¹ Reflects the 2011–12 interim projection and 2012–13 Budget plan as outlined in the April 25, 2012 fiscal update.

² Interest on debt expense is net of interest capitalized during construction of tangible capital assets of \$227 million in 2011–12 and \$248 million in 2012–13.

Note: Numbers may not add due to rounding.

2012–13 FISCAL OUTLOOK

The 2012 Ontario Budget proposed strong action to balance the budget. As outlined in the update to the fiscal plan released on April 25, 2012, the government remains committed to managing the growth in spending and eliminating the deficit by 2017–18 in order to preserve the long-term sustainability of the core services that Ontarians rely on, such as health and education.

The single most important thing the government can do to support strong, sustained growth of the economy is to eliminate the deficit. First-quarter results indicate the Province is on track to meet the projected \$14.8 billion deficit in 2012–13 that was outlined in the April fiscal update. The government remains committed to moving forward with the 2012 Budget Plan in order to achieve its fiscal targets.

As reported in the Ontario Economic Accounts released on July 16, 2012, the Ontario economy continues to see moderate growth following the global economic recession. However, there are significant risks, including the sovereign debt crisis in Europe and slower global economic growth.

The government remains committed to prudently managing Ontario's finances. To this end, the 2012–13 outlook maintains a \$1.0 billion reserve and the remaining contingency funds to protect the fiscal plan against any adverse changes in the Province's revenue and expense.

Further details on the Province's fiscal plan, including final results for 2011–12, will be provided in future fiscal updates.

FISCAL PERFORMANCE

REVENUE AT \$112.6 BILLION

The 2012–13 revenue outlook, at \$112,587 million, is \$14.3 million above the amount forecast in the April update. The government will continue to monitor economic and revenue performance and will provide further details in future fiscal updates. Changes to the revenue outlook in the first quarter include:

- ◆ An increase of \$15.3 million in **Government of Canada** transfers to extend the Targeted Initiative for Older Workers program in the Ministry of Training, Colleges and Universities.
- ◆ A decrease of \$1.0 million in **Other Non-Tax Revenue** reflecting reduced revenue associated with the Nawiinginkiiima Forest Management Corporation.

TOTAL EXPENSE AT \$126.4 BILLION

The 2012–13 total expense outlook, at \$126,407 million, is \$14.3 million higher than forecast in the April update. Ministry program expense changes for this quarter include:

- ◆ **Ministry of Aboriginal Affairs:** A decrease of \$5.8 million as a result of a transfer to the Ministry of Training, Colleges and Universities to help Northern Ontarians participate in and benefit from emerging economic development opportunities through the Northern Training Partnership Fund.
- ◆ **Ministry of Agriculture, Food and Rural Affairs:** An increase of \$36.9 million as a result of transfers from the Ministry of Infrastructure to fund strategic infrastructure projects.
- ◆ **Ministry of Children and Youth Services:** An increase of \$2.1 million as a result of an inter-ministry transfer of information technology projects from the Ministry of Government Services.
- ◆ **Ministry of Community and Social Services:** A decrease of \$54.7 million related to both the transfer of funding to the Ministry of Municipal Affairs and Housing as part of the consolidation of five housing and homelessness programs into a single new program and as a result of an inter-ministry transfer of information technology projects from the Ministry of Government Services.
- ◆ **Ministry of Education:** A decrease of \$0.4 million as a result of a transfer of staff to the Ministry of Government Services to support the consolidation of call centres across the Ontario Public Service under ServiceOntario.
- ◆ **Ministry of Government Services:** A net decrease of \$9.6 million mainly as a result of inter-ministry transfers of information technology projects to other ministries. This change also includes a transfer of staff from the Ministry of Education to support the consolidation of call centres across the Ontario Public Service under ServiceOntario.
- ◆ **Ministry of Infrastructure:** A decrease of \$36.9 million as a result of transfers to the Ministry of Agriculture, Food and Rural Affairs to fund strategic infrastructure projects.
- ◆ **Ministry of Labour:** An increase of \$1.0 million as a result of an inter-ministry transfer of information technology projects from the Ministry of Government Services.

FISCAL PERFORMANCE

TOTAL EXPENSE CONTINUED

- ♦ **Ministry of Municipal Affairs and Housing:** An increase of \$74.5 million related both to the transfer of funding from the Ministry of Community and Social Services as part of the consolidation of five programs into a single program and funding to support disaster relief for the City of Thunder Bay, the Township of Conmee, and the Municipality of Oliver Paipoonge, for flooding which occurred in late May.
- ♦ **Ministry of Natural Resources:** A decrease of \$1.0 million to offset a decline in stumpage revenue. The new Nawiinginokiima Forest Management Corporation, an operational enterprise agency, will now retain stumpage revenues from the surrounding geographical area.
- ♦ **Ministry of Training, Colleges and Universities:** An increase of \$21.1 million as a result of federal funding to extend the Targeted Initiative for Older Workers program, and a transfer from the Ministry of Aboriginal Affairs to help Northern Ontarians through the Northern Training Partnership Fund.
- ♦ **Ministry of Transportation:** An increase of \$3.1 million as a result of an inter-ministry transfer of information technology projects from the Ministry of Government Services.
- ♦ **Operating Contingency Fund:** A decrease of \$16.0 million to offset funding in the Ministry of Municipal Affairs and Housing to support disaster relief to the City of Thunder Bay, the Township of Conmee, and the Municipality of Oliver Paipoonge, for flooding which occurred in late May.

Projected **interest on debt** expense for 2012–13 is unchanged from the amount forecast in the April update.

RESERVE AT \$1.0 BILLION

The current fiscal outlook maintains the \$1.0 billion reserve included in the 2012 Budget to protect the fiscal plan against adverse changes in the Province's revenue and expense, and to help ensure the achievement of the government's fiscal targets.

ONTARIO ECONOMIC OUTLOOK

The Ontario economy has seen continued moderate growth following the global economic recession. Private-sector economists are continuing to forecast modest Ontario economic growth. As of August 13, 2012, private-sector forecasters, on average, project Ontario real GDP will increase by 2.0 per cent in 2012, up slightly from a 1.9 per cent increase expected at the time of the 2012 Budget. Private-sector forecasts for Ontario real GDP growth in 2013 have eased slightly, now averaging 2.1 per cent, down from 2.3 per cent at the time of the Budget. There are significant risks, including the sovereign debt crisis in Europe and slower global economic growth.

Ontario Real GDP Growth

Sources: Ontario Ministry of Finance and Ontario Ministry of Finance Survey of Forecasts (March and August).

ONTARIO REAL GDP

- ◆ In the first calendar quarter of 2012, Ontario real GDP increased 0.6 per cent, matching the fourth quarter gain. Ontario's real GDP has increased 7.5 per cent over the past eleven quarters since the recession ended in the second quarter of 2009 and is 2.6 per cent above the pre-recession level set in the second quarter of 2008. Household spending and business investment were the main sources of growth in the first quarter.

LABOUR MARKET

- ◆ Ontario employment increased 0.2 per cent in the second quarter of 2012, following a 0.3 per cent gain in the first quarter. In July 2012, employment rose by 10,600 jobs after rising by 20,200 jobs in June. As of July 2012, Ontario employment was 84,000 (+1.3 per cent) jobs above the pre-recession peak reached in September 2008.
- ◆ The unemployment rate was 7.9 per cent in July, well below the recessionary high of 9.4% reached in June 2009.

RETAIL SALES

- ◆ Over the first five months of 2012, Ontario retail sales were up 3.3 per cent compared to the same period a year earlier.

INFLATION

- ◆ The Ontario Consumer Price Index (CPI) rose 1.5 per cent (year-over-year) in the second quarter of 2012, the slowest rate of growth since the fourth quarter of 2009. Lower energy prices were the driving force behind the slower overall price increase for the quarter.

HOUSING MARKET

- ◆ Ontario home resales declined by 1.9 per cent in the second quarter, following three consecutive quarterly increases. On a year-to-date basis, Ontario home resales were up 4.9 per cent, compared with the first six months of 2011.
- ◆ Ontario housing starts increased 3.5 per cent in the second quarter, following a strong 18.3 per cent gain in the previous quarter. On a year-to-date basis, Ontario housing starts were up 17.8 per cent compared to the first seven months of 2011.

MANUFACTURING SALES AND INTERNATIONAL EXPORTS

- ◆ Over the first five months of 2012, Ontario manufacturing sales were up 8.1 per cent compared to the same period in 2011.
- ◆ In the second quarter of 2012, the value of Ontario international goods exports (on a customs basis) increased 2.2 per cent, while imports edged down 0.2 per cent¹. Over the first half of 2012, Ontario international merchandise exports were up 9.1 per cent, compared to the same period a year earlier.

¹ Seasonally adjusted by the Ontario Ministry of Finance.

¹ Reflects the 2011–12 interim projection and 2012–13 Budget plan as outlined in the April 25, 2012 fiscal update.

² Sales Tax includes Retail Sales Tax (RST) and Harmonized Sales Tax (HST). The RST was replaced with a value-added tax and combined with the federal Goods and Services Tax (GST) to create a federally administered HST. Sales Tax revenue is net of the Ontario Sales Tax Credit and the energy component of the Ontario Energy and Property Tax Credit.

³ Education Property Tax revenue is net of the property tax credit component of the Ontario Energy and Property Tax Credit and the Ontario Senior Homeowners' Property Tax Grant.

⁴ Miscellaneous Other Non-Tax Revenue in 2011–12 is higher than other years due to one-time revenues including Chrysler's repayment of an Ontario loan and higher-than-usual recoveries of prior-year expenditures from government ministries.

Note: Numbers may not add due to rounding.

¹ Investment in Capital Assets includes interest capitalized during construction of tangible capital assets of \$248 million.

² Mainly consists of transfers for capital purposes to municipalities and universities, and expenditures for capital repairs.

³ Other Transportation includes highway planning activities, property acquisition, highway service centres and other infrastructure programs (e.g., municipal/local roads, remote airports).

⁴ Includes a one-time adjustment of \$248 million in 2011–12 related to last year's capital grants that is fully offset by revenue recovery from the school board sector.

⁵ Third-party contributions to capital investment in the consolidated schools, colleges, hospitals and provincial agencies.

⁶ Mostly federal government transfers for capital investments.

⁷ Total Provincial Infrastructure Expenditure includes Investment in Capital Assets of \$10.5 billion for 2011–12.

Note: Numbers may not add due to rounding.

¹ Reflects the 2011–12 interim projection and 2012–13 Budget plan as outlined in the April 25, 2012 fiscal update.

Note: Numbers may not add due to rounding.

BORROWING PROGRAM STATUS (AS AT JUNE 30, 2012)

(\$ Billions)

	Completed	Remaining	Total
Province	11.4	21.4	32.8
Ontario Electricity Financial Corporation	0.7	1.4	2.1
TOTAL	12.1	22.8	34.9

Note: Numbers may not add due to rounding.

- ♦ Long-Term Public Borrowing completed as at June 30, 2012, totalled \$12.1 billion as follows:

	(\$ Billions)
Ontario Savings Bonds	0.8
Domestic Issues	6.3
Global/ US Dollar/ Other Issues	5.0
	12.1

- ♦ As domestic investors have continued to show a preference for longer-term maturities, Ontario has been able to extend the term to maturity of its debt and take advantage of the sustained low interest rate environment.
