said concession line shall be produced north thirteen degrees, west three chains and twenty links, and from thence the front line of the said ninth concession shall be produced south seventy-seven degrees, west to the limit between lots number twenty-one and twenty-two in the said eighth concession, according to the survey of the first settlement as aforesaid, giving to lots number 26, 25, 24, and 23 twenty-two chains, twenty-five links in width in front, with the allowance for road between lots number twenty-four and twenty-five, and lot number 22, twenty chains in width, and that from the limit between lots number 21 and 22 as aforesaid, the said concession line shall be produced north thirteen degrees, west three chains twenty links to the original line by which the first settlers made their settlements as aforesaid: and from thence the front of the said ninth concession shall be produced south seventy-seven degrees, west to the township of Dumfries, making each lot to measure twenty chains in width in front, as the several corners thereof were planted in the surveys made for the said first settlers as aforesaid, and that the broken lot lettered I. adjoining the said township of Dumfries, shall measure in front twenty-seven chains, ninety-three links.

Fourthly—That the line in front of the said tenth concession shall be and remain as it was surveyed by the said James Kirkpatrick as aforesaid, from the eastern limit of the said township to the limit between lots number twenty-one and twenty-two in the said tenth concession, on a course of south seventy-seven degrees, west making each lot to measure twenty chains in width in front, with the usual allowance for road, and with an overplus of nine chains in width between lots number twenty-two and twenty-three; which said overplus of land in the opinion of the Board of Commissioners shall be at the disposal of the Crown: and from the limit between the said lots number twenty-one and twenty-two, the said concession line shall be produced north thirteen degrees, west six chains and forty links to the line by which the settlers settled as aforesaid; and from thence the front of the said tenth concession shall be produced south seventy-seven degrees, west to the township of Dumfries, making each lot to measure twenty chains in front, according to the intention and formation of the first settlement made in the said tenth concession as aforesaid, paying due respect to all allowances for road in the said concession: and that the broken lot lettered J. adjoining the township of Dumfries, shall measure in front thirty-two chains and sixty-three links, according to the plan thereof made and identified with this award.

And we do further award, that the parties interested and concerned in this investigation, shall bear and pay their proper proportion and share of the costs incurred in this investigation, the McKenzies excepted.

And it is the opinion of this Board of Commissioners, that the unfortunate situation of the several claimants under the grant from the Crown to the late John Clement for the broken lots lettered F. G. and I. in the sixth, seventh and ninth concessions of the said township of Beverly, is such, that as the quantity of land therein described is not to be found, that unless the Government afford them remuneration as in its wisdom may seem meet, there is no source within the knowledge of this Board of Commissioners from which they can be compensated for their loss.

And lastly, we do award, order, adjudge, determine and decree, that in every individual case to which this award extends, no person shall be dispossessed or ejected from any improvements or clearings which he, she or they may have made, without the person or persons who may or shall claim lands by virtue of this award, shall first pay or tender to the person or persons who may have made the same, the full value thereof according to the following proportion, that is to say:—for every acre of land from which the timber is all taken off and fenced, the sum of *five pounds per acre*, and for every acre cleared in the common way of making clearings with part of the timber left standing, the sum of *three pounds per acre;* and for every acre of chopping, where all the timber is cut down and cut up, the sum of *one pound fifteen shillings per acre;* and for every acre chopped in the common way of clearing, with part of the timber left standing, the sum of *one pound five shillings*, and also that the person or persons who may or shall claim the lands cleared and otherwise improved on the north part of lot number one, in the ninth concession of the said township of Beverley, by John D. McKenzie, shall, for the improvements thereon made, and previous to assuming the possession of the same, pay or tender to the said John D. McKenzie, his heirs and assigns, the sum of *three hundred and fifty pounds* of lawful money of the said Province.

Witness our hands at the township of Beverley aforesaid, this nineteenth day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

District of Gore, *West Flamboro', to wit.* } Boundary Commissioners.

James Baxter, John Sanderson, and others, *Claimants*, and Hugh Willson, *Respondent.*

To all to whom these Presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

Send Greeting:

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's Reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of this Province"—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having caused Hugh Willson, of the township of West Flamboro', in the said District, Yeoman, to respond to the claim of James Baxter, John Sanderson, and others, of the said township of West Flamboro', Yeomen, before us, according to the provisions of the said Act, in the claim set up by the said James Baxter, John Sanderson, and others, to certain boundary lines between certain lots in the third, fourth, fifth and sixth concessions of the said township of West Flamboro'; and having heard all the evidence which hath been exhibited before us, relative to the said third, fourth, fifth and sixth concessions, and the several lots therein situate, lying and being, and having also in person carefully examined the premises in question, and having also duly considered and weighed the evidence exhibited before us, relative to the said boundary lines, the following facts do clearly and satisfactorily appear, namely:—

First—That at an early day, and when the country north of the Flamboro' road, or road leading from Dundas to Galt, or the line between the first and second concessions of the said township of West Flamboro' was a wilderness, the Honourable James Crooks, Esquire, employed the late Adrian Marlett, Deputy Surveyor, to run the line between lots number six and seven, from the front of the fourth concession of the said township, (this line being an original allowance for road between lots number six and seven, throughout the said township), and that Mr. Marlett then took all the necessary precautions, and made all the necessary examinations to ascertain the true boundary between lots number six and seven, in front of the fourth concession of the said township, and no original boundaries then being found in any of the northern concessions, Mr. Marlett continued a direct line between the said lots number six and seven, to the rear of the said township; and that the different settlers along that allowance for road, known as the Brock road, have from the beginning, until recently, believed the line run by the said Adrian Marlett to be the true line between those lots through each concession to the rear of the said township. It is also in evidence before us, that the line of road across the third and fourth concessions is now situate in its proper place.

Secondly—It is also in evidence before us, that original monuments have recently been found in the fifth and sixth concession lines, clearly shewing that in the fifth concession, the Brock road is laid five chains and eighty-five links too far to the east, or the east side of the Brock road is five chains and eighty-five links east of the original and true allowance for road, between lots number six and seven, in the fifth concession, thus leaving a part of lot number seven, on the west side of the said Brock road; and that in the sixth concession the Brock road is laid six chains and sixty links too far to the east, or the east side of the Brock road is six chains and sixty links east of the true limit between lots number six and seven, in the said sixth concession, thus leaving a part of lot number seven, on the west of the Brock road.

Thirdly—It is also in evidence before us on the part of the claimants, and also on the part of the respondents, that on the ninth day of April, eighteen hundred and thirty-five, and before any of the aforesaid original monuments were found, and at the time when all the persons concerned verily believed the Brock road was laid out and opened in its proper place across the said fifth and sixth concession, the Honourable James Crooks conveyed to the Respondent Hugh Willson, ten acres of land near the centre of the sixth concession, the same being part and parcel of the north and south halves of lot number seven, in the said sixth concession, and bounded the said ten acres on the east side of the said Brock road, and that certain posts or monuments were then set up at the several corners thereof, and certain lines were run or surveyed around the said ten acres by the late James B. Stenett, Deputy Surveyor, and that the intention of the parties was to be confined to the said survey of the said ten acres, which said boundaries have been shown to this Board of Commissioners, and acknowledged and proven before us to be the same planted by the said James B. Stenett, in his survey thereof made; and also, neither the grantor, nor the grantee did not expect or intend that any portion of the said ten acres should ever lay on the west side of the said Brock road.

Now Know Ye, that we, the said John Willson, John Chisholm and Lewis Burwell, the Boundary Commissioners aforesaid, do therefore hereby award, order, adjudge, determine and decree—

First—That the said Brock road, as it is now laid out as aforesaid across the third concession of the said township, is on the proper allowance for road between lots number six and seven, and that the true and unalterable boundaries between the said lots number six and seven, shall remain and forever continue to be as they now are planted on the east and west sides of the said Brock road; and that lot number seven, in the said third concession, shall measure twenty chains in width, and lot number eight shall measure nineteen chains and eighty-three links, and lot number nine shall measure twenty chains in width, and the front boundaries thereof, as they are now planted, shall forever remain and continue to be the true and unalterable boundaries of the said lots, and that the side lines thereof shall be produced from the said front boundaries to the rear of the concession, the true bearing of the governing boundary line of the said township as the law directs.

Secondly—That the said Brock road, as it is now laid out across the said fourth concession of the said township, is on the proper and original allowance for road between the said lots number six and seven, and that the true and unalterable boundaries between the said lots number six and seven shall remain and for ever continue to be as they are now planted on the east and west sides of the said Brock road, and that from the said Brock road west to the township of Beverley, lots numbers 6, 5, 4, 3, 2, and 1, shall each measure along the line in front of the said fourth concession, 21 chains, 91 links; and also that from the said Brock road easterly across lots numbers 7, 8, 9, 10, 11, 12, 13, 14, 15, 16 and 17, to a certain pine tree acknowledged as an original boundary, each of the said lots shall measure in front 20 chains and 14 links, and that all the side lines of the said lots shall be produced from the front angles thereof in manner aforesaid.

Thirdly—That the several lots in the fifth concession of the said township, from the township of Beverley to the limit between lots number 11 and 12 where an original monument is found, each lot shall measure 20 chains and 57 links in width, in front of the said concession, and that the south-west angle or corner of lot number 7 shall be situate 5 chains, 85 links west of the east side of the said Brock road, and that the south-east angle or corner of lot number 6 shall be situate one chain to the west of the south-west angle of the said lot number 7, and also that all the side lines of the said lots shall be run from their respective front monuments, their true bearings, as the law directs as aforesaid.

Fourthly—That the boundaries planted by the said late James B. Stenett, Deputy Surveyor for the boundaries of the said ten acres, conveyed by the Honourable James Crooks to the Respondent Hugh Willson, the same being part and parcel of lot number 7, in the said sixth concession of the said township, and lying and being situate on the east side of the said Brock road, shall be the true and unalterable boundaries of the said ten acres of land, and that the same is lying and being situate on the east side of the said Brock road, with the north-west angle of the said ten acres standing on the east side of the said Brock road, and in the south edge of a certain small creek or brook, a short distance north of the centre of the said sixth concession, and from thence the courses and distances of the said ten acres shall be and remain as described in the deed of transfer from the said the Honourable James Crooks to the said Hugh Willson, the Respondent, any thing contained, written or expressed in the said deed to the contrary notwithstanding.

Fifthly—That for the improvements made on that part of the said lot number 7, in the said sixth concession, lying and being situate on the west side of the said Brock road, the same being the improvements made by the said John Sanderson, one of the Claimants, and found to be made on the lands of William Ewart, also one of the Claimants, he the said William Ewart, his heirs or assigns shall pay, or tender to the said John Sanderson, his heirs or assigns, and on or before the first day of August now next ensuing, the sum of four hundred pounds of lawful money of this Province, and that upon the receipt of the said sum of four hundred pounds by the said John Sanderson, his heirs and assigns, or upon the tendering of the said sum of money by the said William Ewart, his heirs or assigns, to the said John Sanderson, his heirs and assigns, he the said William Ewart, his heirs and assigns, shall be the rightful and lawful owner or owners of all and singular the said improvements which have been made by the said John Sanderson on the lands of the said William Ewart as aforesaid, and also that if it should so happen that he the said William Ewart, his heirs and assigns, shall fail in paying or tendering to the said John Sanderson, his heirs or assigns, the said sum of four hundred pounds at the time aforesaid, it shall and may be lawful for the said John Sanderson, his heirs and assigns to pay or tender to the said William Ewart, his heirs and assigns; and he the said John Sanderson his heirs and assigns, shall pay or tender to the said William Ewart, his heirs or assigns, on or before the tenth day of August now next ensuing as aforesaid, the sum of forty-seven pounds ten shillings of lawful money as aforesaid, as a consideration for the value of the said portion of the said lot number seven, lying and being situate on the west side of the said Brock road as aforesaid, and that from and after the paying or tendering of the said sum of forty-seven pounds ten shillings as aforesaid by the said John Sanderson, his heirs and assigns, to the said William Ewart, his heirs and assigns, as the consideration for the value of the said part of the said lot number 7, as aforesaid, that that portion of the said lot number seven, lying and being situate on the west side of the said Brock road as aforesaid, the same being about twenty-seven acres and a half, shall be and remain and continue to be the lawful and rightful estate of inheritance of him the said John Sanderson, his heirs and assigns: the want of any conveyance or acquittance or conveyances or acquittances in writing or otherwise between the said parties to the contrary notwithstanding.

In witness whereof, We have hereunto set our hands this sixteenth day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

District of Gore. *Hamilton, to wit.* } Boundary Commissioners

Boundary Line between the Townships of East and West Flamborough—On the application of the Magistrates of the District of Gore, at the Court of General Quarter Sessions of the Peace in and for the said District.

To all to whom these Presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

Send Greeting.

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province.—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having been required by the Magistrates of the said District in General Quarter Sessions assembled, on the tenth day of January last, by an order of the Court of Quarter Sessions, signed by William B. Van Every, Esquire, Chairman of the said Court, in accordance with the provisions of the said Act, to determine the line of road between the townships of East and West Flamborough, and having, in accordance with the provisions of the said Act, caused all such persons to give evidence before us whom we have understood and believed could give information on the subject of the said Boundary Line and the said line of, and the allowance for road between the said townships.—And having also had before us such information, in writing, as the Office of the Surveyor-General of this Province has been able to furnish for the information of the Board of Commissioners, together with a number of grants from the Crown made for lands in both of the said townships:—And having heard, carefully weighed, and listened to, and considered, all the evidence which has been exhibited before us, relative to the said Boundary Line, and the said allowance for road between the said townships; and having examined the premises in person, by one of the members of this Board of Boundary Commissioners, accompanied by James Kirkpatrick, Esquire, Deputy Provincial Surveyor—the following facts, in our opinion, do satisfactorily appear, namely:—

That in the original survey of the said townships, made by order of the Government of this Province, the said township of East Flamborough was surveyed prior to the survey of the said township of West Flamborough, and the marked line so surveyed, for the western limit of the said township of East Flamborough, was surveyed on the eastern side of the allowance for road of one chain in width between the said townships; and that the said allowance for road was laid on the western side of the said line so surveyed and marked for the western limit of the said township of East Flamborough.

Now Know Ye, That we the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree—

First—That the allowance for road of one chain in width between the said townships of East and West Flamborough, is and shall be, and shall for ever remain and continue to be on the west side of the original marked line between the said townships of East and West Flamborough.

Secondly—That on each side of the said allowance for road, and as near the front of the said townships, at the head of Burlington Bay, as the nature of the ground will admit, good and sufficient stone monuments shall be forthwith planted and marked, in the following manner, that is to say,—one stone monument shall be planted in the said original marked line, with the letters E.F. cut or engraved on the easterly side thereof, to designate and show that on that side of the said original marked line, the said township of East Flamborough is situate, and that on the westerly side of the same stone monument, the letter R. shall be cut or engraved, to designate and show that on that side of the said original marked line the said allowance for road is situate; and also, that as nearly opposite to the aforesaid stone monument as the nature of the ground will admit; and on the opposite side of the said allowance for road of one chain in width, another stone monument shall be planted, and marked in the following manner, namely, with the letter R. cut or engraved on the easterly side thereof, and with the letters W. F. cut or engraved on the westerly side thereof, to designate and show that on the easterly side of the said stone monument the said allowance for road is situate, and that the said township of West Flamborough is situate on the westerly side thereof; and also, that at the point where Dundas-street intersects the said line and allowance for road, two other good and sufficient stone monuments shall be

forthwith planted and marked in the same manner, and for the purposes aforesaid.

And we do award, latterly, that all the expenses incurred and made in the investigation, and for the final end and fulfilment of, and for the purpose of carrying this award fully into effect, according to the provisions and requirements of the said Act, shall be borne, paid and discharged by the District of Gore.

Witness our hands at Hamilton aforesaid, in the District aforesaid, this thirteenth day of April, in the year of our Lord one thousand eight hundred and thirty-nine, and of Her Majesty's reign the second.

(Signed) JOHN WILLSON, JOHN CHISHOLM, LEWIS BURWELL, Commissioners.

We certify the above to be a true copy of our award in the above case, and that the same was duly signed by us, and published to the Court of Quarter Sessions, in Session, on the day of the date thereof.

Between John Hazel, Claimant, and Othniel Smith, and Isaac Smith, Respondents.

To all to whom these Presents shall come,

We John Wilson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

Send Greeting.

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province." We, the said John Wilson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having in compliance with, and by the authority of the said Act, caused Othniel Smith, and Isaac Smith, of the Township of Ancaster, in the said District, Yeomen, to Respond to the claim of John Hazel, of the same place, Yeoman, before us, in the claim set up by the said John Hazel to the Boundary line between lots number sixteen and seventeen in the third Concession of the said Township of Ancaster.—And having heard all the evidence which hath been exhibited before us relative to the said Boundary line.—And having also carefully viewed and examined the premises in question, and having also caused a Survey thereof to be made according to the provisions of the said Act:—The following facts do clearly appear—Namely—That the said Othniel Smith and the said Isaac Smith the Respondents, own the South part or half of the said lot No. 17, in the said third Concession, on which they have valuable improvements; and that the said John Hazel the Claimant owns the South part or half of the said lot No. 16, in the said third Concession, on which he has large improvements—And that about thirty-four Years ago an erroneous Survey was made of the side line between the said lots Nos. 16 and 17,—And that the said side-line between the said lots was run or Surveyed from the front boundary or corner between the said lots through the North half of the said lots a course of *two degrees and eighteen minutes West* of the true bearing of the side-line between the said lots; and, that from the centre of the said third Concession, or the centre of the said lots, the said side-line was run through the South half of the said lots, to the rear of the said third Concession *nearly one degree and a half* or *one degree and twenty seven minutes West* of the true bearing of the said side-line between the said lots—And that in consequence of that erroneous Survey, the said Othniel Smith, and the said Isaac Smith, have been led to make improvements on lands not their own—And that on the North part of the South half of the said lot No. 16, the said Isaac Smith has about one and eight tenths acres of clearing, but no buildings.—And that the said Othniel Smith hath on the South part of the South half of the said lot No. 16, about eight and three-fourths acres of clearance, and a frame Waggon-house and Shed about 30 by 40 feet on the ground, and nearly two-thirds of a frame Barn, about 50 by 50 feet on the ground; together with an Orchard of 42 large bearing Apple trees and four Plum trees, and also another large bearing Apple tree standing in the true line between the said lots; all of which improvements are found to be on the lands of the Claimant the said John Hazel.

Now know ye, that We the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree:—

First—That the said John Hazel, his heirs or assigns, shall, as a consideration for the said improvements of the said Othniel Smith, found as aforesaid to be situate on the said lot No. 16, pay or tender to the said Othniel Smith, his heirs and assigns, on or before the twenty-ninth day of September now next ensuing, the sum of three hundred and twelve pounds, ten shillings of lawful money of the said Province And also that he the said John Hazel, his heirs or assigns, shall as a consideration for the said improvements of the said Isaac Smith, found as aforesaid to be situate on the said lot No. 16, pay or tender to the said Isaac Smith, his heirs and assigns, the sum of nine pounds of lawful money as aforesaid. And that upon the paying or tendering of the said sums of money to the said Othniel Smith and the said Isaac Smith, their heirs and assigns, by the said John Hazel his heirs or assigns, it shall and may be lawful for him the said John Hazel his heirs and assigns, to immediately enter into the possession of the same according to the limit between the said lots as surveyed by this Board of Commissioners as aforesaid. Provided nevertheless, that if he the said Othniel Smith his heirs or assigns, shall see cause to remove the said Barn and Shed as aforesaid, from said off the said lot No. 16, it shall and may be lawful for him or them to do so; and that in that case, or if the said barn and shed shall be removed off and from the said lot No 16, he the said John Hazel his heirs or assigns, shall only pay or tender to the said Othniel Smith his heirs and Assigns, the sum of two hundred and twelve pounds ten shillings of lawful money as aforesaid.

Secondly.—We do hereby further award, order, adjudge, determine and decree, that if he the said John Hazel his heirs or assigns, shall fail to pay or tender to the said Othniel Smith, his heirs and assigns, the said sum of three hundred and twelve pounds ten shillings as aforesaid, or if the said Barn and Shed or Waggon-house shall be removed, then the sum of two hundred and twelve pounds ten shillings as aforesaid; and shall also fail to pay to the said Isaac Smith his heirs and assigns the said sum of nine pounds of lawful money as aforesaid, at the time aforesaid, *to wit*, the said twenty-ninth day of September now next ensuing—that then it shall and may be lawful for the said Othniel Smith his heirs and assigns, to pay or tender to the said John Hazel his heirs and assigns, as a consideration for the quantity of land embraced between the true limit of the said lots as ascertained by this Board of Commissioners, and the said original line run as aforesaid, at the time aforesaid, the same being a part and parcel of the said lot No. 16, as aforesaid, and he the said Othniel Smith his heirs and assigns are hereby required to pay or tender to the said John Hazel his heirs and assigns, as a consideration for the said parcel of land, the sum of thirty-one pounds five shillings of lawful money as aforesaid, and the same to pay or tender to the said John Hazel his heirs and assigns, within the term of ten days from and after the said twenty-ninth day of September next; and that upon the paying or tendering of the said sum of money by the said Othniel Smith his heirs and assigns, to the said John Hazel his heirs and assigns, it shall and may be lawful for the said Othniel Smith his heirs and assigns, to continue, and be, and for ever remain, the true and rightful and lawful owner or owners of the said parcel of land, the same being about twelve acres of land as aforesaid, the want of any conveyances and acquittances in writing between the said parties to the contrary notwithstanding.—And it shall also be lawful for the said Isaac Smith his heirs and assigns, within the said term of ten days from and after the said twenty-ninth day of September now next ensuing to pay or tender to the said John Hazel his heirs and assigns, and he the said Isaac Smith his heirs and assigns are hereby required within the time aforesaid to pay or tender to the said John Hazel his heirs or assigns, as a consideration for the said one and eight tenths acres of land, the same being part and parcel of the said lot No 16, as aforesaid, the sum of four pounds ten shillings of lawful money as aforesaid; and that upon the paying or tendering of the said sum of four pounds ten shillings by the said Isaac Smith his heirs and assigns, to the said John Hazel his heirs and assigns, it shall and may be lawful for the said Isaac Smith his heirs and assigns, to remain in the quiet and peaceable possession of the said one and eight tenths acres of land, and he or they shall remain, and for ever continue to be the true and rightful and lawful owner or owners of the same; any want of any conveyances or acquittances in writing between the parties to the contrary notwithstanding

And lastly—We do award that the parties concerned in this case shall each pay their equal proportion of the costs incurred therein.

Witness our hands at Brantford aforesaid, in the District aforesaid, this twenty-ninth day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

DISTRICT OF GORE. } BOUNDARY COMMISSIONERS.
Hamilton, to wit. }

Boundary Line between the Townships of East and West Flamborough—On the application of the Magistrates of the District of Gore, at the Court of General Quarter Sessions of the Peace in and for the said District.

To all to whom these Presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING.

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province.—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having been required by the Magistrates of the said District in General Quarter Sessions assembled, on the tenth day of January last, by an order of the Court of Quarter Sessions, signed by William B. Van Every, Esquire, Chairman of the said Court, in accordance with the provisions of the said Act, to determine the line of road between the townships of East and West Flamborough, and having, in accordance with the provisions of the said Act, caused all such persons to give evidence before us whom we have understood and believed could give information on the subject of the said Boundary Line and the said line of, and the allowance for road between the said townships.—And having also had before us such information, in writing, as the Office of the Surveyor-General of this Province has been able to furnish for the information of the Board of Commissioners, together with a number of grants from the Crown made for lands in both of the said townships:—And having heard, carefully weighed, and listened to, and considered, all the evidence which has been exhibited before us, relative to the said Boundary Line, and the said allowance for road between the said townships; and having examined the premises in person, by one of the members of this Board of Boundary Commissioners, accompanied by James Kirkpatrick, Esquire, Deputy Provincial Surveyor—the following facts, in our opinion, do satisfactorily appear, namely:—

That in the original survey of the said townships, made by order of the Government of this Province, the said township of East Flamborough was surveyed prior to the survey of the said township of West Flamborough, and the marked line so surveyed, for the western limit of the said township of East Flamborough, was surveyed on the eastern side of the allowance for road of one chain in width between the said townships; and that the said allowance for road was laid on the western side of the said line so surveyed and marked for the western limit of the said township of East Flamborough.

Now Know Ye, That we the said JOHN WILLSON, JOHN CHISHOLM, and LEWIS BURWELL, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree—

First—That the allowance for road of one chain in width between the said townships of East and West Flamborough, is and shall be, and shall for ever remain and continue to be on the west side of the original marked line between the said townships of East and West Flamborough.

Between John Hazel, Claimant, and Othniel Smith, and ISAAC Smith, Respondents.

To all to whom these Presents shall come,

We John Wilson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING.

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province." We, the said John Wilson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having in compliance with, and by the authority of the said Act, caused Othniel Smith, and Isaac Smith, of the Township of Ancaster, in the said District, Yeomen, to Respond to the claim of John Hazel, of the same place, Yeoman, before us, in the claim set up by the said John Hazel to the Boundary line between lots number sixteen and seventeen in the third Concession of the said Township of Ancaster—And having heard all the evidence which hath been exhibited before us relative to the said Boundary line.—And having also carefully viewed and examined the premises in question, and having also caused a Survey thereof to be made according to the provisions of the said Act:—The following facts do clearly appear—Namely—That the said Othniel Smith and the said Isaac Smith the Respondents, own the South part or half of the said lot No. 17, in the said third Concession, on which they have valuable improvements; and that the said John Hazel the Claimant owns the South part or half of the said lot No. 16, in the said third Concession, on which he has large improvements—And that about thirty-four Years ago an erroneous Survey was made of the side line between the said lots Nos. 16 and 17.—And that the said side-line between the said lots was run or Surveyed from the front boundary or corner between the said lots through the North half of the said lots a course of *two degrees and eighteen minutes West* of the true bearing of the side-line between the said lots; and, that from the centre of the said third Concession, or the centre of the said lots, the said side-line was run through the South half of the said lots, to the rear of the said third Concession, *nearly one degree and a half* or *one degree and twenty seven minutes West* of the true bearing of the said side-line between the said lots—And that in consequence of that erroneous Survey, the said Othniel Smith, and the said Isaac Smith, have been led to make improvements on lands not their own—And that on the North part of the South half of the said lot No. 16, the said Isaac Smith has about one and eight tenths acres of clearing, but no buildings.—And that the said Othniel Smith hath on the South part of the South half of the said lot No. 16, about eight and three-fourths acres of clearance, and a frame Waggon-house and Shed about 30 by 40 feet on the ground, and nearly two-thirds of a frame Barn, about 30 by 50 feet on the ground; together with an Orchard of 42 large bearing Apple trees and four Plum trees, and also another large bearing Apple tree standing in the true line between the said lots; all of which improvements are found to be on the lands of the Claimant the said John Hazel.

Now Know Ye, that We the said JOHN WILLSON, JOHN CHISHOLM, and LEWIS BURWELL, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree:—

First—That the said John Hazel, his heirs or assigns, shall, as a consideration for the said improvements of the said Othniel Smith, found as aforesaid to be situate on the said lot No. 16, pay or tender to the said Othniel Smith, his heirs and assigns, on or before the twenty-ninth day of September now next ensuing, the sum of three hundred and twelve pounds, ten shillings of lawful money of the said Province. And also that he the said John Hazel, his heirs or assigns, shall as a consideration for the said improvements of the said Isaac Smith, found as aforesaid to be situate on the said lot No. 16, pay or tender to the said Isaac Smith, his heirs and assigns, the sum of nine pounds of lawful money as aforesaid. And that upon the paying or tendering of the said sums of money to the said Othniel Smith and the said Isaac Smith, their heirs and assigns, by the said John Hazel his heirs or assigns, it shall and may be lawful for him the said John Hazel his heirs and assigns, to immediately enter into the possession of the same according to the limit between the said lots as surveyed by this Board of Commissioners as aforesaid. PROVIDED NEVERTHELESS, that if he the said Othniel Smith his heirs or assigns, shall see cause to remove the said Barn and Shed as aforesaid, from and off the said lot No. 16, it shall and may be lawful for him or them to do so; and that in that case, or if the said barn and shed shall be removed off and from the said lot No. 16, he the said John Hazel his heirs or assigns, shall only pay or tender to the said Othniel Smith his heirs and Assigns, the sum of two hundred and twelve pounds ten shillings of lawful money as aforesaid.

Secondly.—We do hereby further award, order, adjudge, determine and decree, that if he the said John Hazel his heirs or assigns, shall fail to pay or tender to the said Othniel Smith, his heirs and assigns, the said sum of three hundred and twelve pounds ten shillings as aforesaid, or if the said Barn and Shed or Waggon-house shall be removed, then the sum of two hundred and twelve pounds ten shillings as aforesaid; and shall also fail to pay to the said Isaac Smith his heirs and assigns the said sum of nine pounds of lawful money as aforesaid, *at the time aforesaid, to wit*, the said twenty-ninth day of September now next ensuing—that then it shall and may be lawful for the said Othniel Smith his heirs and assigns, to pay or tender to the said John Hazel his heirs and assigns, as a consideration for the quantity of land embraced between the true limit of the said lots as ascertained by this Board of Commissioners, and the said original

line run as aforesaid, at the time aforesaid, the same being a part and parcel of the said lot No. 16, as aforesaid, and he the said Othniel Smith his heirs and assigns are hereby required to pay or tender to the said John Hazel his heirs and assigns, as a consideration for the said parcel of land, the sum of thirty-one pounds five shillings of lawful money as aforesaid, and the same to pay or tender to the said John Hazel his heirs and assigns, within the term of ten days from and after the said twenty-ninth day of September next; and that upon the paying or tendering of the said sum of money by the said Othniel Smith his heirs and assigns, to the said John Hazel his heirs and assigns, it shall and may be lawful for the said Othniel Smith his heirs and assigns, to continue, and be, and for ever remain, the true and rightful and lawful owner or owners of the said parcel of land, the same being about twelve acres of land as aforesaid, the want of any conveyances and acquittances in writing between the said parties to the contrary notwithstanding.—And it shall also be lawful for the said Isaac Smith his heirs and assigns, within the said term of ten days from and after the said twenty-ninth day of September now next ensuing to pay or tender to the said John Hazel his heirs and assigns, and he the said Isaac Smith his heirs and assigns are hereby required within the time aforesaid to pay or tender to the said John Hazel his heirs or assigns, as a consideration for the said one and eight tenths acres of land, the same being part and parcel of the said lot No 16, as aforesaid, the sum of four pounds ten shillings of lawful money as aforesaid; and that upon the paying or tendering of the said sum of four pounds ten shillings by the said Isaac Smith his heirs and assigns, to the said John Hazel his heirs and assigns, it shall and may be lawful for the said Isaac Smith his heirs and assigns, to remain in the quiet and peaceable possession of the said one and eight tenths acres of land, and he or they shall remain, and for ever continue to be the true and rightful and lawful owner or owners of the same; any want of any conveyances or acquitances in writing between the parties to the contrary notwithstanding.

And lastly—We do award that the parties concerned in this case shall each pay their equal proportion of the costs incurred therein.

Witness our hands at Brantford aforesaid, in the District aforesaid, this twenty-ninth day of March, in the year of our Lord one thousand eight hundred and thirty-nine.

Boundary Line between the Townships o East and West Flamborough—On the application of the Magistrates of the District of Gore, at the Court of General Quarter Sessions of the Peace in and for the said District.

To all to whom these Presents shall come.

We, John Willson, John Chisholm, and Lewis Burwell, Esquires, the Boundary Commissioners of the District of Gore—

SEND GREETING.

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's reign entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province.—We, the said John Willson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having been required by the Magistrates of the said District in General Quarter Sessions assembled, on the tenth day of January last, by an order of the Court of Quarter Sessions, signed by William B. Van Every, Esquire, Chairman of the said Court, in accordance with the provisions of the said Act, to determine the line of road between the townships of East and West Flamborough, and having, in accordance with the provisions of the said Act, caused all such persons to give evidence before us whom we have understood and believed could give information on the subject of the said Boundary Line and the said fine of, and the allowance for road between the said townships.—And having also had before us such information, in writing, as the Office of the Surveyor-General of this Province has been able to furnish for the information of the Board of Commissioners, together with a number of grants from the Crown made for lands in both of the said townships:—And having heard, carefully weighed, and listened to, and considered, all the evidence which has been exhibited before us, relative to the said Boundary Line, and the said allowance for road between the said townships; and having examined the premises in person, by one of the members of this Board of Boundary Commissioners, accompanied by James Kirkpatrick, Esquire, Deputy Provincial Surveyor—the following facts, in our opinion, do satisfactorily appear, namely:—

That in the original survey of the said townships, made by order of the Government of this Province, the said township of East Flamborough was surveyed prior to the survey of the said township of West Flamborough, and the marked line so surveyed, for the western limit of the said township of East Flamborough, was surveyed on the eastern side of the allowance for road of one chain in width between the said townships; and that the said allowance for road was laid on the western side of the said line so surveyed and marked for the western limit of the said township of East Flamborough.

NOW KNOW YE, That we the said JOHN WILLSON, JOHN CHISHOLM, and LEWIS BURWELL, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree—

First—That the allowance for road of one chain in width between the said townships of East and West Flamborough, is and shall be, and shall for ever remain and continue to be on the west side of the original marked line between the said townships of East and West Flamborough.

Secondly—That on each side of the said allowance for road, and as near the front of the said townships, at the head of Burlington Bay, as the nature of the ground will admit, good and sufficient stone monuments shall be forthwith planted and marked, in the following manner, that is to say,—one stone monument shall be planted in the said original marked line, with the letters E. F. cut or engraved on the easterly side thereof, to designate and show that on that side of the said original marked line, the said township of East Flamborough is situate, and that on the westerly side of the same stone monument, the letter R. shall be cut or engraved, to designate and show that on that side of the said original marked line the said allowance for road is situate; and also, that as nearly opposite to the aforesaid stone monument as the nature of the ground will admit; and on the opposite side of the said allowance for road of one chain in width, another stone monument shall be planted, and marked in the following manner, namely, with the letter R. cut or engraved on the easterly side thereof, and with the letters W. F. cut or engraved on the westerly side thereof, to designate and show that on the easterly side of the said stone monument the said allowance for road is situate, and that the said township of West Flamborough is situate on the westerly side thereof; and also, that at the point where Dundas street intersects the said line and allowance for road, two other good and sufficient stone monuments shall be forthwith planted and marked in the same manner, and for the purposes aforesaid.

And we do award, latterly, that all the expenses incurred and made in the investigation, and for the final end and fulfilment of, and for the purpose of carrying this award fully into effect, according to the provisions and requirements of the said Act, shall be borne, paid and discharged by the District of Gore.

WHEREAS by the authority of an Act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province." We, the said John Wilson, John Chisholm, and Lewis Burwell, the Boundary Commissioners of the said District, having in compliance with, and by the authority of the said Act, caused Othniel Smith, and Isaac Smith, of the Township of Ancaster, in the said District, Yeomen, to Respond to the claim of John Hazel, of the same place, Yeoman, before us, in the claim set up by the said John Hazel to the Boundary line between lots number sixteen and seventeen in the third Concession of the said Township of Ancaster—And having heard all the evidence which hath been exhibited before us relative to the said Boundary line.—And having also carefully viewed and examined the premises in question, and having also caused a Survey thereof to be made according to the provisions of the said Act:—The following facts do clearly appear—Namely—That the said Othniel Smith and the said Isaac Smith the Respondents, own the South part or half of the said lot No. 17, in the said third Concession, on which they have valuable improvements; and that the said John Hazel the Claimant owns the South part or half of the said lot No. 16, in the said third Concession, on which he has large improvements—And that about thirty four Years ago an erroneous Survey was made of the side line between the said lots Nos. 16 and 17.—And that the said side-line between the said lots was run or Surveyed from the front boundary or corner between the said lots through the North half of the said lots a course of *two degrees and eighteen minutes West* of the true bearing of the side-line between the said lots; and, that from the centre of the said third Concession, or the centre of the said lots, the said side-line was run through the South half of the said lots, to the rear of the said third Concession, *nearly one degree and a half* or *one degree and twenty seven minutes West* of the true bearing of the said side-line between the said lots—And that in consequence of that erroneous Survey, the said Othniel Smith, and the said Isaac Smith, have been led to make improvements on lands not their own—And that on the North part of the South half of the said lot No. 16, the said Isaac Smith has about one and eight tenths acres of clearing, but no buildings—And that the said Othniel Smith hath on the South part of the South half of the said lot No. 16, about eight and three-fourths acres of clearance, and a frame Waggon-house and Shed about 30 by 40 feet on the ground, and nearly two-thirds of a frame Barn, about 30 by 50 feet on the ground; together with an Orchard of 42 large bearing Apple trees and four Plum trees, and also another large bearing Apple tree standing in the true line between the said lots; all of which improvements are found to be on the lands of the Claimant the said John Hazel.

NOW KNOW YE, that We the said JOHN WILLSON, JOHN CHISHOLM, and LEWIS BURWELL, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree:—

First—That the said John Hazel, his heirs or assigns, shall, as a consideration for the said improvements of the said Othniel Smith, found as aforesaid to be situate on the said lot No. 16, pay or tender to the said Othniel Smith, his heirs and assigns, on or before the twenty-ninth day of September now next ensuing, the sum of three hundred and twelve pounds, ten shillings of lawful money of the said Province And also that he the said John Hazel, his heirs or assigns, shall as a consideration for the said improvements of the said Isaac Smith, found as aforesaid to be situate on the said lot No. 16, pay or tender to the said Isaac Smith, his heirs and assigns, the sum of nine pounds of lawful money as aforesaid, And that upon the paying or tendering of the said sums of money to the said Othniel Smith and the said Isaac Smith, their heirs and assigns, by the said John Hazel his heirs or assigns, it shall and may be lawful for him the said John Hazel his heirs and assigns, to immediately enter into the possession of the same according to the limit between the said lots as surveyed by this Board of Commissioners as aforesaid. PROVIDED NEVERTHELESS, that if he the said Othniel Smith his heirs or assigns, shall see cause to remove the said Barn and Shed as aforesaid, from and off the said lot No. 16, it shall and may be lawful for him or them to do so; and that in that case, or if the said barn and shed shall be removed off and from the said lot No. 16, he the said John Hazel his heirs or assigns, shall only pay or tender to the said Othniel Smith his heirs and Assigns, the sum of two hundred and twelve pounds ten shillings of lawful money as aforesaid.

Secondly.—We do hereby further award, order, adjudge, determine and decree, that if he the said John Hazel his heirs or assigns, shall fail to pay or tender to the said Othniel Smith, his heirs and assigns, the said sum of three hundred and twelve pounds ten shillings as aforesaid, or if the said Barn and Shed or Waggon-house shall be removed, then the sum of two hundred and twelve pounds ten shillings as aforesaid; and shall also fail to pay to the said Isaac Smith his heirs and assigns the said sum of nine pounds of lawful money as aforesaid, at the time aforesaid, *to wit*, the said twenty-ninth day of September now next ensuing—that then it shall and may be lawful for the said Othniel Smith his heirs and assigns, to pay or tender to the said John Hazel his heirs and assigns, as a consideration for the quantity of land embraced between the true limit of the said lots as ascertained by this Board of Commissioners, and the said original

line run as aforesaid, at the time aforesaid, the same being a part and parcel of the said lot No. 16, as aforesaid, and he the said Othniel Smith his heirs and assigns are hereby required to pay or tender to the said John Hazel his heirs and assigns, as a consideration for the said parcel of land, the sum of thirty-one pounds five shillings of lawful money as aforesaid, and the same to pay or tender to the said John Hazel his heirs and assigns, within the term of ten days from and after the said twenty-ninth day of September next; and that upon the paying or tendering of the said sum of money by the said Othniel Smith his heirs and assigns, to the said John Hazel his heirs and assigns, it shall and may be lawful for the said Othniel Smith his heirs and assigns, to continue, and be, and for ever remain, the true and rightful and lawful owner or owners of the said parcel of land, the same being about twelve acres of land as aforesaid, the want of any conveyances and acquittances in writing between the said parties to the contrary notwithstanding.—And it shall also be lawful for the said Isaac Smith his heirs and assigns, within the said term of ten days from and after the said twenty-ninth day of September now next ensuing to pay or tender to the said John Hazel his heirs and assigns, and he the said Isaac Smith his heirs and assigns are hereby required within the time aforesaid to pay or tender to the said John Hazel his heirs or assigns, as a consideration for the said one and eight tenths acres of land, the same being part and parcel of the said lot No. 16, as aforesaid, the sum of four pounds ten shillings of lawful money as aforesaid; and that upon the paying or tendering of the said sum of four pounds ten shillings by the said Isaac Smith his heirs and assigns, to the said John Hazel his heirs and assigns, it shall and may be lawful for the said Isaac Smith his heirs and assigns, to remain in the quiet and peaceable possession of the said one and eight tenths acres of land, and he or they shall remain, and for ever continue to be the true and rightful and lawful owner or owners of the same; any want of any conveyances or acquittances in writing between the parties to the contrary notwithstanding.

And lastly—We do award that the parties concerned in this case shall each pay their equal proportion of the costs incurred therein. TORONTO, TUESDAY, DECEMBER 3, 1839.

THIS day, at two o'clock, HIS EXCELLENCY THE GOVERNOR-GENERAL, proceeded in State to the Chamber of the Honourable the LEGISLATIVE COUNCIL, where being arrived, and seated on the Throne, the Gentleman Usher of the Black Rod was sent with a Message from HIS EXCELLENCY to the HOUSE OF ASSEMBLY, commanding their attendance: the MEMBERS present being come up accordingly, HIS EXCELLENCY was pleased to address the two Houses with the following — :

SPEECH:

Honourable Gentlemen of the Legislative Council: and, Gentlemen of the House of Assembly;

IN discharge of the duties of GOVERNOR-GENERAL of British North America, confided to me by our Gracious SOVEREIGN, I have deemed it advisable to take the earliest opportunity of visiting this Province, and of assembling Parliament.

I am commanded by the QUEEN to assure you of Her Majesty's fixed determination to maintain the connection now subsisting between Her North American Possessions and the United Kingdom, and to exercise the high authority with which She has been invested, by the favour of Divine Providence, for the promotion of their happiness, and the security of Her Dominions.

It is with great satisfaction I can inform you, that I have no grounds for apprehending a recurrence of those aggressions upon our frontier which we had lately to deplore, and which affixed an indelible disgrace on their authors.

If, however, unforeseen circumstances should again call for exertion, I know from the past, that in the zeal and loyalty of the People of Upper Canada, and in the protection of the Parent State, we possess ample means of defence, and to those I should confidently appeal.

I earnestly hope, that this state of tranquillity will prove favourable to the consideration of the important matters, to which your attention must be called during the present Session.

It will be my duty to bring under your consideration, at the earliest possible moment, the subject of the Legislative Re-union of this Province with Lower Canada—recommended by Her Majesty to the Imperial Parliament. I shall do so in the full confidence that you will see, in the measure which I shall have to submit, a fresh proof of the deep interest felt by the Queen, in the welfare of Her Subjects in Upper Canada; and that it will receive from you that calm and deliberate consideration, which its importance demands.

The condition of the Public Departments in the Province, will require your best attention. In compliance with the Address of the House of Assembly of last Session, the Lieutenant Governor appointed a Commission, to investigate and report upon the manner in which the duties of those Departments are performed. The Commissioners have already conducted their inquiries to an advanced stage; and the result of them will be communicated to you, as soon as they shall be completed.

I am happy to inform you, that Her Majesty's Government have concluded an arrangement for opening a communication by Steam, between Great Britain and the British Possessions in North America. In the completion of this arrangement, Her Majesty's Government have allowed no consideration to interfere with the paramount object,

of conducing to the public advantage and convenience. I feel confident, that the liberality with which the Parent State has assumed the whole expense of the undertaking, will be duly appreciated by you.

The answers of Her Majesty to the various Addresses, adopted by you during your last Session, and Her Majesty's decisions on the Bills passed by you, but reserved for the signification of Her Royal pleasure, will be made known to you without loss of time.

Gentlemen of the House of Assembly:

The Financial condition of the Province will claim your early and most attentive consideration. To preserve public credit, is at all times a sacred obligation; but in a Country so essentially dependent upon it for the means of future improvement, it is a matter no less of policy than of duty. It is indispensable, then, that measures should be at once adopted, for enabling the Provincial Revenue to fulfil its obligations, and to defray the necessary expenses of the Government. It will be my anxious desire to co-operate with you in effecting this object; and I feel confident that, by the adoption of measures calculated to promote the full development of the resources of this fine Country, the difficulty may be overcome. The Officer by whom, under your authority, these obligations have been contracted, will be able to afford you every information; and I shall direct a statement of your Financial condition to be immediately submitted to you.

The Estimates for the ensuing year will be prepared with every regard to economy, compatible with the due execution of the service of the Province.

It is with great satisfaction I find, that notwithstanding Commercial difficulties which prevail in the neighbouring States, the Banks of this Province have resumed Specie Payments; and I congratulate you upon the guarantee thus afforded of the greater security and stability of our pecuniary transactions—a circumstance which cannot fail to be attended with the most beneficial results.

I am commanded again to submit to you the surrender of the Casual and Territorial Revenues of the Crown, in exchange for a Civil List; and I shall take an early opportunity of explaining the grounds on which Her Majesty's Government felt precluded from assenting to the settlement which you lately proposed. They are of a nature which lead me to anticipate your ready assent to their removal, and to the final settlement of the question.

Honourable Gentlemen; and Gentlemen:

In assuming the Administration of the Government of these Provinces, at the present time, I have not disguised from myself the arduous task which I have undertaken. The affairs of the Canadas have, for some years back, occupied much of the attention of the Imperial Parliament, and of the Government; and their settlement upon a firm and comprehensive basis, admits of no further delay.

To effect that settlement, upon terms satisfactory to the people of these Provinces, and affording security for their continued connection with the British Empire, will be my endeavour; and I confidently appeal to your wisdom, and to the loyalty and good sense of the People of this Province, to co-operate with me for the preparation and adoption of such measures as may, under Divine Providence, restore to this Country peace, concord and prosperity.

R. STANTON, PRINTER TO THE QUEEN'S MOST EXCELLENT MAJESTY.

Upper Canada Gazette.

VOL. XIV. TORONTO, THURSDAY, DECEMBER 5, 1839. NO. 30

By Authority.

(From the Upper Canada Gazette Extra, of December 3.)

This day, at two o'clock, His Excellency the Governor-General, proceeded in State to the Chamber of the Honourable the Legislative Council, where being arrived, and seated on the Throne, the Gentleman Usher of the Black Rod was sent with a Message from His Excellency to the House of Assembly, commanding their attendance: the Members present being come up accordingly, His Excellency was pleased to address the two Houses with the following—

SPEECH:

Honourable Gentlemen of the Legislative Council; and,

Gentlemen of the House of Assembly:

In discharge of the duties of Governor-General of British North America, confided to me by our Gracious Sovereign, I have deemed it advisable to take the earliest opportunity of visiting this Province, and of assembling Parliament.

I am commanded by the Queen to assure you of Her Majesty's fixed determination to maintain the connection now subsisting between Her North American Possessions and the United Kingdom, and to exercise the high authority with which She has been invested, by the favour of Divine Providence, for the promotion of their happiness, and the security of Her Dominions.

It is with great satisfaction I can inform you, that I have no grounds for apprehending a recurrence of those aggressions upon our frontier which we had lately to deplore, and which affixed an indelible disgrace on their authors.

If, however, unforeseen circumstances should again call for exertion, I know from the past, that in the zeal and loyalty of the people of Upper Canada, and in the protection of the Parent State, we possess ample means of defence, and to those I should confidently appeal.

I earnestly hope, that this state of tranquillity will prove favourable to the consideration of the important matters, to which your attention must be called during the present Session.

It will be my duty to bring under your consideration, at the earliest possible moment, the subject of the Legislative Reunion of this Province with Lower Canada, recommended by Her Majesty to the Imperial Parliament. I shall do so in the full confidece that you will see, in the measure which I shall have to submit, a fresh proof of the deep interest felt by the Queen, in the welfare of Her Subjects in Upper Canada; and that it will receive from you that calm and deliberate consideration, which its importance demands.

The condition of the Public Departments in the Province, will require your best attention. In compliance with the Address of the House of Assembly of last Session, the Lieutenant Governor appointed a Commission, to investigate and report upon the manner in which the duties of those Departments are performed. The Commissioners have already conducted their inquiries to an advanced stage; and the result of them will be communicated to you, as soon as they shall be completed.

I am happy to inform you, that Her Majesty's Government have concluded an arrangement for opening a communication by Steam, between Great Britain and the British Possessions in North America. In the completion of this arrangement, Her Majesty's Government have allowed no consideration to interfere with the paramount object, of conducing to the public advantage and convenience. I feel confident, that the liberality with which the Parent State has assumed the whole expense of the undertaking, will be duly appreciated by you.

The answers of Her Majesty to the various Addresses, adopted by you during your last Session, and Her Majesty's decisions on the Bills passed by you, but reserved for the signification of Her Royal pleasure, will be made known to you without loss of time.

The Commissioners decided in the above case on the 15th May, 1839, that "From a Survey made on the 8th and 9th of May last by John Huston, Deputy Surveyor, according to the Statute passed in the year one thousand eight hundred and eighteen—the stone monument and post planted by the said Surveyor on the Western limit of the allowance for road between lots numbers twenty and twenty-one, in the sixth Concession of the Township of Hamilton, and forming the South East angle of the said Lot number twenty-one, shall hereafter constitute the true limit or boundary between the said Lots Nos. 20 and 21, having respect to the allowance for road between the said Lots, and that any line of division between the said Lots must proceed therefrom and be governed thereby. The Commissioners further resolved that the costs and expense in this case shall be equally divided between and borne by the disputing parties, inasmuch as the boundaries formerly contended for by each have been found incorrect."

Newcastle District, to wit } BOUNDARY LINE COMMISSION.

William Needs, Thomas Hutchinson and Peter Dixon, *Claimants*, Weston Dean and Samuel C. Dean, *Respondents*.

From the nature of the evidence given before the Commissioners on the 17th April, 1839, the subject in dispute appeared to be the proper and correct Northern boundary of the allowance for Road between the 2nd and 3rd Concessions of the Township of Hamilton, comprehending the whole front from Lot No. 27 to Lot No. 32 in the third Consession.—The principal points proved by the witnesses were a stump of an oak tree forming the original line or boundary, standing in front of Lot No. 32; and the place or position of the original post or monument formerly planted, near a Birch Tree, at the South East corner of Lot No. 28—the correct South East corner of Lot number 27 was also fully proved.

The Commissioners "decided that a straight line from the South East corner of No. 27 to the position or place of the original post or monument, South of and near unto the Birch tree, and from thence to the aforesaid stump of an Oak tree in front of Lot No. 32 would give the former Northern Boundary of the allowance for Road or Concession line." Further, "That as the fences of the said Respondents appear from the report of the Surveyor to include a portion of the allowance for Road between the said 2nd and 3rd Concessions of Hamilton aforesaid, averaging about ten feet in distance, the Commissioners in consequence thereof award their decision in favor of the claimants, and adjudge that all the costs and expenses in this suit be defrayed and borne by the said Weston Dean and Samuel C. Dean the Respondents, to be paid within one month from the date hereof."

Supplement to the U. C. Gazette, of Thursday, 5th December, 1839.

THE following Despatch, addressed to the LIEUTENANT GOVERNOR of Upper Canada, has been received by the GOVERNOR-GENERAL, and is published by His Excellency's command, for the information of all parties concerned:

DOWNING STREET,
16th *October* 1839.

SIR,

I am desirous of directing your attention to the tenure on which Public Offices, in the gift of the Crown, appear to be held throughout the British Colonies. I find that the Governor himself, and every person serving under him, are appointed during the Royal pleasure, but with this important difference,—the Governor's Commission is in fact revoked whenever the interests of the Public Service are supposed to require such a change in the administration of local affairs—but the Commissions of all other Public Officers are very rarely indeed recalled, except for positive misconduct. I cannot learn that during the present, or the two last Reigns, a single instance has occurred of a change in the subordinate Colonial Officers, except in cases of death or resignation, incapacity or misconduct. This system of converting a tenure at pleasure, into a tenure for life, originated probably in the practice which formerly prevailed, of selecting all the higher class of Colonial functionaries from persons who at the time of their appointment were resident in this country; and amongst other motives which afforded such persons a virtual security for the continued possession of their places, it was not the least considerable that, except on these terms they were unwilling to incur the risk and expense of transferring their residence to remote and often to unhealthy climates. But the habit which has obtained of late years, of preferring, as far as possible, for places of trust in the Colonies, persons resident there, has taken away the strongest motive which could thus be alleged in favour of a practice to which there are many objections of the greatest weight. It is time, therefore, that a different course should be followed; and the object of my present communication is to announce to you the rules which will be hereafter observed on this subject, in the Province of Upper Canada.

You will understand, and will cause it to be generally known, that hereafter the tenure of Colonial Offices, held during Her Majesty's pleasure, will not be regarded as equivalent to a tenure during good behaviour; but that not only such Officers will be called upon to retire from the public service, as often as any sufficient motives of public policy may suggest the expediency of that measure, but that a change in the person of the Governor will be considered as a sufficient reason for any alterations which his successor may deem it expedient to make in the list of public functionaries—subject, of course, to the future confirmation of the Sovereign.

These remarks do not extend to Judicial Offices, nor are they meant to apply to places which are altogether Ministerial, and which do not devolve upon the holders of them duties, in the right discharge of which the character and policy of the Government are directly involved. They are intended to apply rather to the Heads of Departments, than to persons serving as Clerks, or in similar capacities under them; neither do they extend to Officers in the service of the Lords Commissioners of the Treasury. The functionaries who will be chiefly, though not exclusively affected by them, are the Colonial Secretary; the Treasurer, or Receiver General; the Surveyor General; the Attorney and Solicitor General; the Sheriff, or Provost Marshall; and other Officers who, under different designations from these, are entrusted with the same or similar duties. To this list must also be added the Members of the Council, especially in those Colonies in which the Legislative and Executive Councils are distinct bodies.

The application of these rules to Officers to be hereafter appointed, will be attended with no practical difficulty. It may not be equally easy to enforce them in the case of existing Officers, and especially of those who may have left this Country for the express purpose of accepting the Offices they at present fill. Every reasonable indulgence must be shewn for the expectations which such persons have been encouraged to form. But even in these instances, it will be necessary that the right of enforcing these Regulations should be distinctly maintained in practice as well as in theory, as often as the public good may clearly demand the enforcement of them. It may not be unadvisable to compensate any such Officers for their disappointment, even by pecuniary grants, when it may appear unjust to dispense with their services without such an indemnity.

Joseph McKivers, *Claimant*, James McCulloch, and Archibald McCulloch, *Respondents*,

The Commissioners decided in the above case on the 15th May, 1839, that "From a Survey made on the 8th and 9th of May last by John Huston, Deputy Surveyor, according to the Statute passed in the year one thousand eight hundred and eighteen—the stone monument and post planted by the said Surveyor on the Western limit of the allowance for road between lots numbers twenty and twenty-one, in the sixth Concession of the Township of Hamilton, and forming the South East angle of the said Lot number twenty one, shall hereafter constitute the true limit or boundary between the said Lots Nos 20 and 21, having respect to the allowance for road between the said Lots, and that any line of division between the said Lots must proceed therefrom and be governed thereby. The Commissioners further resolved that the costs and expense in this case shall be equally divided between and borne by the disputing parties, inasmuch as the boundaries formerly contended for by each have been found incorrect."

Newcastle District, to wit: } BOUNDARY LINE COMMISSION.

William Needs, Thomas Hutchinson and Peter Dixon, *Claimants*. Weston Dean and Samuel C. Dean, *Respondents*.

From the nature of the evidence given before the Commissioners on the 17th April, 1839, the subject in dispute appeared to be the proper and correct Northern boundary of the allowance for Road between the 2nd and 3rd Concessions of the Township of Hamilton, comprehending the whole front from Lot No. 27 to Lot No. 32 in the third Concession.—The principal points proved by the witnesses were a stump of an oak tree forming the original line or boundary, standing in front of Lot No. 32; and the place or position of the original post or monument formerly planted, near a Birch Tree, at the South East corner of Lot No. 28—the correct South East corner of Lot number 27 was also fully proved.

The Commissioners "decided that a straight line from the South East corner of No. 27 to the position or place of the original post or monument, South of and near unto the Birch tree, and from thence to the aforesaid stump of an Oak tree in front of Lot No. 32 would give the former Northern Boundary of the allowance for Road or Concession line." Further, "That as the fences of the said Respondents appear from the report of the Surveyor to include a portion of the allowance for Road between the said 2nd and 3rd Concessions of Hamilton aforesaid, averaging about ten feet in distance, the Commissioners in consequence thereof award their decision in favor of the claimants, and adjudge that all the costs and expenses in this suit be defrayed and borne by the said Weston Dean and Samuel C. Dean the Respondents, to be paid within one month from the date hereof."

Secondly.—We do order, adjudge and decree, that all side lines of lots or parts of lots, in the said third concession, from number one to lot number thirteen, shall be drawn from the front boundaries, according to law, and truly parallel with the west line of lot number one in the said concession; and that all side lines of lots or parts of lots in the said fourth concession, from lot number one to lot number thirteen, shall be run from the boundary posts in the rear of said concession, (where such can be found,) and where such posts cannot be found, then such side lines shall be drawn from the boundary posts in front of the fifth concession, towards the front of the said fourth concession, and truly parallel with the western side line of the said lot number one, in the said fourth concession.—And we do further adjudge, order and decree, that the parties aforesaid, both Claimants and Respondents, shall bear and pay an equal share of the costs and expenses incurred in this case, in proportion to the quantity of land belonging to each one of them on the said premises, as set forth in the schedule this day made and recorded.

MILITIA GENERAL ORDER.

AT a General Court Martial of Militia, holden at London, on Monday, the 11th November, 1839, and subsequent days, Lieutenant Alexander Montgomery, 2nd Battalion Incorporated Militia, was arraigned on the following charge, viz:—

Disgraceful conduct highly unbecomming the character of an Officer, and a Gentleman, in having sold to Quarter-Master-Sergeant John Thorpe, 2nd Battalion Incorporated Militia, on or about the 9th or 10th September, 1839, a quantity of spurious Coin (knowing it to be such) as good and current coin of the Province."

The Court having maturely weighed and considered the evidence for the prosecution, as well as for the defence, and having found the prisoner guilty, and having sentenced him the said Lieutenant Alexander Montgomery, 2nd Battalion Incorporated Militia, to be cashiered, HIS EXCELLENCY THE GOVERNOR-GENERAL, has been pleased to approve and confirm the finding and sentence of the Court, but as it does not appear that the prisoner derived any personal emolument from the transaction of which he has been convicted, and as the Court has expressed its regret, that Lieutenant Montgomery, should have been led into the error which he committed, in consequence of spurious coin being in circulation in the place, where his Regiment was quartered, as also in different parts of the Province, His EXCELLENCY THE GOVERNOR-GENERAL, has been pleased to remit the sentence awarded against Lieutenant Montgomery, and to direct that after being strongly admonished, upon the impropriety of his conduct, by Lieutenant Colonel Brooke Young, he be released from arrest, and returned to the duty of his Corps.

By Command.

MILITIA GENERAL ORDER.

AT a District Court Martial of Militia, holden at Fort Erie, on the 20th November, 1839, Private John Haslett, No. 150, 4th Company, 1st Battalion Incorporated Militia, was arraigned on the following charges, viz:—

FIRST CHARGE—Being drunk at Fort Erie, when for guard, on the Morning of the 14th instant.

SECOND CHARGE—Habitual drunkenness.

The Court having duly weighed and considered the evidence brought forward, in support of the prosecution, with the prisoners, having nothing to urge in his defence, and having found him guilty, and having sentenced him the said Private John Haslett, 1st Battalion Incorporated Militia, to twenty-eight days solitary confinement, and to forfeit one penny a day of his regular pay, for the remainder of his service, ending the 30th April, 1840; His EXCELLENCY THE GOVERNOR-GENERAL, has been pleased to approve and confirm the finding and sentence of the Court, but in consideration of the length of time the prisoner has already been confined, His EXCELLENCY, is pleased to direct, that the period of solitary confinement awarded against the prisoner, shall be limited to 14 days, in such place as the Officer commanding at Fort Erie, shall appoint at that post.

By Command,

Then following the different courses of the line as now laid down between said first Concession and the Military Tract to Mill Creek; then westerly along said Creek until it meets the line between Lots 17 & 18, produced from the first mentioned Post to the Creek, and that Mr. Gilbert S. Clapp, Deputy Surveyor, do make the survey agreeable to the above description; that stone monuments shall be planted at the edge of the marsh in front and also in rear of the Concession on the line between Lots 17 and 18, and also that the course of said line be laid down on his plans, both astronomically and magnetically, and that the Claimant and Respondent do pay equally the costs incurred in the matter. Witness our hands at Bloomfield, this tenth day of May in the year of our Lord one thousand eight hundred and thirty-nine.

MILITIA GENERAL ORDER

No. 1.

BEFORE a General Court Martial of Militia, held at Chatham, on the 20th December, 1839, instant, Private Robert McCartney, No. 164, 2nd Battalion Incorporated Militia, was arraigned on the following charges, viz:—

1st.—"Desertion from his Regiment, on or about the 13th June, 1839."

2nd.—"Mutinous conduct in attempting to strike Captain Charles Wood, of the same Corps, with an Iron bar, when in the act of arresting him, the said private Robert John McCartney, on board an American Steamboat, at Malden, on or about the 4th November, 1839."

The Court having found the Prisoner guilty of the charges preferred against him, and sentenced him to be transported, as a felon for seven years, and further to be marked with the letter D. on the left side, two inches below the arm pit, His Excellency the Governor-General, has been pleased to approve and confirm the finding and sentence, of the Court, and to direct that the Prisoner be forwarded under a sufficient escort to Toronto, where he is to be confined in the Goal, of the Home District, until an opportunity offers of sending him to his destination.

On a careful perusal of the proceedings in this case, whilst His Excellency fully appreciates the zeal which Captain Charles Wood, displayed for the good of Her Majesty's service, and is quite satisfied he was solely influenced by that laudable feeling, the Governor-General cannot forbear to remark that it is of the greatest importance that an officer should always carefully avoid placing himself in a position which exposes him to any personal violence, otherwise, under momentary excitement, the highest offence known to the military laws,—that of striking an officer,—may be unpremeditatedly committed by an irritated offender.

The General Court Martial, of which Major Gourlay, First Battalion Incorporated Militia, is President, is dissolved.

No. 2

Before a District Court Martial of Militia, held at Fort Erie on the 23d December, inst., Private Stephen Egan, No. 201, First Battalion Incorporated Militia, was arraigned on the following charges, viz.:—

1st.—"Being drunk on his post at Fort Erie, at nine o'clock, on the morning of the 19th December, instant."

2nd.—"Habitual drunkenness"

The Court having found the prisoner guilty of both the charges exhibited against him, and having sentenced him to twenty eight days solitary confinement in such place as the Major-General commanding may think fit, and to forfeit one penny a day of his regular pay, for the remainder of his service, ending on the 30th April, 1840,—His Excellency the Governor-General has been pleased to approve and confirm the finding and sentence of the said Court, and to direct that the latter be carried into effect, at such place at Fort Erie as may be appointed by Major Warren, Third Battalion Incorporated Militia, commanding at that post.

MILITIA GENERAL ORDER.

AT a General Court Martial of Militia, held at Kingston, on the 6th January, instant, and following days, Sergeant Adam Gillespie, No. 82, 4th Battalion Incorporated Militia, was arraigned on the following charges, viz:—

First—"Unsoldierlike conduct, unbecoming the character of a Non-commissioned Officer, in being drunk and riotous in Barracks, at Presqu' Isle Harbour, on or about the 17th November, 1839,—this being the fourth time of being drunk within twelve months, and thereby constituting an act of habitual drunkenness."

Second—"Breaking his arrest, in which he was placed for his previous conduct, and assaulting Private Samuel Congden, 4th Battalion Incorporated Militia, on or about the 17th November, 1839."

Third—"Gross, contemptuous, and highly insubordinate conduct, in presence of the Regimental Court Martial assembled for his trial at Presqu' Isle Harbour, on or about the 23rd November, 1839."

Fourth—"Endeavouring to intimidate Private William Barrell, 4th Battalion Incorporated Militia, one of the witnesses for the prosecution on his trial, and threatening to shoot him the said William Barrell, should he, the prisoner, be reduced, on or about the 17th and 23rd November, 1839."

The Court having found found the prisoner guilty of the first and second charges, and of so much of the third charge as relates to contemptuous conduct; but having acquitted him of that part of the third charge which relates to gross and highly insubordinate conduct; and having also acquitted him of the fourth charge, as it was withdrawn, and no evidence adduced to sustain it, and having sentenced him to be reduced to the ranks, as a Private, and to forfeit one penny a-day of his daily pay, for six months—His Excellency the GOVERNOR GENERAL has been pleased to approve the finding and sentence of the Court, and to direct that the latter be carried into effect accordingly.

☞ THE NEW YORK ALBION.

THE NEW PLATE.

THAT excellent Artist Mr. A. Dick, has just completed an engraved view of Buckingham Palace, with the grounds and ornamental piece of water in front.—It is intended to be presented to the subscribers of The Albion, as an appropriate embellishment of the work. This splendid structure, on which taste and skill have been largely engaged, is the town residence of Queen Victoria, and is every way worthy of so royal a distinction. The Canal and the Park, at the western end of which the Palace is situated, have been essentially altered and improved, according to the most approved rules of landscape gardening, so that they are delightful to the eye; and royal munificence has rendered them equally so as a resort, by throwing the premises open to the public under certain regulations of decorum and good order.

This engraving, which has received the warm approbation of critical persons, will be issued as early as a sufficient number of impressions can be taken; and, considering it to be strictly an appendage to the portrait of the Queen given in our last volume, we have resolved to give to all new subscribers, paying in advance for one year, a copy of *each* of these two engravings.—Concerning the estimation of the value which the public have placed upon our engraved portrait of Her Majesty, we need hardly do more than call attention to the very numerous copies which are every where to be found, which have been generally placed within magnificent frames, and hung in saloons and drawing-rooms among the most prized works of art. It has been touched by the Artist who executed the plate, and is now as sharp and clear in its lines as a proof can be; to make the succeeding volumes as perfect as we can to new subscribers, we place expense out of the question, and determine to present that which we believe will be acceptable to every one possessing a British heart, or a gallant feeling,—a likeness of the "Virgin Queen." It may probably have a further interest to many, as coming into their possession immediately before she parts with that title to become, as we hope, a happy consort.

In the number containing the new engraving of Buckingham Palace, will be given a brief account of the Old Palace, which stood on the same site, together with other matter relative thereto, and a description of the improvements lately made in St. James' Park, with a view to correspond to the new and elegant edifice.

☞ THE NEW YORK ALBION.

THE NEW PLATE.

THAT excellent Artist Mr. A. DICK, has just completed an engraved view of Buckingham Palace, with the grounds and ornamental piece of water in front.—It is intended to be presented to the subscribers of The Albion, as an appropriate embellishment of the work. This splendid structure, on which taste and skill have been largely engaged, is the town residence of Queen Victoria, and is every way worthy of so royal a distinction. The Canal and the Park, at the western end of which the Palace is situated, have been essentially altered and improved, according to the most approved rules of landscape gardening, so that they are delightful to the eye; and royal munificence has rendered them equally so as a resort, by throwing the premises open to the public under certain regulations of decorum and good order.

This engraving, which has received the warm approbation of critical persons, will be issued as early as a sufficient number of impressions can be taken; and, considering it to be strictly an appendage to the portrait of the Queen given in our last volume, we have resolved to give to all new subscribers, paying in advance for one year, a copy of *each* of these two engravings.—Concerning the estimation of the value which the public have placed upon our engraved portrait of Her Majesty, we need hardly do more than call attention to the very numerous copies which are every where to be found, which have been generally placed within magnificent frames, and hung in saloons and drawing-rooms among the most prized works of art. It has been touched by the Artist who executed the plate, and is now as sharp and clear in its lines as a proof can be; to make the succeeding volumes as perfect as we can to new subscribers, we place expense out of the question, and determine to present that which we believe will be acceptable to every one possessing a British heart, or a gallant feeling,—a likeness of the "Virgin Queen." It may probably have a further interest to many, as coming into their possession immediately before she parts with that title to become, as we hope, a happy consort.

In the number containing the new engraving of Buckingham Palace, will be given a brief account of the Old Palace, which stood on the same site, together with other matter relative thereto, and a description of the improvements lately made in St. James' Park, with a view to correspond to the new and elegant edifice.

TORONTO, MONDAY, FEBRUARY 10, 1840.

THIS day, at two o'clock, HIS EXCELLENCY THE GOVERNOR-GENERAL, proceeded in State to the Chamber of the Honourable the LEGISLATIVE COUNCIL, where being arrived, and seated on the Throne, the Gentleman Usher of the Black Rod was sent with a Message from HIS EXCELLENCY to the HOUSE OF ASSEMBLY, commanding their attendance: the MEMBERS present being come up accordingly, HIS EXCELLENCY was pleased to Prorogue the Session of the Legislature with the following—

SPEECH:

Honourable Gentlemen of the Legislative Council: and,

Gentlemen of the House of Assembly:

IN relieving you from further attendance in Parliament, I desire to express my deep sense of the zeal and assiduity which have distinguished your discharge of your duties during this, perhaps the most eventful, session of the Upper Canada Legislature; and I am anxious to offer you my own acknowledgments for the ready attention which you have given to the consideration of the important business, which it was my duty to bring before you.

Your willing acquiescence in the proposed Reunion of this Province with Lower Canada, upon the terms, and according to the principles suggested by me, has afforded me the most lively satisfaction; and I look forward with confidence to the completion of that measure, under the direction of our Gracious Sovereign, and of the Imperial Parliament, as the means by which the peace, happiness, and good government of the inhabitants of the Canadas will be permanently secured.

By the Bill which you have passed for the disposal of the Clergy Reserves, you have, so far as your constitutional powers admit, set at rest a question which, for years past, has convulsed society in this Province. In framing that measure you have consulted alike the best interests of Religion, and the future peace and welfare of the people, for whose service you are called upon to legislate; and I rely on your efforts proving successful, notwithstanding any attempt which may be made to renew excitement, or to raise opposition to your deliberate and recorded judgment.

The care and attention which you have bestowed on these important subjects, and the calmness and dignity which have marked your deliberations on them, cannot fail to give additional weight to your decisions before that tribunal, to which they are now necessarily referred.

I have given my assent, with great satisfaction, to different Bills which you have passed; and I shall transmit, without delay, such others as, from their nature, it is my duty to reserve, in order that Her Majesty's pleasure may be signified thereupon.

Amongst the latter is a Bill for the payment of "Losses by the Rebellion or Invasion." To this Bill I should have been ready to assent, but as I observe that the House of Assembly have addressed Her Majesty, praying that the losses may be defrayed by the Imperial Treasury, I have considered it to be more for the interest of the parties concerned, that the Bill should be reserved, in order that the Address may be considered by Her Majesty's Government, before the Provincial funds are finally charged with this payment.

Gentlemen of the House of Assembly:

I thank you for the readiness with which you have voted the Supplies for the Public Service.

The decision to which you came respecting the future settlement of the Civil List, under the proposed Union, rendered it impossible for me to submit to you any renewed proposal for the surrender of the Revenues of the Crown, in exchange for a provision for the expenses of the Civil Government of this Province; but in transmitting your Resolutions to Her Majesty's Government, I have not failed to draw their attention to this subject.

I lament that the circumstances in which this Province is placed, have necessarily prevented you from adopting measures by which its financial difficulties could be permanently removed; but this can only be effected when the obvious and easy means of augmenting the Revenue, through the Customs Duties, with little comparative inconvenience to the people, shall be placed within your control. In the meantime, it will be my anxious desire to use the powers with which you have entrusted the Executive Government, to relieve, as far as possible, the most pressing demands upon the public faith; and I shall devote myself to the consideration and recommendation of measures, by which the credit of the Province may be sustained, and its future prospects improved.

Honourable Gentlemen; and Gentlemen:

On your return to your different Districts, I earnestly hope that it will be your endeavour to promote that spirit of harmony and conciliation, which has so much distinguished your proceedings here. Let past differences be forgotten—let irritating suspicions be removed. I rejoice to find, that already tranquillity and hopeful confidence in the future, prevail throughout the Province. Let it be your task to cherish and promote these feelings; it will be mine cordially to co-operate with you; and by administering the Government in obedience to the commands of the Queen, with justice and impartiality to all, to promote Her anxious wish, that Her Canadian Subjects, loyal to their Sovereign, and attached to British Institutions, may, through the blessing of Divine Providence, become a happy, an united, and a prosperous people.

WHEREAS it is desirable that Her Majesty should have authority to procure ground which may be wanting for erecting Forts and Batteries, and preserving the necessary approaches thereto free from obstruction, as far as may from time to time become necessary for the public service and the defence of this Province: *Be it therefore enacted* by the Queen's most excellent Majesty, by and with the advice and consent of the Legislative Council and Assembly of the Province of Upper Canada, constituted and assembled by virtue of and under the authority of an Act passed in the Parliament of Great Britain, entitled, "An Act to repeal certain parts of an Act passed in the fourteenth year of His Majesty's reign, entitled, 'An Act for making more effectual provision for the Government of the Province of Quebec, in North America, and to make further provision for the Government of the said Province," and by the authority of the same, That it shall and may be lawful for the Governor of this Province to authorize any General Officer or Officers, or other person or persons duly authorized by the Commander-in-Chief for the time being of Her Majesty's Forces in this Province, to survey and mark out any piece of ground which may be required for the erection of any Fort, Barrack, Battery, or other Military Work, and for preserving such work free from obstruction, and to treat and agree with the owner or owners thereof, or any person or persons having any interest therein, for the purchase, possession, or use thereof, either in fee or for such time as the exigency of the service shall require; and in case the owner or owners of such ground, or any person or persons having an interest therein, shall refuse or decline to sell or to enter into such contract touching the same as shall be satisfactory to such Officer or Officers, or other person or persons commissioned as aforesaid, or shall be unable to do so by reason of infancy, coverture, or other disability, it shall be lawful for the Governor to require two or more Justices of the Peace for the District, City, Town or Place where such piece of ground shall be, to put Her Majesty's Military Officers into immediate possession of such piece of ground, which such Justices shall accordingly do, and shall for that purpose issue their warrant under their hands and seals, directed to the Sheriff of the District within which such land is, and shall also issue their warrant to such Sheriff, commanding him to summon a Jury to appear and be on a day and at a place in such warrant to be mentioned (the most convenient that may be), to inquire of and ascertain the compensation which ought to be made for the purchase, possession or use of such piece of ground, accordingly as the same may be required for the public service, in fee or for a limited period, to the several persons interested therein, and to whom the same ought to be paid; and the Sheriff shall have power to administer an oath to the Jury, to render a true verdict on the question submitted to them according to the evidence, and also to administer an oath to all witnesses produced before such Jury, and the verdict of such Jury shall be certified by such Sheriff to the Governor of this Province, in order that proper compensation and the reasonable expenses of such Sheriff in summoning the Jury, and also of their attendance, may be paid to the persons severally entitled thereto, out of any funds at the disposal of Her Majesty, granted and made applicable to such purpose by the Imperial Parliament of the United Kingdom of Great Britain and Ireland: Provided always, that no such piece of ground shall be so taken for the public service without the consent of the owner or owners thereof, unless the necessity for the same shall be first certified by the Commander of Her Majesty's Forces in this Province, or unless the enemy shall have actually invaded this Province, when such piece of ground shall be taken. 41

AWARD.

Niagara District, to wit: } *Boundary Commissioners.*

To all to whom these presents shall come.

We, George Rykert, Samuel Wood, and Jacob Keefer, Esquires, the Boundary Commissioners for the District of Niagara,

SEND GREETING:

WHEREAS by the authority of an act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province," We, George Rykert, Samuel Wood and Jacob Keefer, the Boundary Commissioners for the said District, having in pursuance of an order of the Court of General Quarter Sessions of said District, dated 17th June, 1839, requiring us the said Commissioners to settle the Boundary Line between the Townships of Thorold and Stamford, summoned and caused the parties interested in said line to come before us, and having heard all the evidence which has been adduced, relating to said line, and having personally examined the premises in question, and having also duly considered and weighed all the evidence adduced, we do hereby award, order, adjudge, determine and decree,

That the said Township Line between Stamford and Thorold, shall be and remain and forever continue a straight line as originally laid out and now opened, from a stone planted by our direction at the north east angle of Lot number one hundred and thirty-five in the Township of Thorold, to the south east angle of the said lot, where a stone is planted by our direction marked R on the south and east sides.—From thence south one chain for road between lots numbers one hundred and thirty-five and one hundred and seventy-nine in the said Township of Thorold; thence easterly twenty-five chains and thirty links to a stone planted under our direction at the north east angle of lot number 178 in Thorold, and from thence southerly on a straight line to a stone planted by our direction on the north bank of the River Welland. The lines and bearings are as laid down and expressed by Mr. James W. Fell, Deputy Provincial Surveyor, upon the map accompanying this award.

AWARD.

Niagara District, to wit: } *Boundary Commissioners.*

On the application of Jacob Lutz, Matthias Emerick, John Williams and other freeholders in the Township of Thorold.

To all to whom these presents shall come.

We, George Rykert, Samuel Wood and Jacob Keefer, Esquires, the Boundary Commissioners for the District of Niagara,

SEND GREETING:

WHEREAS by the authority of an act of he Legislature of this Province, passed in the first year of Her Majesty's reign, entitled "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province," We, the said George Rykert, Samuel Wood and Jacob Keefer, the Boundary Commissioners of the said District having caused the several respondents to appear before us and respond to the claims of Jacob Lutz, Matthias Emerick, John Williams and others, as the law directs, to certain lines and boundaries in a certain tier or range of lots in the said township of Thorold; and having heard all the evidence which was offered before us by the said parties, relative to the said lines and boundaries; and having personally examined the premises in question; and having also duly considered all the evidence adduced—it appears clearly, in the opinion of the Commissioners, that in the original survey of the tier or range of lots, in the said township of Thorold, now under inquiry, the side-lines or limits between the lots, were not run; that no posts or monuments were placed at the south ends, or rear angles of the respective lots; and that the only original boundaries of which there is any decided evidence, were at the north or front angles of the lots.

It also appears, as well from our own observation upon the ground, as from the survey of Mr. Charles K. Fell, Deputy Provincial Surveyor, made by our order, that the bearings, as well as the distances in front of nearly all the lots in question, between the original corners, differ materially from those described in the respective Patent Deeds.

NOW KNOW YE, that we, George Rykert, Samuel Wood, and Jacob Keefer, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree—

First—That the boundaries in front, at the north-east and north-west angles of lots numbers 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 155, 156, and 157, in the said tier or range, in the township of Thorold aforesaid, shall be and remain, and for ever continue, (when it shall be found practicable to discover them) as originally surveyed and marked, and where stone monuments have been recently placed by Charles K. Fell, Deputy Provincial Surveyor, by order of us, the said Commissioners, and lettered and marked, to designate the several lots and road allowances,—the magnetic bearings and distances being according to the survey and report of the said Charles K. Fell, as follows: to wit—Commencing at the township line between Stamford and Thorold, at a stone planted by us, at the north east angle of the said lot number 135, in Thorold aforesaid; thence north eighty-nine degrees west, twenty chains and sixty-nine links, across the front of said lot, to a stone; thence south eighty-nine degrees west, seventeen chains and eighty-six links, including one chain for road, to a stone at the north-east angle of lot number 137; thence west nineteen chains and eighty-five links, to a stone between lots numbers 137 and 138; thence south eighty-nine and three-fourth degrees west, fifteen chains and ninety links, including one chain for road, to a stone at the north-east angle of lot number 139; thence west, nineteen chains and thirty links, to a stone between lots numbers 139 and 140; thence south, eighty-eight and a quarter degrees west, nineteen chains and sixty-two links, including one chain for road, to a stone at the north-east angle of lot number 141; thence north, eighty-eight degrees west, twenty chains and six links, to a stone between lots numbers 141 and 142; thence south, eighty-eight and a quarter degrees west, sixteen chains and forty-nine links, including one chain for road, to a stone at the north-east angle of lot number 143; thence west, twenty chains and sixteen links, to a stone between lots numbers 143 and 144; thence south, eighty-nine and a quarter degrees west, seventeen chains and ninety-one links, including one chain for road, to a stone at the north-east angle of lot numbr 145; thence north, eighty-eight degrees west, nineteen chains and ninety-six links, to a stone between lots numbers 145 and 146, thence south, eighty-five and three quarter degrees west, twenty-one chains and eighteen links, including one chain for road, to a stone at the north-east angle of lot number 147; thence south, eighty-nine and three-quarter degrees west, twenty chains and nineteen links to a stone between lots numbers 147 and 148; thence south, eighty-nine degrees west, eighteen chains and eighty-six links, including one chain for road, to a stone at the north-east angle of lot number 149; thence north, eighty-nine and one quarter degrees west, twenty chains and six links, to a stone between lots numbers 149 and 150; then commencing at a stone at the north-east angle of said lot number 155; thence north, eighty-nine degrees west, nineteen chains and twenty-three and a half links, to a stone between lots numbers 155 and 156; thence twenty chains and twenty-three and a half links, including one chain for road, to a stone at the north-east angle of lot number 157; thence twenty chains and nine links, to a stone at the north-west angle of said lot number 157.

Secondly—That the several side-lines of the said lots, in the range aforesaid, shall commence at the stones planted by Charles K. Fell, under our direction, at the front angles of the respective lots, and run thence southerly, parallel to the township line, along the east side of said lot number 155, to the stones planted by the said Charles K. Fell, Surveyor, by our orders, at the rear angles of the respective lots.

Thirdly and lastly—That all the costs incurred in adjusting the said lines and boundaries, shall be divided and paid by the several Claimants and Respondents, in equal proportions to the number of lots owned by each, and in the same ratio for half lots.

WHEREAS application hath been made to us the said Boundary Commissioners, by John P. Roblin, Esquire, and others, Claimants, requiring us to fix and determine the Boundaries of the several Concessions and Lots in the Township of Ameliasburgh in said District.

NOW KNOW YE, that we the said Boundary Commissioners, pursuant to the Act of the Legislature of the Province of Upper Canada, passed in the first year of Her Majesty's reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of the said Province," and by the authority of the same, having caused the above Respondents to appear before us, and having heard and duly considered the evidence adduced, by the respective parties: We do order and decree—

First—That the survey of the several Concession lines of the Township of Amherstburgh, as made by Samuel S. Wilmot, Esquire, Deputy Surveyor, shall be the true and unalterable survey of the said Concessions respectively.

And lastly—That the Inhabitants of the said Township do pay the costs incurred in the matter, in proportion to the lands held by each.

Niagara District, to wit: } *Boundary Commissioners.*

To all to whom these presents shall come.

We, George Rykert, Samuel Wood, and Jacob Keefer, Esquires, the Boundary Commissioners for the District of Niagara,

SEND GREETING:

WHEREAS by the authority of an act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province," We, George Rykert, Samuel Wood and Jacob Keefer, the Boundary Commissioners for the said District, having in pursuance of an order of the Court of General Quarter Sessions of said District, dated 17th June, 1839, requiring us the said Commissioners to settle the Boundary Line between the Townships of Thorold and Stamford, summoned and caused the parties interested in said line to come before us, and having heard all the evidence which has been adduced, relating to said line, and having personally examined the premises in question, and having also duly considered and weighed all the evidence adduced, we do hereby award, order, adjudge, determine and decree,

That the said Township Line between Stamford and Thorold, shall be and remain and forever continue a straight line as originally laid out and now opened, from a stone planted by our direction at the north east angle of Lot number one hundred and thirty-five in the Township of Thorold, to the south east angle of the said lot, where a stone is planted by our direction marked R on the south and east sides.—From thence south one chain for road between lots numbers one hundred and thirty-five and one hundred and seventy-nine in the said Township of Thorold; thence easterly twenty-five chains and thirty links to a stone planted under our direction at the north east angle of lot number 178 in Thorold, and from thence southerly on a straight line to a stone planted by our direction on the north bank of the River Welland. AWARD,

Niagara District, to wit: } *Boundary Commissioners.*

On the application of Jacob Lutz, Matthias Emerick, John Williams and other freeholders in the Township of Thorold.

To all to whom these presents shall come.

We, George Rykert, Samuel Wood and Jacob Keefer, Esquires, the Boundary Commissioners for the District of Niagara,

SEND GREETING:

WHEREAS by the authority of an act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province," We, the said George Rykert, Samuel Wood and Jacob Keefer, the Boundary Commissioners of the said District having caused the several respondents to appear before us and respond to the claims of Jacob Lutz, Matthias Emerick, John Williams and others, as the law directs, to certain lines and boundaries in a certain tier or range of lots in the said township of Thorold; and having heard all the evidence which was offered before us by the said parties, relative to the said lines and boundaries; and having personally examined the premises in question; and having also duly considered all the evidence adduced—it appears clearly, in the opinion of the Commissioners, that in the original survey of the tier or range of lots, in the said township of Thorold, now under inquiry, the side-lines or limits between the lots, were not run; that no posts or monuments were placed at the south ends, or rear angles of the respective lots; and that the only original boundaries of which there is any decided evidence, were at the north or front angles of the lots.

It also appears, as well from our own observation upon the ground, as from the survey of Mr. Charles K. Fell, Deputy Provincial Surveyor, made by our order, that the bearings, as well as the distances in front of nearly all the lots in question, between the original corners, differ materially from those described in the respective Patent Deeds.

NOW KNOW YE, that we, George Rykert, Samuel Wood, and Jacob Keefer, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree—

First—That the boundaries in front, at the north-east and north-west angles of lots numbers 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 155, 156, and 157, in the said tier or range, in the township of Thorold aforesaid, shall be and remain, and for ever continue, (when it shall be found practicable to discover them) as originally surveyed and marked, and where stone monuments have been recently placed by Charles K. Fell, Deputy Provincial Surveyor, by order of us, the said Commissioners, and lettered and marked, to designate the several lots and road allowances,—the magnetic bearings and distances being according to the survey and report of the said Charles K. Fell, as follows: to wit—Commencing at the township line between Stamford and Thorold, at a stone planted by us, at the north east angle of the said lot number 155, in Thorold aforesaid; thence north eighty-nine degrees west, twenty chains and sixty-nine links, across the front of said lot, to a stone; thence south eighty-nine degrees west, seventeen chains and eighty-six links, including one chain for road, to a stone at the north-east angle of lot number 137; thence west nineteen chains and eighty-five links, to a stone between lots numbers 137 and 138; thence south eighty-nine and three-fourth degrees west, fifteen chains and ninety links, including one chain for road, to a stone at the north-east angle of lot number 139; thence west, nineteen chains and thirty links, to a stone between lots numbers 139 and 140; thence south, eighty-eight and a quarter degrees west, nineteen chains and sixty-two links, including one chain for road, to a stone at the north-east angle of lot number 141; thence north, eighty-eight degrees west, twenty chains and six links, to a stone between lots numbers 141 and 142; thence south, eighty-eight and a quarter degrees west, sixteen chains and forty-nine links, including one chain for road, to a stone at the north-east angle of lot number 143; thence west, twenty chains and sixteen links, to a stone between lots numbers 143 and 144; thence south, eighty-nine and a quarter degrees west, seventeen chains and ninety-one links, including one chain for road, to a stone at the north-east angle of lot numbr 145; thence north, eighty-eight degrees west, nineteen chains and ninety-six links, to a stone between lots numbers 145 and 146, thence south, eighty-five and three-quarter degrees west, twenty-one chains and eighteen links, including one chain for road, to a stone at the north-east angle of lot number 147; thence south, eighty-nine and three-quarter degrees west, twenty chains and nineteen links to a stone between lots numbers 147 and 148; thence south, eighty-nine degrees west, eighteen chains and eighty-six links, including one chain for road, to a stone at the north-east angle of lot number 149; thence north, eighty-nine and one quarter degrees west, twenty chains and six links, to a stone between lots numbers 149 and 150; then commencing at a stone at the north-east angle of said lot number 155; thence north, eighty-nine degrees west, nineteen chains and twenty-three and a half links, to a stone between lots numbers 155 and 156; thence twenty chains and twenty-three and a half links, including one chain for road, to a stone at the north-east angle of lot number 157; thence twenty chains and nine links, to a stone at the north-west angle of said lot number 157.

Secondly—That the several side-lines of the said lots, in the range aforesaid, shall commence at the stones planted by Charles K. Fell, under our direction, at the front angles of the respective lots, and run thence southerly, parallel to the township line, along the east side of said lot number 155, to the stones planted by the said Charles K. Fell, Surveyor, by our orders, at the rear angles of the respective lots.

Thirdly and lastly—That all the costs incurred in adjusting the said lines and boundaries, shall be divided and paid by the several Claimants and Respondents, in equal proportions to the number of lots owned by each, and in the same ratio for half lots.

AWARD.

Niagara District, to wit: } *Boundary Commissioners.*

To all to whom these presents shall come.

We, George Rykert, Samuel Wood, and Jacob Keefer, Esquires, the Boundary Commissioners for the District of Niagara,

SEND GREETING:

WHEREAS by the authority of an act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province," We, George Rykert, Samuel Wood and Jacob Keefer, the Boundary Commissioners for the said District, having in pursuance of an order of the Court of General Quarter Sessions of said District, dated 17th June, 1839, requiring us the said Commissioners to settle the Boundary Line between the Townships of Thorold and Stamford, summoned and caused the parties interested in said line to come before us, and having heard all the evidence which has been adduced, relating to said line, and having personally examined the premises in question, and having also duly considered and weighed all the evidence adduced, we do hereby award, order, adjudge, determine and decree,

That the said Township Line between Stamford and Thorold, shall be and remain and forever continue a straight line as originally laid out and now opened, from a stone planted by our direction at the north east angle of Lot number one hundred and thirty-five in the Township of Thorold, to the south east angle of the said lot, where a stone is planted by our direction marked R on the south and east sides.—From thence south one chain for road between lots numbers one hundred and thirty-five and one hundred and seventy-nine in the said Township of Thorold; thence easterly twenty-five chains and thirty links to a stone planted under our direction at the north east angle of lot number 178 in Thorold, and from thence southerly on a straight line to a stone planted by our direction on the north bank of the River Welland. The lines and bearings are as laid down and expressed by Mr. James W. Fell, Deputy Provincial Surveyor, upon the map accompanying this award.

AWARD,

Niagara District, to wit: } *Boundary Commissioners.*

On the application of Jacob Lutz, Matthias Emerick, John Williams and other freeholders in the Township of Thorold.

To all to whom these presents shall come.

We, George Rykert, Samuel Wood and Jacob Keefer, Esquires, the Boundary Commissioners for the District of Niagara,

SEND GREETING:

WHEREAS by the authority of an act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province," We, the said George Rykert, Samuel Wood and Jacob Keefer, the Boundary Commissioners of the said District having caused the several respondents to appear before us and respond to the claims of Jacob Lutz, Matthias Emerick, John Williams and others, as the law directs, to certain lines and boundaries in a certain tier or range of lots in the said township of Thorold; and having heard all the evidence which was offered before us by the said parties, relative to the said lines and boundaries; and having personally examined the premises in question; and having also duly considered all the evidence adduced—it appears clearly, in the opinion of the Commissioners, that in the original survey of the tier or range of lots, in the said township of Thorold, now under inquiry, the side-lines or limits between the lots, were not run; that no posts or monuments were placed at the south ends, or rear angles of the respective lots; and that the only original boundaries of which there is any decided evidence, were at the north or front angles of the lots.

It also appears, as well from our own observation upon the ground, as from the survey of Mr. Charles K. Fell, Deputy Provincial Surveyor, made by our order, that the bearings, as well as the distances in front of nearly all the lots in question, between the original corners, differ materially from those described in the respective Patent Deeds.

NOW KNOW YE, that we, George Rykert, Samuel Wood, and Jacob Keefer, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree—

First—That the boundaries in front, at the north-east and north-west angles of lots numbers 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 155, 156, and 157, in the said tier or range, in the township of Thorold aforesaid, shall be and remain, and for ever continue, (when it shall be found practicable to discover them) as originally surveyed and marked, and where stone monuments have been recently placed by Charles K. Fell, Deputy Provincial Surveyor, by order of us, the said Commissioners, and lettered and marked, to designate the several lots and road allowances,—the magnetic bearings and distances being according to the survey and report of the said Charles K. Fell, as follows: to wit—Commencing at the township line between Stamford and Thorold, at a stone planted by us, at the north east angle of the said lot number 155, in Thorold aforesaid; thence north eighty-nine degrees west, twenty chains and sixty-nine links, across the front of said lot, to a stone; thence south eighty-nine degrees west, seventeen chains and eighty-six links, including one chain for road, to a stone at the north-east angle of lot number 137; thence west nineteen chains and eighty-five links, to a stone between lots numbers 137 and 138; thence south eighty-nine and three-fourth degrees west, fifteen chains and ninety links, including one chain for road, to a stone at the north-east angle of lot number 139; thence west, nineteen chains and thirty links, to a stone between lots numbers 139 and 140; thence south, eighty-eight and a quarter degrees west, nineteen chains and sixty-two links, including one chain for road, to a stone at the north-east angle of lot number 141; thence north, eighty-eight degrees west, twenty chains and six links, to a stone between lots numbers 141 and 142; thence south, eighty-eight and a quarter degrees west, sixteen chains and forty-nine links, including one chain for road, to a stone at the north-east angle of lot number 143; thence west, twenty chains and sixteen links, to a stone between lots numbers 143 and 144; thence south, eighty-nine and a quarter degrees west, seventeen chains and ninety-one links, including one chain for road, to a stone at the north-east angle of lot numbr 145; thence north, eighty-eight degrees west, nineteen chains and ninety-six links, to a stone between lots numbers 145 and 146, thence south, eighty-five and three-quarter degrees west, twenty-one chains and eighteen links, including one chain for road, to a stone at the north-east angle of lot number 147; thence south, eighty-nine and three-quarter degrees west, twenty chains and nineteen links to a stone between lots numbers 147 and 148; thence south, eighty-nine degrees west, eighteen chains and eighty-six links, including one chain for road, to a stone at the north-east angle of lot number 149; thence north, eighty-nine and one quarter degrees west, twenty chains and six links, to a stone between lots numbers 149 and 150; then commencing at a stone at the north-east angle of said lot number 155; thence north, eighty-nine degrees west, nineteen chains and twenty-three and a half links, to a stone between lots numbers 155 and 156; thence twenty chains and twenty-three and a half links, including one chain for road, to a stone at the north-east angle of lot number 157; thence twenty chains and nine links, to a stone at the north-west angle of said lot number 157.

Secondly—That the several side-lines of the said lots, in the range aforesaid, shall commence at the stones planted by Charles K. Fell, under our direction, at the front angles of the respective lots, and run thence southerly, parallel to the township line, along the east side of said lot number 155, to the stones planted by the said Charles K. Fell, Surveyor, by our orders, at the rear angles of the respective lots.

Thirdly and lastly—That all the costs incurred in adjusting the said lines and boundaries, shall be divided and paid by the several Claimants and Respondents, in equal proportions to the number of lots owned by each, and in the same ratio for half lots.

Witness our hands, this twentieth day of September, 1839.

NOW KNOW YE, that we the said Boundary Commissioners, pursuant to the Act of the Legislature of the Province of Upper Canada, passed in the first year of Her Majesty's reign, entitled, "An Act to authorise the establishment of Boards of Boundary Line Commissioners, within the several Districts of the said Province," and by the authority of the same, having caused the above Respondents to appear before us, and having heard and duly considered the evidence adduced, by the respective parties: We do order and decree—

Niagara District, to wit: } *Boundary Commissioners.*

To all to whom these presents shall come.

We, George Rykert, Samuel Wood, and Jacob Keefer, Esquires, the Boundary Commissioners for the District of Niagara,

SEND GREETING:

WHEREAS by the authority of an act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province," We, George Rykert, Samuel Wood and Jacob Keefer, the Boundary Commissioners for the said District, having in pursuance of an order of the Court of General Quarter Sessions of said District, dated 17th June, 1839, requiring us the said Commissioners to settle the Boundary Line between the Townships of Thorold and Stamford, summoned and caused the parties interested in said line to come before us, and having heard all the evidence which has been adduced, relating to said line, and having personally examined the premises in question, and having also duly considered and weighed all the evidence adduced, we do hereby award, order, adjudge, determine and decree,

That the said Township Line between Stamford and Thorold, shall be and remain and forever continue a straight line as originally laid out and now opened, from a stone planted by our direction at the north east angle of Lot number one hundred and thirty-five in the Township of Thorold, to the south east angle of the said lot, where a stone is planted by our direction marked R on the south and east sides.—From thence south one chain for road between lots numbers one hundred and thirty-five and one hundred and seventy-nine in the said Township of Thorold; thence easterly twenty-five chains and thirty links to a stone planted under our direction at the north east angle of lot number 178 in Thorold, and from thence southerly on a straight line to a stone planted by our direction on the north bank of the River Welland. The lines and bearings are as laid down and expressed by Mr. James W. Fell, Deputy Provincial Surveyor, upon the map accompanying this award.

AWARD.

Niagara District, to wit: } *Boundary Commissioners.*

On the application of Jacob Lutz, Matthias Emerick, John Williams and other freeholders in the Township of Thorold.

To all to whom these presents shall come.

We, George Rykert, Samuel Wood and Jacob Keefer, Esquires, the Boundary Commissioners for the District of Niagara,

SEND GREETING:

WHEREAS by the authority of an act of the Legislature of this Province, passed in the first year of Her Majesty's reign, entitled "An Act to authorise the establishment of Boards of Boundary Line Commissioners within the several Districts of this Province," We, the said George Rykert, Samuel Wood and Jacob Keefer, the Boundary Commissioners of the said District having caused the several respondents to appear before us and respond to the claims of Jacob Lutz, Matthias Emerick, John Williams and others, as the law directs, to certain lines and boundaries in a certain tier or range of lots in the said township of Thorold; and having heard all the evidence which was offered before us by the said parties, relative to the said lines and boundaries; and having personally examined the premises in question; and having also duly considered all the evidence adduced—it appears clearly, in the opinion of the Commissioners, that in the original survey of the tier or range of lots, in the said township of Thorold, now under inquiry, the side-lines or limits between the lots, were not run; that no posts or monuments were placed at the south ends, or rear angles of the respective lots; and that the only original boundaries of which there is any decided evidence, were at the north or front angles of the lots.

It also appears, as well from our own observation upon the ground, as from the survey of Mr. Charles K. Fell, Deputy Provincial Surveyor, made by our order, that the bearings, as well as the distances in front of nearly all the lots in question, between the original corners, differ materially from those described in the respective Patent Deeds.

NOW KNOW YE, that we, George Rykert, Samuel Wood, and Jacob Keefer, the Boundary Commissioners aforesaid, do hereby award, order, adjudge, determine and decree—

First.—That the boundaries in front, at the north-east and north-west angles of lots numbers 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 155, 156, and 157, in the said tier or range, in the township of Thorold aforesaid, shall be and remain, and for ever continue, (when it shall be found practicable to discover them) as originally surveyed and marked, and where stone monuments have been recently placed by Charles K. Fell, Deputy Provincial Surveyor, by order of us, the said Commissioners, and lettered and marked, to designate the several lots and road allowances,—the magnetic bearings and distances being according to the survey and report of the said Charles K. Fell, as follows: to wit—Commencing at the township line between Stamford and Thorold, at a stone planted by us, at the north-east angle of the said lot number 135, in Thorold aforesaid; thence north eighty-nine degrees west, twenty chains and sixty-nine links, across the front of said lot, to a stone; thence south eighty-nine degrees west, seventeen chains and eighty-six links, including one chain for road, to a stone at the north-east angle of lot number 137; thence west nineteen chains and eighty-five links to a stone between lots numbers 137 and 138; thence south eighty-nine and three-fourth degrees west, fifteen chains and ninety links, including one chain for road, to a stone at the north-east angle of lot number 139; thence west, nineteen chains and thirty links, to a stone between lots numbers 139 and 140; thence south, eighty-eight and a quarter degrees west, sixteen chains and forty-nine links, including one chain for road, to a stone at the north-east angle of lot number 141; thence north, eighty-eight degrees west, twenty chains and six links, to a stone between lots numbers 141 and 142; thence south, eighty-eight and a quarter degrees west, seventeen chains and ninety-one links, including one chain for road, to a stone at the north-east angle of lot numbr 143; thence west, twenty chains and sixteen links, to a stone between lots numbers 143 and 144; thence south, eighty-nine and a quarter degrees west, seventeen chains and ninety-one links, including one chain for road, to a stone at the north-east angle of lot number 145; thence north, eighty-eight degrees west, nineteen chains and ninety-six links, to a stone between lots numbers 145 and 146, thence south, eighty-five and three quarter degrees west, twenty-one chains and eighteen links, including one chain for road, to a stone at the north-east angle of lot number 147; thence south, eighty-nine and three-quarter degrees west, twenty chains and nineteen links, to a stone between lots numbers 147 and 148; thence south, eighty-nine degrees west, eighteen chains and eighty-six links, including one chain for road, to a stone at the north-east angle of lot number 149; thence north, eighty-nine and one quarter degrees west, twenty chains and six links, to a stone between lots numbers 149 and 150; then commencing at a stone at the north-east angle of said lot number 155; thence north, eighty-nine degrees west, nineteen chains and twenty-three and a half links, to a stone between lots numbers 155 and 156; thence twenty chains and twenty-three and a half links, including one chain for road, to a stone at the north-east angle of lot number 157; thence twenty chains and nine links, to a stone at the north-west angle of said lot number 157.

Secondly.—That the several side-lines of the said lots, in the range aforesaid, shall commence at the stones planted by Charles K. Fell, under our direction, at the front angles of the respective lots, and run thence southerly, parallel to the township line, along the east side of said lot number 135, to the stones planted by the said Charles K. Fell, Surveyor, by our orders, at the rear angles of the respective lots.

Thirdly and lastly.—That all the costs incurred in adjusting the said lines and boundaries, shall be divided and paid by the several Claimants and Respondents, in equal proportions to the number of lots owned by each, and in the same ratio for half lots.

Witness our hands, this twentieth day of September, 1839.
